CLEANER, SAFER, BETTER TOGETHER

In today's world, businesses face increasing challenges when it comes to managing leaks, drips, and spills — challenges that can quickly escalate into costly problems. Adding to this are the ever-growing risks associated with extreme weather events and flooding, which have impacted many regions over the past few years.

At New Pig, we understand how important it is to stay ahead of these risks, and that's why we are proud to introduce our latest range of solutions designed to protect your business from water-related incidents. From flood fences and barriers to water-absorbent kits and more, we've got you covered.

This year is particularly special as our parent company celebrates its 40th anniversary, marking four decades of expertise and innovation in everything leaks, drips, and spills. We're incredibly proud of our heritage and the knowledge we bring to every solution we develop. But we know that true innovation comes from listening to the people who use our products every single day.

That's why we'd love to hear your thoughts on how we can better support your business in managing these challenges. Whether it's feedback on our current products or suggestions for new solutions, your insights help us continue evolving to meet your needs.

Please email us at info-uk@newpig.com, and let's work together to find even more effective ways to protect your business.

In the meantime, if you need more information about our products, have questions about regulatory compliance or chemical compatibility, or simply need advice on how PIG can help you work Cleaner, Safer and Better, please don't hesitate to visit us at newpig.co.uk or call our friendly team on 0800 919 900.

We're always happy to help.

COUNT ON PIG

CLEANER

Our comprehensive range of products, from absorbent mats to spill containment and everything in-between, includes more than **250** products that are manufactured using up to 100% recycled content. Look for these icons indicating recycled content throughout this Pigalog.

Percentage of Recycled Content

Varied Recycled Content

SAFER

For over **30** years New Pig has been providing the high-quality products you need to help protect employees, customers and the environment from your leak and spill problems.

So whether you're keeping walkways dry to reduce slips and falls, absorbing a 98% sulfuric acid spill or handling an oily leak, we have over **1,200** products to help you tackle these problems (and more) safely.

BETTER

With over **50** patented products to choose from, you can always rely on New Pig for top quality leak, drip, and spill solutions

We're committed to continuous innovation, offering free expert advice and providing first-class service to ensure the highest quality products and advice to better protect your workplace, employees and the environment.

Look out for all the icons on this page throughout this book.

PIG products combine top quality and top performance. They'll help you see what sets PIG apart from the rest at a glance.

A COMMITMENT TO QUALITY AND THE ENVIRONMENT

You'll find plenty of PIG Products to help you comply with ISO 14001 and promote continuous environmental improvements as identified in an Environmental Management System (EMS). Just look for the icon (above) throughout this Pigalog or phone our Technical Advice Team.

Like you, we are also committed to quality and continuous improvement! You can count on New Pig for exemplary service and environmental commitment as evidenced by our ISO 9001 and ISO 14001 certifications.

ABSORBENTS

Any liquid, any job, any workplace — soak it up with PIG.

TRUST YOUR MESS TO THE VERY BEST

PIG Absorbents — the best you can buy for the worst you've got.

If you work around liquids — leaks, drips, and spills are inevitable. That's where **PIG Absorbents** come in. With over **250 absorbent products** to choose from, including **patented and recycled** solutions, we've got what you need to clean up any mess you've got.

Select from our tried-and-trusted mats, socks and booms, pillows and pans, and loose absorbent products to tackle leaks, drips and spills with confidence — including oils, coolants, solvents, water, fuels, chemicals, and more.

Nothing tackles liquids quite like PIG Mat!

PIG Mat's multi-layered construction delivers the perfect combination of fine-fibre materials, thermal bonding, and multi-layered design. That all adds up to absorption, retention, and durability that just can't be beat.

Join industry professionals worldwide and choose **PIG Absorbent Mat** to keep your workplace cleaner, safer, and better prepared for when spills strike.

Leaks and spills — we have you surrounded

It's no secret — back in the '80s our **Original PIG Sock** launched the absorbent industry as we know it today. Since then, we've continued to innovate bringing you multiple sock and boom products to help contain leaks and stop spills from spreading both indoors and out.

Choose socks to surround machine bases, or tackle nasty liquids on water with our range of booms.

Extra absorbency for spill clean-ups

Sometimes spill response calls for added absorbency — that's where **PIG Pillows and Pans** come in!

These high-capacity absorbents are ideal for adding absorbency during spill response efforts or capturing steady leaks and drips around spigots, flanges, machinery, and pipes.

We even offer **Chemical-Resistant Skimmer Pillows** that float to absorb surface oil from tanks and are tough enough to handle acid baths and phosphate tanks!

Better than clay in every way

An economical addition to your modern spill response programme — **Loose Absorbents** offers a cost-effective way of cleaning up the remnants of a spill from those hard-to-reach cracks and crevices. We may have left the cat litter where it belongs, but our silica-free loose is lighter, more absorbent, and cleans up better than clay.

"The quality and engineering that go into our absorbents are second to none and we never stop looking for cleaner, safer, better ways to work."

UNIVERSAL ABSORBENTS

Perform everyday maintenance and clean up a wide range of spills.

What is **Universal**?

Also called Maintenance, Repair and Operations (MRO) absorbents, they soak up the widest range of liquids for everyday applications, including:

- Hydraulic oil
- Vegetable oil
- Fuel
- Diesel fuel
- Antifreeze
- Water-based solvents
- Propylene glycol
- Acetone
- Toluene & Xylene
- MEK (methyl ethyl ketone)
- Many other noncorrosive liquids

SOME SPILLS NEED MORE THAN A MAT

Tired of trying to remember which absorbent works for which liquid? Count on Universal.

PIG Universal Absorbents absorb the widest range of liquids for everyday applications, including oils, coolants, solvents, and water. We have a wide variety of Universal Absorbent products to meet all your spill clean-up needs.

PIG Universal Mat Pads & Rolls

PIG mats are strong and durable enough to last you twice as long as any other brand. Many of our Universal Mats are manufactured using recycled content and are made to work in any environment.

PIG High Traffic Mats

Soak up those leaks, drips, and spills with our roughest, toughest mats. Their upgraded features such as spunbond layers, zigzag stitching, and adhesive Grippy backing, for example, make them durable enough to handle anything from foot to forklift traffic.

PIG Specialty Mats

Our unique, patented and invented-here absorbent solutions offer you all the power of PIG Mat with added versatility. Additional features like our Hamouflage design, offer unique grime-hiding properties, while our multi-tasker 4 in 1 Mat offers four absorbent solutions in one.

PIG Universal Socks

PIG Universal Socks offer superior absorption and liquid containment. Use to surround leaks and spills, preventing liquids from spreading and reducing slip and fall hazards all while containing liquids for easier clean-up.

PIG Drip Pans & Pillows

PIG Pillows are highly absorbent — they offer a generous surface area to absorb large quantities of liquids, making them ideal for larger spill clean-ups. When nuisance drips are your problem, PIG Drip Pans offer a sturdy solution to catch and contain them to help keep floors clean, dry and safe.

PIG Universal Loose Absorbents

Better than clay in every way, PIG Universal Loose Absorbents offer fast-excellent spill absorption. The range also includes products that are manufactured using 100% post-consumer recycled cellulose waste.

PIG Essentials Universal Absorbents Range

PIG Essentials products are an economical choice for everyday use. These budget-friendly basics offer great value without sacrificing performance and are available in mats, rolls, socks and booms.

PIG MAT **TRIED. TESTED.** **TRUSTED.**

SOME MAT BRANDS CUT CORNERS TO SAVE COSTS. WE DON'T DO THAT.

It's great when a manufacturer can cut their costs, but not so great when it affects product performance. Going backwards in mat size, raw materials or production efficiencies might save pounds up front, but the finished product always suffers. That's what happens in some corners of the absorbents industry, but rest assured, it's not happening at New Pig.

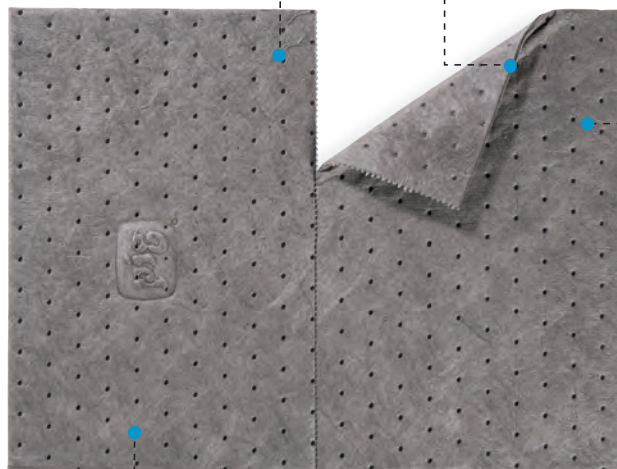

PIG MAT KEEPS IT REAL.

 **CONSISTENT PRODUCTION** avoids lumps, flecks and voids from lines that are run too fast

 **TRUE WEIGHT**; never overlofted to make stacks look thicker

 Our **MAT SIZE HASN'T CHANGED** in 15 years

 Always the **HIGHEST QUALITY** resins — no cheap substitutes or fillers

 Published specs like size, weight and absorbency are **REAL-WORLD ACCURATE**

LAB TESTED TO GIVE THE PERFECT BALANCE OF **DURABILITY, ABSORBENCY & RETENTION**

SEE PIG UNIVERSAL MATS ON PAGES 12-23 & 27-33 ►►

► **Lasts 2X longer**

Tougher than ordinary mats for fewer changeouts.

► **Strong layered construction**

Won't rip, tear or shred, even if soaked.

► **Highly absorbent**

Fine-fibre construction retains liquids.

► **Exclusive dimple pattern**

Quickly wicks liquid for faster, easier clean-up.

► **Easy-tear perforations**

Use only what you need, reduce waste.

Multiple layers of 100% polypropylene make PIG Universal Mat the toughest on the market.

NEED A UNIVERSAL MAT?

Let us help you choose the right one.

1. SELECT FOR POTENTIAL SPILL VOLUME

Lightweight See page 13

Designed to handle small leaks, drips and spills.

Mediumweight See page 14

An economical choice when you don't need maximum absorbency.

Heavyweight See pages 15-18

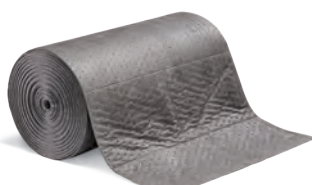

Absorb more liquid per pad for high-volume leaks and large spills.

2. SELECT MAT TYPE AND PACKAGING

Mat Pads

Mat pads are ideal for catching drips and soaking up spills.

Mat Rolls

Ideal for covering large areas and soaking up leaks and overspray.

Dispenser Box

Take, carry and store your mat whilst protecting it from dirt and moisture.

MAT204

pig Lightweight Universal Mats — Designed for small leaks, drips and spills.

- Multiple layers of **100% polypropylene** are thermally bonded to make PIG Mat the strongest mat on the market; it won't rip, tear or fray even when saturated
- Lightweight construction is **ideal for small tasks and cleanup**
- Absorbs **common industrial liquids**; oils, water, solvents, coolants and more
- **Dark grey colour hides grime** so mat stays on the job longer
- **Flame-resistant material** won't burn immediately like untreated cellulose mats; melts when exposed to high heat whilst on the job
- Contains **25% or more recycled content**

pig High Visibility Mat — Alert workers to slip hazards while cleaning up leaks.

- **High-visibility yellow colour** is easier to see in poorly lit areas to minimise tripping hazards; alerts workers to potential dangers and work in progress
- Multiple layers of 100% polypropylene are thermally bonded to make PIG Mat the **strongest mat on the market**; won't rip, tear or fray even when saturated
- **Highly absorbent**, fine-fibre construction won't leave liquids or fibre residue behind
- **Exclusive dimple pattern** speeds wicking of liquid throughout mat for faster, easier cleanup
- **Perforated pads and rolls** are easy to tear to size

SUPER SOAKER-UPPER

BLU102

Blue Mat — Our most absorbent mat easily handles high-volume liquids.

- **Max absorbency absorbs more** so you use less on big spills and high-volume leaks; absorbs **oils, coolants, solvents and water**
- **No leak zones!** Consistent construction produces a mat that's free of light spots to absorb liquid evenly for better wicking and retention
- **Stays together**, even when picking up or shifting a fully saturated mat
- **Ideal in situations** where green products are desired or required
- **Fire retardant for added safety**; flame tested in accordance with ASTM Standard E84-08
- Contains **75% recycled content**

Pig Blue soaks up high volumes of liquid from around machinery with ease.

A CLOSER LOOK

Superabsorbent core fuses natural and synthetic fibres to enhance absorbency, strength and loft.

Lofty inner core for superabsorbency.

Fused layers create strength and enhance absorbency.

MATE709

PIG® Essentials Plus Universal Mat Pads — Controls spills and overspray to help keep floors dry and safe.

- Top layer of low-lint spunbond fabric provides **extra strength and tear resistance**
- A layer of meltblown polypropylene creates high surface area that enables the mat to **quickly soak up liquids on contact**
- Mat **absorbs high volumes of liquid fast**; great for catching overspray or soaking up spills
- Bond points increase speed of absorbency and fuse layers of fibres together — mat **keeps its shape even when completely saturated**
- **Dispenser box** makes it easy to take, carry and store your mat whilst protecting it from dirt and moisture
- **Rolls** are ideal for covering large areas and soaking up leaks and overspray
- **Pads** are ideal for catching drips and soaking up spills

Wall-mount dispenser fits rolls up to 91cm wide and 51cm in diameter.

MAT293

PIG® Vertical Mat Roll Holder — Wheel your large PIG Mat Roll right to the spill.

- No-tip swivel wheel casters allow holder to **move freely in any direction**
- **Constructed of powder-coated, hot-rolled steel** with a comfortable handle
- **For use with any PIG Mat Roll** up to 91cm W x 51cm diameter; holds up to 41kg
- **8cm-high platform** is low enough for easy mat positioning

PIG® Vertical Mat Roll Holder

Item #	1-2	3+
GEN249 • For rolls up to 91cm W x 51cm Dia.	£172.50	£163.88

HIGH-TRAFFIC ABSORBENT MATS

Our roughest, toughest mats are built for traffic — from feet to forklifts!

Our original **PIG Mat** offers plenty of *oomph!* for messy jobs all around your workplace. That's why it's used in more workplaces than any other brand. But when leaks, drips and spills hit your aisles, walkways and other high-traffic areas, you need something more.

Our family of **High-Traffic Absorbent Mats** amplify durability — offering you all the power of **PIG Mat** and then some. Upgraded features like spunbond layers, zigzag stitching, heat fusion, needle punching or adhesive backing make these mats the toughest you can buy. They can take a daily barrage of wheels and work boots, and some are even tough enough to withstand forklift traffic.

NEED A HIGH TRAFFIC ABSORBENT MAT?

Let us help you choose the right one.

SELECT BASED ON TYPE OF TRAFFIC

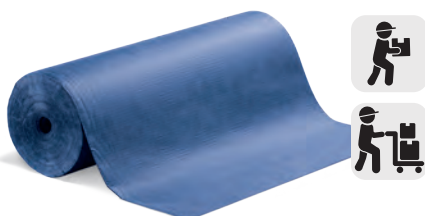

Foot Traffic

Light-Wheeled Traffic
(e.g. Pallet Trucks)

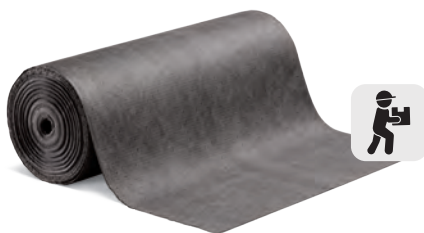

Heavy Traffic
(e.g. Forklifts)

PIG Grippy Adhesive-Backed Absorbent Mat

Spunbond top is zigzag stitched for extra strength. Great for foot traffic, trolleys and pallet trucks. Grippy adhesive backing won't budge.

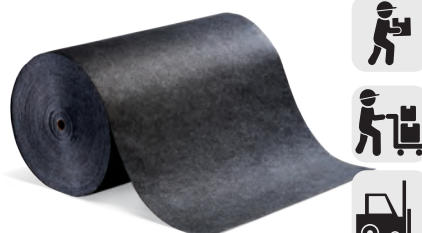

See page 27

PIG Elephant Mat

We took our classic PIG Mat and zigzag-stitched it for extra durability. This mat can take whatever your boots dish out.

See page 28

PIG Traffic Mat

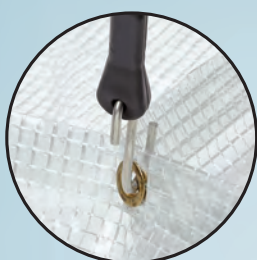

Our most durable absorbent mat! Keep floors dry, even in areas with forklift traffic.

See page 29

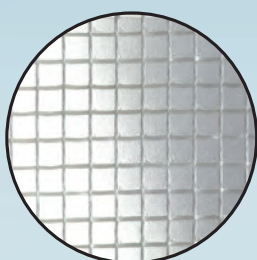

PIG LEAK DIVERTERS

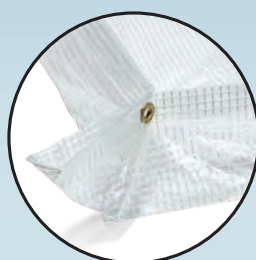

BETTER BY DESIGN

**EASIER, SECURE
HANGING**

**STRONGER
MATERIALS**

**BETTER SHAPE
FOR MAX FLOW**

**FASTER
DRAINING**

PIG Leak Diverters are engineered to outperform cheap tarp-and-hose contraptions.

SEE THE UK'S LARGEST RANGE OF LEAK DIVERTERS ON PAGES 168-181.

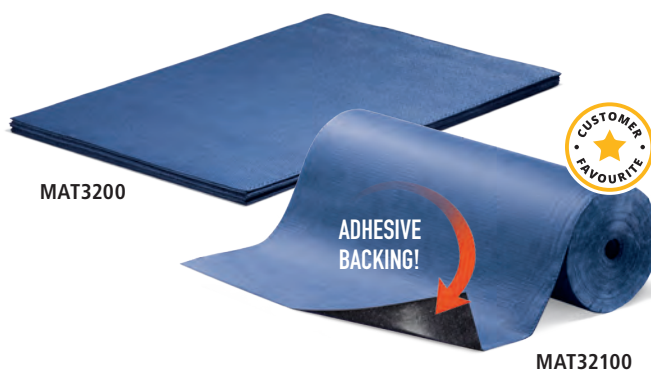

Line your counters for an absorbent surface that won't shift or slide.

Grippy Absorbent Mat — Our exclusive, adhesive-backed mat stays put to prevent slips, trips and falls.

- Adhesive-backed absorbent mat stays exactly where you put it with no shifting, bunching up or flipping over to **prevent slips, trips and falls in workstations and around machinery**
- Proprietary adhesive sticks to the floor with a super-tight grip, but **peels up easily for quick changeovers**; reduces cleanup time to make your facility more productive
- PIG Grippy Mat **will stick to most common commercial floor surfaces**, including: concrete, vinyl tile, ceramic and quarry tile
- Tough, spunbond top layer with **heavy-duty zigzag stitching** stands up to foot and light-wheeled traffic as well as heavy equipment driveovers; replace when mat becomes saturated or shows signs of wear or damage
- Layers of fine-fibre polypropylene **safely absorb leaks, drips and overspray of oils, coolants, solvents and water**
- Contains up to **25% recycled content**

Reduce slip and fall claims by as much as 90%!

Grippy Mat is tested and certified by the National Floor Safety Institute (NFSI) as a high-traction surface, which can reduce slip and fall claims by as much as 90% when used as part of a Floor Safety Program.

Please note: New Pig provides the warranties implied by law only in relation to New Pig Adhesive-Backed Mats. The customer must ensure that these products are suitable for use in their premises and on their flooring. Product lifespan dependent upon usage conditions and traffic patterns. Further details to relevant terms and conditions can be found on page 138.

**SEE OUR FEATURED GRIPPY SECTION
ON PAGES 119-138 ►►**

A CLOSER LOOK

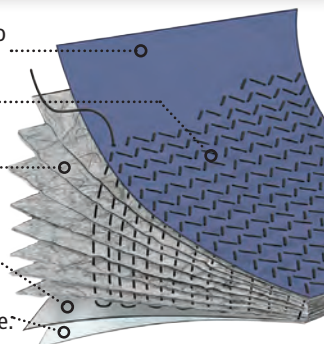

Spunbond top layer stands up to traffic; dark colour hides grime.

Zigzag stitching adds strength.

Layers of fine-fibre polypropylene absorb oils, coolants, solvents and water.

Poly backing stops liquid from passing through to floors.

Fully coated adhesive backing holds tight but leaves no residue.

PIG® Elephant Poly-Back Mat — Liquids won't reach floors thanks to poly-backed, zigzag-stitched mat.

- **Poly-backing (MAT270)** prevents absorbed liquids from reaching floors
- Mat has **greater wear resistance** so you replace it less often
- Highly absorbent multi-layered PIG Mat is zigzag stitched to offer **excellent walk-on durability**
- Designed specifically for **heavy foot traffic or moderate to light wheel traffic**; put the zigzag side up to extend product life
- **Exclusive dimple pattern** speeds wicking of liquid throughout mat for faster, easier cleanup
- **Highly absorbent, fine-fibre construction** won't leave liquids or fibre residue behind
- **Dark grey colour hides grime** so mat stays on the job longer
- Contains **25% or more recycled content**

PIG210

Super Absorbent Sock — Handle your high-volume leaks with our most absorbent sock.

- **Extra-thirsty, formable socks** hug corners and walls, surround higher-volume machine leaks and contain spills to keep workers safe
- Cellulose filler is **highly absorbent for big leaks and spills**; super absorbency means that you replace them less often
- **Stitch-bonded, polypropylene skin** resists bursting; reduces dust and holds in liquid, even when saturated
- **Absorbs and retains oils, coolants, solvents and water**; not recommended for acids, caustics or other corrosive liquids
- **Wringable** for reclaiming up to 65% of absorbed liquid
- Contains a mixture of **85% pre- and post-consumer recycled cellulose filler** — ideal when green products are desired

PIGE700

pig Essentials Universal Socks and Booms — Ideal for leaky machines and spill response.

- Easy and convenient to put into place; contain spills to **keep fluids from spreading** into larger areas and becoming slippery hazards
- Socks are ideal for **surrounding spilled fluids or wrapping around leaky machines**
- **Booms include durable, easy-to-use connectors** that provide a simple and efficient way to link Booms together and create a containment system big enough to handle almost any size spill
- **Polypropylene filler** is excellent for both absorbency and liquid retention
- Grey colour signifies Universal absorbency for easy visual identification when responding to spills of **non-aggressive liquids like oils, coolants, solvents and water**

PIG® Drip Pan — Low-profile pan traps leaks from drum taps, spigots and flanges.

- Low-profile drip pan fits underneath drum taps and other tight spaces; **wide base won't tip over** like unsturdy buckets
- Soft polypropylene cover **catches drips without splashing** and prevents polypropylene filler from spilling out
- Highly absorbent polypropylene filler **soaks up liquid on contact**
- Ideal for use **under leaking drum taps, spigots and flanges** to absorb nuisance drips; keeps your floors clean and safe
- Contains **98% pre-consumer recycled polypropylene filler**

PIG® Pans are packed with highly absorbent, recycled loose filler that holds up to 2.8L of liquid!

98% Pre-Consumer Recycled Polypropylene Filler

PIG® Absorbent Drip Pans

2410PP	27cm W x 27cm L x 8cm H	24	67.2L	£146.00	£138.70
2410PP-01	27cm W x 27cm L x 8cm H	12	33.6L	£82.00	£77.90

PIG® Essentials Universal Pillow — Absorb high-volume leaks and spills of oils, coolants, solvents or water.

- Pillows are **easy to place in hard-to-reach areas** — use under machines and leaky hydraulic hoses or wedge in corners cramped for space
- Pulls liquids from the floor like a sock, catches leaks like a pan, absorbs spills like a pad; versatile product that **works for many different jobs**
- Ideal for spill response; pillow's **large surface area speeds the absorption process** and shortens the overall response time

Polypropylene Filler

PIG® Essentials Universal Absorbent Pillows

Item #	Size	# Pillows	Abs. Up To	1-2	3+

PIG® Crysta-lite Absorbent Granules — Economical non-toxic loose absorbent.

- Can be used as an absorbent media in enclosed containers; **non-combustible**
- Remains granular, even when saturated; **stands up to heavy traffic** without releasing liquids
- **Particle size of 3.0mm to 6.0mm**
- Countless tiny air bubbles within granules create **ultra light weight**
- High surface area and **excellent absorption**
- **Chemically inert and non-toxic mineral product**; ideal for oil, water, hazardous chemicals, nuclear waste and more
- Non-toxic mineral product is **safe to handle** and use without any risk

P45-1

NOTE: Packaged by volume; seasonal variance can affect packaged weight.

PIG® FIRE-DRI — Organic, renewable and fireproof.

- Vegetable absorbent dried at high temperatures and processed to develop a **fireproof behaviour**
- Absorbs liquid spills, leaving clean, dry and safe surfaces, **free from oily sheen**
- Fire-retardant material is **capable of absorbing more than 3kg of oil per 1kg of product** — perfect for use in locations such as petrol stations, garages, airports and railway stations
- Natural, renewable resource absorbent has a **low environmental impact** since it can be eliminated by incineration
- **Non-abrasive, light-weight material** is ideal solution for logistics and haulage companies, service and cleaning companies, armed forces and emergency services

Fire Retardant
Softwood Fibre

PIG® FIRE-DRI

Item #	1-15	16-69	70+
PLPE270 • 1 - 6kg Bag • Absorbs up to 15L/bag	£10.50	£9.45	£8.93

NOTE: Packaged by volume; seasonal variance can affect packaged weight.

PIG GRIP-DRI — Quick-acting, non-flammable and chemically inert absorbent.

- Fast-acting universal absorbent is chemically inert, making it **compatible with almost any liquid**; soaks up oils, coolants, solvents, water, acids and caustics
- **Remains granular even when saturated** to provide excellent retention; **stands up to heavy traffic** without releasing liquids
- Fire-retardant product is **ideal for use with low flash point solvents and other flammables**
- Micro-granular formulation **absorbs 25% more** than regular moler absorbents
- Low-dust and easy to sweep away; **won't leave behind an oily sheen** or residue
- **Tested as per** UNI CEN/TS 15366:2010, MPA Typ III R and NF P 98-190

PIG Essentials Cellulose Fibre Loose Absorbent — Over 3X more absorbent than typical clay.

- Three times more absorbent means you'll use less material on the spill, **reducing your labour and disposal costs**
- European-sourced, post-consumer recycled cellulose is carefully blended, processed into pellets, and then crushed to create the **optimum bulk density for absorbent performance**
- Nonabrasive composition **won't harm finished floors or damage expensive machinery**
- **Lightweight absorbent** is easier than clay to carry and use without injury
- Lightweight 8kg bag is **easy to handle**
- **Environmentally conscious recycled material** reduces the amount of waste entering landfills
- Contains **100% post-consumer recycled cellulose waste**

PIG® Essentials Cellulose Fibre Loose Absorbent

PIG Absorb-&-Lock Water Strips & Pads.....	44
PIG Water Absorbent Socks	45
PIG Mildew-Resistant Absorbent Sock	45
PIG Water Absorbent Mats	46
PIG Water Absorbing Spill Kits	47
PIG Water Hogs	47

Keeps floors dry and safe with our range of water absorbents — perfect for condensation and wet weather clean-ups.

Stop water in its tracks before it leads to costly damages or injuries with our highly absorbent mat pads, socks, handy all-in-one kits and superabsorbent water spill pads and strips.

Designed specifically for water clean-up during wet weather, system failures and breakdowns overflows, spills, roof leaks and more. Our **Water Absorbent Mats** absorb a ton of water on contact so there are no pools or puddles to slip on.

PIG Water-Absorbing Socks also soak up large volumes of water on contact to stop water leaks, drips, spills and condensation before they become a floor safety hazard.

Absorb-&-Lock Absorbent Strips and Pads swell up and lock in high volumes of water on contact so it can't escape. They are perfect for around the base of equipment, appliances and machinery, underneath pipes, or in window wells and doorways.

They're low-profile even when saturated, so they stay out of the way as they work — catching and locking in water leaks, drips and condensation — so they're never a trip hazard like buckets or pans.

PIG Water-Absorbing Spill Kits are packed with tried and trusted PIG Water Absorbents for quick spill response — delivering the best retention of water-based leaks and spills.

PIG Water Hogs are designed to absorb only water and remove it from fuel tanks. Just drop them into the fuel-tank port to prevent lines from freezing and fuel from gelling.

IT'S ONLY WATER, UNTIL YOU'RE DROWNING IN PROBLEMS.

WEATHER-RELATED

PIG Water Absorbents can help you manage weather-related issues such as a leaky roof, wet entrance or rising water at the loading dock.

OPERATIONAL

Our specialised product line can also help you respond to operational problems, such as leaky pipes, toilet overflows or equipment condensation.

WTR002

PIG® Absorb-&Lock Water Strips — These low-profile absorbents swell up to pull in high volumes of water.

- **Super Absorbent Polymer (SAP)** filler swells on contact and expands and “locks” large volumes of water quickly; won’t leach or run out when you pick up or dispose, even when fully saturated
- **Ideal for overflows and leaks** at the base of equipment, machinery and appliances such as refrigeration units
- Strips (before water contact) are **low-profile** to fit tight spaces

Strips swell on contact with water to keep absorbing more.

PIG® Absorb-&Lock™ Water Absorbent Strips

Item #	Size	Units	Abs. Up To	1-2	3+
WTR001	13cm W x 152cm L	10/pkg.	37.8L/pkg.	£33.25	£31.59
✦ WTR002	13cm W x 3m L	10/pkg.	75.7L/pkg.	£65.00	£61.75
✦ WTR003	13cm W x 152cm L 13cm W x 3m L	50/each size	567.8L/pkg.	£465.00	£441.75

WTR004

PIG® Absorb-&Lock Water Pads — Deploy these super absorbent hi-vis pads to absorb high volume leaks and drips in problem areas.

- **Super Absorbent Polymer (SAP)** filler swells on contact and expands and “locks” large volumes of water quickly; won’t leach or run out when you pick up or dispose, even when fully saturated
- **Ideal for sewage and toilet backups** and overflows at the base of equipment, appliances and machinery
- **Expanded pads** prevent further leaks and drips from escaping

Pads swell on contact with water to keep absorbing more.

PIG® Absorb-&Lock™ Water Absorbent Pads

Specify Colour for WTR004: ■ Blue ■ Orange

Item #	Size	Units	Abs. Up To	1-2	3+
WTR004	36cm W x 36cm L	10/pkg.	53L/pkg.	£27.50	£26.13
✦ WTR017	37cm W x 99cm L (Orange Only)	10/pkg.	185.5L/pkg.	£95.00	£90.25

PIG® Absorb-&Lock Water Pad — Waterproof backing delivers an extra layer of protection to keep floors dry.

- **Super Absorbent Polymer (SAP)** filler swells on contact and expands and “locks” large volumes of water quickly; won’t leach or run out when you pick up or dispose, even when fully saturated
- **Ideal for sewage and bathroom backups** and overflows and at the base of equipment, appliances and machinery

Pads swell on contact with water to keep absorbing more.

PIG® Absorb-&Lock™ Water Absorbent Pad with Waterproof Backing

Item #	Size	Units	Abs. Up To	1-2	3+
WTR005	27cm W x 37cm L	10/pkg.	41.6L/pkg.	£27.50	£26.13

PIG® Super Water-Absorbing Sock — Delivers the best retention of absorbed water-based leaks and spills.

- **Super Absorbent Polymer (SAP)** filler and spunbond skin pulls in large volumes of liquid on contact
- Fast-wicking sock **confines and contains pools and puddles** to prevent property damage and personal injuries
- Locks liquid inside, without leakage, for **faster, more economical liquid clean-up**
- **Ideal for use** with water-based, noncorrosive liquids
- Soaks up water from **windows, cracked foundations and seepage under doors**
- **Great for surrounding machines** during system breakdown; use around pipes, broken hoses, leaking hot water tanks or malfunctioning equipment
- **Soaks up excess washdown water** in food service and food processing areas

PIG® Super Water-Absorbing Sock

Item #	Size	Unit	Abs. Up To	1-2	3+
WTR018	8cm Dia. x 122cm L	40	265L/box	£106.00	£100.70
WTR020	8cm Dia. x 122cm L	20	132.5L/box	£57.50	£54.63

NOTE: Not recommended for acids, caustics or other aggressive liquids.

PIG® Mildew-Resistant Absorbent Sock — Clean up the mess, hang it out to dry and redeploy for more.

- Flexible socks **stop leaks, spills and condensation from spreading into walkways**; ideal for placement under freezers and coolers, surrounding equipment and stopping the spread of spills
- 100% polypropylene skin and filler **resist the growth of mildew** unlike cellulose absorbent socks
- Very effective and highly efficient for absorbing water. **Air dry and reuse up to 1-3 times**; squeeze water from sock and let sock air dry before reuse

PIG® Mildew-Resistant Absorbent Sock

Specify Colour: ■ Blue ■ Yellow

Item #	Size	# Socks	Abs. Up To	1-2	3+
PIG105	8cm Dia. x 122cm L	12	45.4L	£42.00	£39.90

NOTE: Not intended for use in direct sunlight.

Water Absorbent Mat — The ONE mat to stock for water clean up caused by wet weather, washdowns, ceiling leaks and more.

- Designed and engineered to **pull in large volumes of water on contact**; superfast wicking helps you quickly eliminate puddles to prevent damage and falls
- **Wring and re-use** during a single water clean-up for quicker, more economical spill response
- Tough, spunbond top layer holds mat together when it's fully saturated, so it **won't rip or fall apart** when you pick it up
- **Easy-tear perforations** let you take only what you need
- **Cleaner method** than dirty mops, rags and towels
- Contains **60% pre-consumer recycled cellulose**

Water Absorbent Mats

Patent 8,182,927

PIG® Water-Absorbing Spill Kits — Clean up flood water and heavy rain with ease.

- Help **protect your assets and inventory** from costly water damage; keep floors dry and safe to eliminate slips and falls
- Kits are packed with the **best absorbents for soaking up water** — use Super Water-Absorbing Socks for blocking and diverting, and Water Absorbent Mat Pads for big leaks and puddles; KIT917 also includes Absorbent Pillows for larger volumes
- **Wring and re-use** PIG Water Absorbent Mat Pads during a single water spill cleanup, then dispose
- **Compact kit with zipper closure** (KIT914) takes up little storage space; kits come in transparent bags to check supply levels at a glance
- **Kits contain recycled content**; PIG Water Absorbent Mat Pads (WTR006) contain up to **60% pre-consumer recycled cellulose**; KIT917 also includes PIG Absorbent Pillows (PIL201, PIL204) that **contain a mixture of 85% pre- and post-consumer recycled cellulose filler**

Transparent, compact bag is easy to quickly transport directly to intruding water.

PIG® Water-Absorbing Spill Kit in See-Thru Bag

Item #	Size	Abs. Up To	1-2	3+
KIT914	17cm W x 39cm L x 45cm H	28.4 L/kit	£36.75	£34.91

Contents • 3 Socks • 10 Mat Pads

NOTE: Not recommended for acids, caustics or other aggressive liquids.

PIG® Water-Absorbing Spill Kit

Item #	Size	Abs. Up To	1-2	3+
KIT917	41cm W x 57cm L x 56cm H	92.7 L/kit	£89.25	£84.79

Contents • 8 Socks • 25 Mat Pads • 4 Pillows

NOTE: Not recommended for acids, caustics or other aggressive liquids.

PIG® Water Hog — Absorb only water and remove it from your fuel tanks.

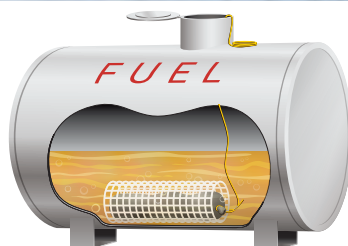

- Removes water from fuel tanks; **absorbs water but not fuel**
- **Prevents frozen fuel lines and gelled fuel**
- **Combats rust, algae and filter blockage** to prevent premature engine wear and potential failure
- **Heavy-duty rip-stop cotton skin with unbreakable plastic casing** ensures snag-free use in closed tanks and ports
- **Attached string** allows easy deployment and retrieval

PIG® Water Hogs

Item #	Size	Abs. Up To	1-2	3+
WTR200	Ext. Dia. 2.5cm x 23cm L	83mL	£24.50	£23.28
WTR201	Ext. Dia. 3.8cm x 28cm L	213mL	£29.50	£28.03
WTR202	Ext. Dia. 5cm x 28cm L	402mL	£31.00	£29.45
WTR203	Ext. Dia. 8.3cm x 27cm L	778mL	£48.50	£46.08

Drop in a Water Hog, let it work, and pull it out with the attached line to keep fuel lines water-free.

OIL-ONLY ABSORBENTS

Soak up oily leaks and spills without wasting absorbency on water.

What is **Oil-Only**?

Oil-only absorbents are water-repellent. They should be your first choice for any application — indoors or out — where you need to soak up oil but don't want to waste absorbency on water. Use for any oil- or hydrocarbon-based liquids including:

- Motor oil
- Petrol
- Kerosene
- Vegetable oil
- Hydraulic oil
- Diesel fuel
- Vehicle fluids
- Oil-based solvents

FOR OIL-BASED LIQUIDS BUT NOT WATER

OIL'S IN. WATER'S OUT.

Oil and fuel spills can be a nightmare to clean up — whether they happen on land or water.

Because our range of oil-only absorbents are **water-repellent**, you don't waste absorbency in the rain or on water-borne spills. They won't sink, even when saturated, when deployed on water, and raindrops bounce right off for easy, effective outdoor clean-ups on land.

Indoors or out, you know **you can rely on PIG Oil-Only Absorbents to only clean-up oil-based liquids** — maximising efficiencies and reducing your costs.

If all you need to clean up is oil or oil-based liquids, **Oil-Only Absorbent Pads** are exactly what you need. Because they only absorb oil and repel water, you save money and never waste absorbency. It also makes them great for skimming applications on water. They're ideal for transformer oil, vehicle fluids, grease, petroleum, oil-based solvents and more.

EXPERT ADVICE

Frequently asked questions:

Q: Can I use oil-only mats to filter oil out of water?

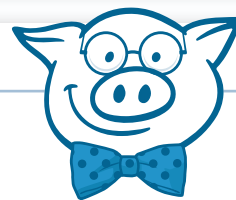

A: No. Oil-only mats will remove free-floating oil-based liquids from the surface of water or in the rain, but they won't filter oil out of water or demulsify an oil/water solution. For oil filtration products, see pages 68-69.

Q: Are the mats safe to use around aviation fuel and other flammable liquids?

A: PIG Stat-Mat Pads and Rolls (see page 58-59) are specially treated to reduce the risk of electrostatic discharge when working with flammables and consistently dissipate static per the ANSI and MIL spec standards for static decay and surface resistivity, making them perfect for fueling areas and solvent clean-up.

Q: What is the difference between socks and booms?

A: Use a sock for small oil-based spills or maintenance applications to control leaks and drips without absorbing water. Use a boom to surround, absorb and control large-volume oil-based spills on land or water.

OIL-ONLY MATS

► Lasts 2X longer

Tougher than ordinary mats for fewer changeouts.

► Strong layered construction

Won't rip, tear or shred, even if soaked.

► Highly absorbent

Fine-fibre construction retains liquids.

► Exclusive dimple pattern

Quickly wicks liquid for faster, easier clean-up.

► Easy-tear perforations

Use only what you need, reduce waste.

Multiple layers of 100% polypropylene make PIG Oil-Only Mat the toughest on the market.

NEED AN OIL-ONLY MAT?

Let us help you choose the right one.

1. SELECT FOR POTENTIAL SPILL VOLUME

Lightweight See page 51

Designed to handle small leaks, drips and spills.

Mediumweight See page 52

An economical choice when you don't need maximum absorbency.

Heavyweight See pages 53-54

Absorb more liquid per pad for high-volume leaks and large spills.

2. SELECT MAT TYPE AND PACKAGING

Mat Pads

Mat pads are ideal for catching drips and soaking up spills.

Mat Rolls

Ideal for covering large areas and soaking up leaks and overspray.

Dispenser Box

Take, carry and store your mat whilst protecting it from dirt and moisture.

MAT423

PIG Lightweight Oil-Only Mats — Suited for small leaks, drips and spills.

- **Multiple layers of 100% polypropylene** are thermally bonded to make PIG Mat the strongest mat on the market; it won't rip, tear or fray even when saturated
- Lightweight construction is **ideal for small tasks and clean-ups**
- **Absorbs and retains oils and oil-based liquids** — including lubricants and fuels — without taking in a drop of water
- Bright white colour makes absorbed oil easier to see; **clearly shows saturation level during spill response**
- **Flame-resistant material** won't burn immediately like untreated cellulose mats; melts when exposed to high heat whilst on the job
- **Can be wrung out and incinerated after use** to reduce waste or for fuels blending
- **Floats on water** to clean up spills

Mediumweight Oil-Only Mats — Versatile for general, everyday tasks.

- **An economical choice** when you don't need maximum absorbency
- **Multiple layers of 100% polypropylene** are thermally bonded to make PIG Mat the strongest mat on the market; it won't rip, tear or fray even when saturated
- **Absorbs and retains oils and oil-based liquids** — including lubricants and fuels — without taking in a drop of water
- Bright white colour makes absorbed oil easier to see; **clearly shows saturation level during spill response**
- **Floats** to clean up spills on water
- **Flame-resistant material won't burn immediately** like untreated cellulose mats; melts when exposed to high heat whilst on the job
- **Can be wrung out and incinerated after use** to reduce waste or for fuels blending

MAT2240

PIG® Absorbent Mat Combo in Dispenser Box — Two of our top mats are now in one box so you can be ready for any spill.

- With two types of Mats in one package, you can **absorb any liquid!** Choose **Universal** for oil, coolants, solvents and water, or **Oil-Only** for petroleum-based liquids
- **Exclusive dimple pattern** speeds wicking of liquid throughout mat for faster, easier cleanup
- **Double-sided dispenser box** makes it easy to take, carry and store your mat whilst protecting it from dirt and moisture

PIG® Universal Mat

- **Absorbs common industrial liquids;** oils, water, solvents, coolants and more
- **Dark grey colour** hides grime so mat stays on the job longer
- Contains **25% recycled content**

PIG® Oil-Only Mat

- **Absorbs and retains oil-based liquids** — including lubricants — without taking in a drop of water
- Bright white colour **makes absorbed oil easier to see**

PIG® Absorbent Mat Combo in Dispenser Box

Item #	Weight	Size	# Pads	Abs. Up To	1-2	3+
MAT2240	Heavy	38cm W x 51cm L	100	83.6L/box	£101.00	£95.95

MAT2241	Heavy	38cm W x 51cm L	50	41.8L/bag	£54.75	£52.01
MAT2241 Contents • 25 Universal Mat Pads • 25 Oil-Only Mat Pads						

PIG® Rip-&-Fit Oil-Only Mat — Create a custom size to fit your workspace and reduce waste.

- **Extra perforations** allow you to easily “rip” this PIG Mat and “fit” it to your application without cutting; reduced usage means a decrease in disposal that helps with ISO 14001 guidelines
- **Multi-layered construction** is the strongest on the market!
- **Bright white colour** makes absorbed oil easier to see; draws attention to machine leaks and clearly shows saturation level during spill response
- **Exclusive dimple pattern** speeds wicking of liquid throughout mat for faster, easier cleanup
- **Highly absorbent, fine-fibre construction** won't leave behind liquids or fibre residue

MAT442

PIG® Rip-&-Fit® Oil-Only Absorbent Mat Roll

Item #	Weight	Size	# Rolls	Abs. Up To	1-2	3+
MAT442	Heavy	38cm W x 18m L	1	29.7L	£45.75	£43.46

Easily tear at perforations and fit mat to your application without cutting.

Oil-Only Fat Mat — Double-thick, so it absorbs more, lasts longer.

- Extremeweight Fat Mat construction is ideal for jobs that require **long life and high capacity**
- **Twice as many layers** as original PIG Mat; 100% polypropylene is thermally bonded to form one super-absorbent mat capable of drinking up huge volumes of liquid
- Tough, spunbond top layer **stands up to heavy foot traffic**; won't rip, tear, fray or create a trip hazard, even when saturated
- **Fast-wicking action** transfers liquids into the absorbent inner layers to keep moisture away from surface
- Absorbs and retains **fuels and oil-based liquids** — including lubricants and fuels — without taking in a drop of water
- Perforations let you **take only what you need**; white colour makes it **easy to see** how much capacity the mat has remaining
- **Flame-resistant material** won't burn immediately like untreated cellulose mats; melts when exposed to high heat whilst on the job

A CLOSER LOOK

Spunbond polypropylene top layer adds walk-on durability.

Twice as many layers of meltblown polypropylene as original PIG Mat for extreme absorbency.

IT ONLY TAKES ONE SPARK!

You can follow guidelines, comply with regulations, bond and ground every tank, fuel pump and container, but one simple fact remains: static electricity hides in plain sight and all it takes is one spark for disaster to strike — especially when there's a spill.

Refueling and liquid transfers create spills, so it makes sense to use absorbents in these areas to conform with environmental standards. The problem with conventional oil absorbents is that they're made from polypropylene — a plastic — and naturally carry a static charge. Independent testing shows that these absorbents can carry a charge large enough to spark an explosion just by pulling one out of the bag. That's why using conventional oil absorbents around flammable liquids puts people in real danger.

The only way to be sure an absorbent is safe to use around flammables is to use one designed specially for static decay and surface resistivity, like PIG Static Dissipative pads and rolls!

There also is a significant potential for shipping and handling to cause friction between the plastic bag and the absorbents inside — resulting in static charging. PIG Stat-Mat is packaged in bright pink, static-dissipative plastic that is similar to the packaging used to protect microconductors and electronics from static.

MATE814

PIG Essentials Plus Oil-Only Mat — Bonded Mat controls spills and overspray in any indoor or outdoor application.

- Top layer of low-lint spunbond fabric provides **extra strength and tear resistance**
- A layer of meltblown polypropylene creates high surface area that enables the mat to **quickly soak up liquids on contact**
- Mat **absorbs high volumes of liquid fast**; great for catching overspray or soaking up spills
- Bond points increase speed of absorbency and fuse layers of fibres together — **mat keeps its shape** even when completely saturated

Low-lint spunbond top layer is tear-resistant.

High loft meltblown layer helps to soak up liquid quickly.

MATE805

PIG Essentials Oil-Only Mat — Meltblown Mat offers effective clean-up of high-volume oil spills on land or water.

- High loft meltblown design increases surface area on spill; mat starts wicking on contact to **save time in critical situations**
- Provides **quick, efficient clean-up** to help protect the environment from contamination
- Meltblown polypropylene fibres are **naturally hydrophobic** and repel water (and float) while only absorbing oils and other hydrocarbons
- Fibres are randomly assembled to create a lofty mat that **absorbs high volumes of liquid fast**
- **Works on land or water**; floats when fully saturated

SKM602

SKM600

Sheen Clean Oil-Only Absorbent Socks and Pillows — Cleans up thin, oily residue floating on water that other absorbents leave behind.

- Proprietary filler blends high-capacity recycled cellulose with a copolymer that **pulls in thin, "rainbow" sheens of oil**
- Ideal for **long-term deployment** to remove sheen from oil spills or absorb residue in retention ponds, catch basins, tanks and more
- Polypropylene skin **resists tearing**; reduces dust and holds in liquid, even when saturated
- **Attached string** for tying socks down, together or dipping into tanks
- **Absorbs and retains fuels** and oil-based liquids — including lubricants and fuels — without taking in a drop of water
- Spunbond polypropylene skin is **UV resistant** up to 12 months; meets ANSI and MIL spec standards for static decay
- Contains **90% post-consumer recycled cellulose waste**

Oil-Only Absorbent Sock — A full year of UV resistance makes PIG the best outdoor sock you can buy.

- **Mouldable socks** hug corners and surround machine bases to absorb leaks, contain puddles and keep workers safe
- Cellulose filler is hydrophobic — **absorbs oils and oil-based liquids but not water** — in a variety of environments
- Polypropylene skin **resists tearing**; reduces dust and holds in liquid, even when saturated
- Ideal for use **on land**, but also floats to clean up oil spills **on water**
- **Attached string** conveniently allows socks to be tied down, tied together or dipped in noncorrosive wash baths
- Spunbond polypropylene skin is **UV resistant** up to 12 months; meets ANSI and MIL spec standards for static decay
- Contains a **95% mixture of pre- and post-consumer recycled cellulose**

CONTAIN & DIVERT OIL SPILLS WITH OUR NON-ABSORBENT BOOMS, SEE PAGE 157 ►►

OIL SPILL ON WATER? NO PROBLEM! PUT PIG OIL-ONLY BOOMS TO WORK.

Surround spill with booms. They begin to absorb oil (not water) as soon as they're in place.

As oil is absorbed, the boom sinks in the water. Oil is now exposed to fresh absorbent.

When completely saturated, the boom will "bob" just below the water's surface.

pig Skimmer Oil-Only Absorbent Pillows — When you need more than a mat, our high-capacity pillows keep drinking oil.

- Pillow has **large surface area**, high capacity and **fast-wicking filler** to quickly soak up oils; resists tearing, reduces dust and holds in liquid, even when saturated
- Tough, chemical-resistant polypropylene skin and filler absorb oils but **repel water-based liquids**
- Spunbond polypropylene skin is **UV resistant** up to 12 months; meets ANSI and MIL spec standards for static decay
- Contains **98% pre-consumer recycled polypropylene filler**

pig Essentials Oil-Only Pillows — Use to absorb high-volume leaks and spills of oil and other petroleum-based liquids on land or water.

- **Pulls liquids** from the floor like a sock, **catches leaks** like a pan, **absorbs spills** like a pad
- Ideal for spill response; pillow's large surface area speeds the absorption process and **shortens the overall response time**
- Pillows are **easy to place in hard-to-reach areas** — use under machines and leaky hydraulic hoses or wedge in corners cramped for space
- **White colour** makes it easy to see when it's fully saturated — you save money by not throwing it away too soon
- **Works on land or water**; floats when fully saturated

PILE805

PIG® Essentials Oil-Only Absorbent Pillows

Item #	Size	# Pillows	Abs. Up To	1-2	3+
PILE805	30cm W x 30cm L	24	69.6L	£66.00	£62.70
PILE806	46cm W x 46cm L	10	87L	£71.00	£67.45

PIG® Oil-Only Lite-Dri Loose Absorbent

— Lighter than clay plus it absorbs 3X more oil.

- **Recycled cellulose** repels water while absorbing only oil-based liquids
- **Works instantly** on contact with liquid
- **Ideal for outdoor oil spills on land;** floats to clean up spills on water
- Contains a mixture of **100% pre- and post-consumer recycled cellulose**

PIG® Oil-Only Lite-Dri® Loose Absorbent

Item #	1-15	16-53	54+
★PLP410 • 1 - 10kg Bag • Absorbs up to 30L/bag	£31.00	£27.90	£26.35

PIG® Peat Absorbent

— Our best loose absorbent for cleaning up oil that was spilled on soil.

- Super absorbent non-leaching **activated sphagnum peat moss** absorbs up to 30 litres of oil per bag
- Just throw on a spill and sweep it up; used indoors, it even **removes the oily sheen from your floor**
- **Non-abrasive composition** will not harm floors or expensive machinery

PIG® Peat Absorbent

Item #	1-15	16-39	40+
PLP404 • 1 - 5kg Bag • Absorbs up to 30L/bag	£23.00	£20.70	£19.55

NOTE: Not recommended for oil spills on water.

GET SCOOPS AND SHOVELS! SEE PAGE 266 ►►

PIG® Pour-Through Oily Water Filter — Separate free-floating oils from water.

- Just pour liquid into the filter and **filtered water flows out of drain**
- Drum filter handles **up to 30 litres of liquid per minute**
- **Outflow pipe allows hose connection** for easy draining of filtered water
- Absorbents are **replaceable and easy to change** when saturated
- Durable polyethylene drum **won't rust or corrode**

FLT525
Replace the used absorbents in your Oily Water Filter with this Refill. Contains six pillows and one plastic liquid funnel.

PIG® Pour-Through Oily Water Filter

Item #	1-2	3+
FLT521 • Absorbs up to 125L • 61cm Dia. x 99cm H	£391.00	£371.45
FLT525 • Refill • Absorbs up to 125L	£197.25	£187.39

FLT525 & FLT521 Contents • 6 Pillows • 1 Polyethylene Diffuser Funnel

NOTE: Liquid should always be checked before discharge into the environment.

Ultra X-Tex Mat — Absorb oil-based liquids with this geo-textile and filter medium.

- **Allows water to pass through** whilst absorbing hydrocarbons, including petroleum, animal and vegetable oils
- When used as a filter medium water passes freely, whilst **absorption of target hydrocarbons begins on contact**
- **Absorbs up to 20 times its own weight** of hydrocarbons
- **Protect enormous surface areas** from oil-based liquids
- Contains **50% post-consumer recycled synthetic fibres**

Ultra X-Tex Mat

Item #	Weight	Size	# Rolls	Abs. Up To	1-2	3+
MATE4000	Heavy	152cm W x 15.2m L	1	197L	£245.00	£232.75

PipeSock — Control and contain oil and sediment during lower-volume dewatering.

- Simply secure PipeSock to 20cm diameter hose or pipe to remove hydrocarbons and sediment from water
- **X-Tex recycled fibres** provide high efficiency and excellent flow
- Ideal for **pumping out** containment areas, collection ponds, utility vaults and sumps
- Contains **100% post-consumer recycled synthetic fibres**
- ◆ **Helps you comply** with Environmental Regulations

PipeSock

Item #	1-2	3+
FLT564 • Fits pipes up to 20cm Dia. • 152cm L x 20cm Dia. • Abs. up to 3L	£83.50	£79.33

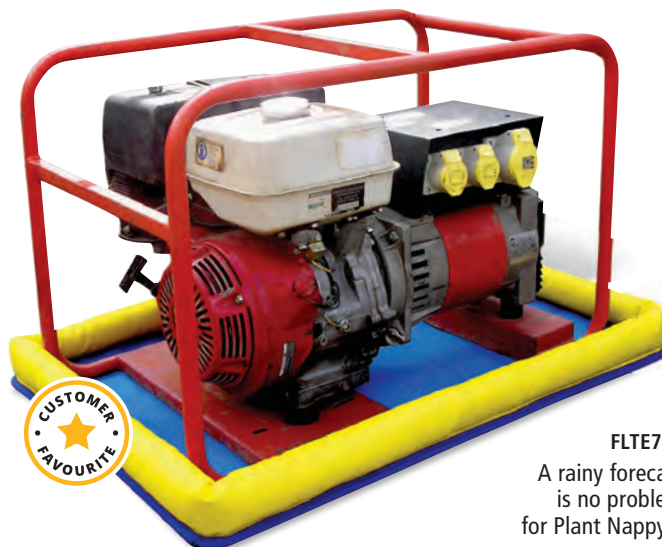

NOTE: Liquid should always be checked before discharging into the environment.

RFLE700
Plant Nappy® Liners
(sold separately)
can be added to
extend the usable life.

FLTE703
Ideal for windy conditions,
Plant Nappy® Anchoring Pegs
help to safely secure the Plant
Nappy into soft surfaces.

FLTE701
A rainy forecast
is no problem
for Plant Nappy®.

Plant Nappy — Catch oily leaks and spills from equipment whilst rainwater passes right through.

- Ideal for outdoor use in wet and rainy conditions; **contain spills on construction sites** or where machinery needs to be left outside
- Non-permeable base fabric is laminated with an oil soak filter and protected by a permeable top fabric to **allow free passage of contaminants**
- Permeable side wall contains filter fabric that **allows free passage of water but not oil**
- UV-resistant design **stands up to harsh weather conditions**

Plant Nappy®

Item #	1-2	3+
FLTE702 • 137cm W x 200cm L x 8cm H • Absorbs up to 18L	£329.00	£312.55
RFLE702 • Refill Liner for FLTE702 • Absorbs up to 18L	£115.00	£109.25

FLTE700 • 50cm W x 68.5cm L x 8cm H • Absorbs up to 2L	£83.00	£78.85
RFLE700 • Refill Liner for FLTE700 • Absorbs up to 2L	£16.50	£15.68

Plant Nappy® Anchoring Pegs

Item #	1-2	3+
FLTE703 • 19cm L • 4/pack	£5.50	£5.23

Frameless Storm Drain Filter — Catch basin insert protects drains and filters oil, sediment, debris and trash from stormwater.

- “**Witches hat**” is designed for better filtration, improved handling and all-around performance
- Frameless design is **ideal for small drains** of any shape, even shallow drains
- **Heavy-duty, hi-vis strap** allows easier handling and removal
- Four-stage filtration process **treats more water and removes more oil** than basic storm drain filters
- **Overflow ports** help prevent blockage during high water flow
- ◆ **Helps you comply** with Environmental Regulations

HAZMAT CHEMICAL ABSORBENTS

Specially treated to absorb most acids, caustics, corrosives and chemicals.

What is **HazMat**?

PIG HazMat Chemical Absorbents are specially treated to soak up spills without degrading or reacting to corrosive liquids including:

- Sulfuric acid
- Nitric acid
- Phosphoric acid
- Potassium hydroxide
- Hydrochloric acid
- Hydrofluoric acid
- Sodium hydroxide
- Hydrogen peroxide

FOR MOST ACIDS, CAUSTICS AND UNKNOWN FLUIDS

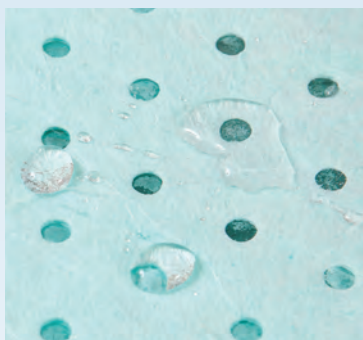

ACID SPILLS? THINK PINK!

PIG HazMat outperforms the competition:

OURS

Even 98% Sulfuric acid is completely absorbed.

THEIRS

Highly corrosive liquids just puddle on top.

Specially treated to absorb highly concentrated corrosives.

Only **PIG HazMat Chemical Absorbents** are built to handle the worst of the worst. Highly corrosive liquids like 98% sulfuric acid and 30% sodium hydroxide can cause inferior cellulose mats, socks and pillows to degrade or react.

PIG HazMat Chemical Absorbents provide the widest range of chemical resistance you can buy. They're all tough as nails — **PIG Absorbents** are specially treated to absorb high concentrations of chemicals. You get the same strength and durability that make **PIG** one of the world's most popular absorbent brands.

Highly corrosive liquids? **THINK PINK!**

PRODUCTS ON PAGES 76-77.**

EXPERT ADVICE

Frequently asked questions:

Q: Do they neutralise acids and caustics?

A: No. They help responders with clean up by quickly absorbing spills but don't neutralise (see our neutralising absorbents on page 75).

Q: Why do these cost more than universal sorbents?

A: Many universal sorbents on the market are made from cellulose or other materials that are unsuitable for corrosive liquids. PIG HazMat Chemical Absorbents are 100% polypropylene and specially treated to provide the widest range of chemical resistance.

Q: Why are high concentrations of acids or caustics slow to absorb?

A: The surface tension of highly concentrated acids and caustics slows absorption. Lightly misting the absorbent with water will help break the surface tension and allow it to be absorbed more quickly.

HAZMAT CHEMICAL MATS

► Lasts 2X longer

Tougher than ordinary mats for fewer changeouts.

► Strong layered construction

Won't rip, tear or shred, even if soaked.

► Highly absorbent

Fine-fibre construction retains liquids.

► Exclusive dimple pattern

Quickly wicks liquid for faster, easier clean-up.

► Easy-tear perforations

Use only what you need, reduce waste.

Multiple layers of 100% polypropylene make PIG HazMat the toughest on the market.

NEED A HAZMAT CHEMICAL MAT?

Let us help you choose the right one.

1. SELECT FOR POTENTIAL SPILL VOLUME

Lightweight [See page 73](#)

Designed to handle small leaks, drips and spills.

Heavyweight [See pages 74-75](#)

Absorb more liquid per pad for high-volume leaks and large spills.

2. SELECT MAT TYPE AND PACKAGING

Mat Pads

Mat pads are ideal for catching drips and soaking up spills.

Mat Rolls

Ideal for covering large areas and soaking up leaks and overspray.

Dispenser Box

Take, carry and store your mat whilst protecting it from dirt and moisture.

MAT325

Lightweight HazMat Chemical Absorbent Mats — Absorbs highly concentrated corrosives.

- Absorbs the widest range of acids, caustics and unknown liquids — even those with high concentrations like 98% sulfuric acid and 30% sodium hydroxide
- Lightweight construction is ideal for small tasks and clean-ups
- Chemical-resistant mat won't degrade or cause a dangerous reaction upon contact with corrosive spills
- Pink colour is easily distinguishable to assure workers use the correct mat during a spill emergency

MAT302

MAT325

MAT301

MAT309

MAT354

PIG® Rip-&-Fit® HazMat Chemical Rolls — Create a custom size to fit your workspace and reduce waste.

- **Extra perforations** allow you to easily “rip” this PIG Mat and “fit” it to your application without cutting; reduced usage means a decrease in disposal that helps with ISO 14001 guidelines
- No matter how you rip it, this mat features the proven **multi-layered, 100% polypropylene construction** of PIG Mat, the strongest mat on the market
- Perforated every **10cm across width and every 25cm across length**; “rip” the perfect sized mat, then “fit” it into place

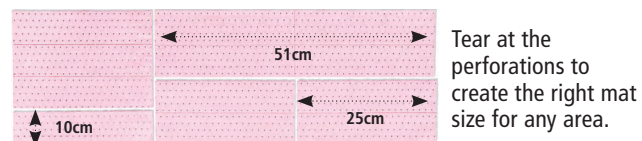

PIG® Rip-&-Fit® HazMat Chemical Absorbent Roll

Item #	Weight	Size	# Rolls	Abs. up to	1-2	3+
MAT343	Heavy	38cm W x 46m L	1	74.3L	£104.25	£99.04

PIG® Rip-&-Fit® HazMat Chemical Absorbent Roll in Dispenser Box

Item #	Weight	Size	# Rolls	Abs. up to	1-2	3+
MAT342	Heavy	38cm W x 18m L	1	29.7L	£59.50	£56.53

PIG® Encapsulating/Neutralising Mats — One step for safer acid or caustic clean-up.

- **Mats help encapsulate and neutralise** common acids or caustics in one step; gelling agents solidify liquids during neutralisation
- **Acid neutraliser** (MAT304) instantly absorbs up to 98% concentrations of sulfuric and other acids
- **Caustic neutraliser** (MAT353) instantly absorbs up to 50% potassium hydroxide & other caustics

PIG® Acid Encapsulating & Neutralising Mat

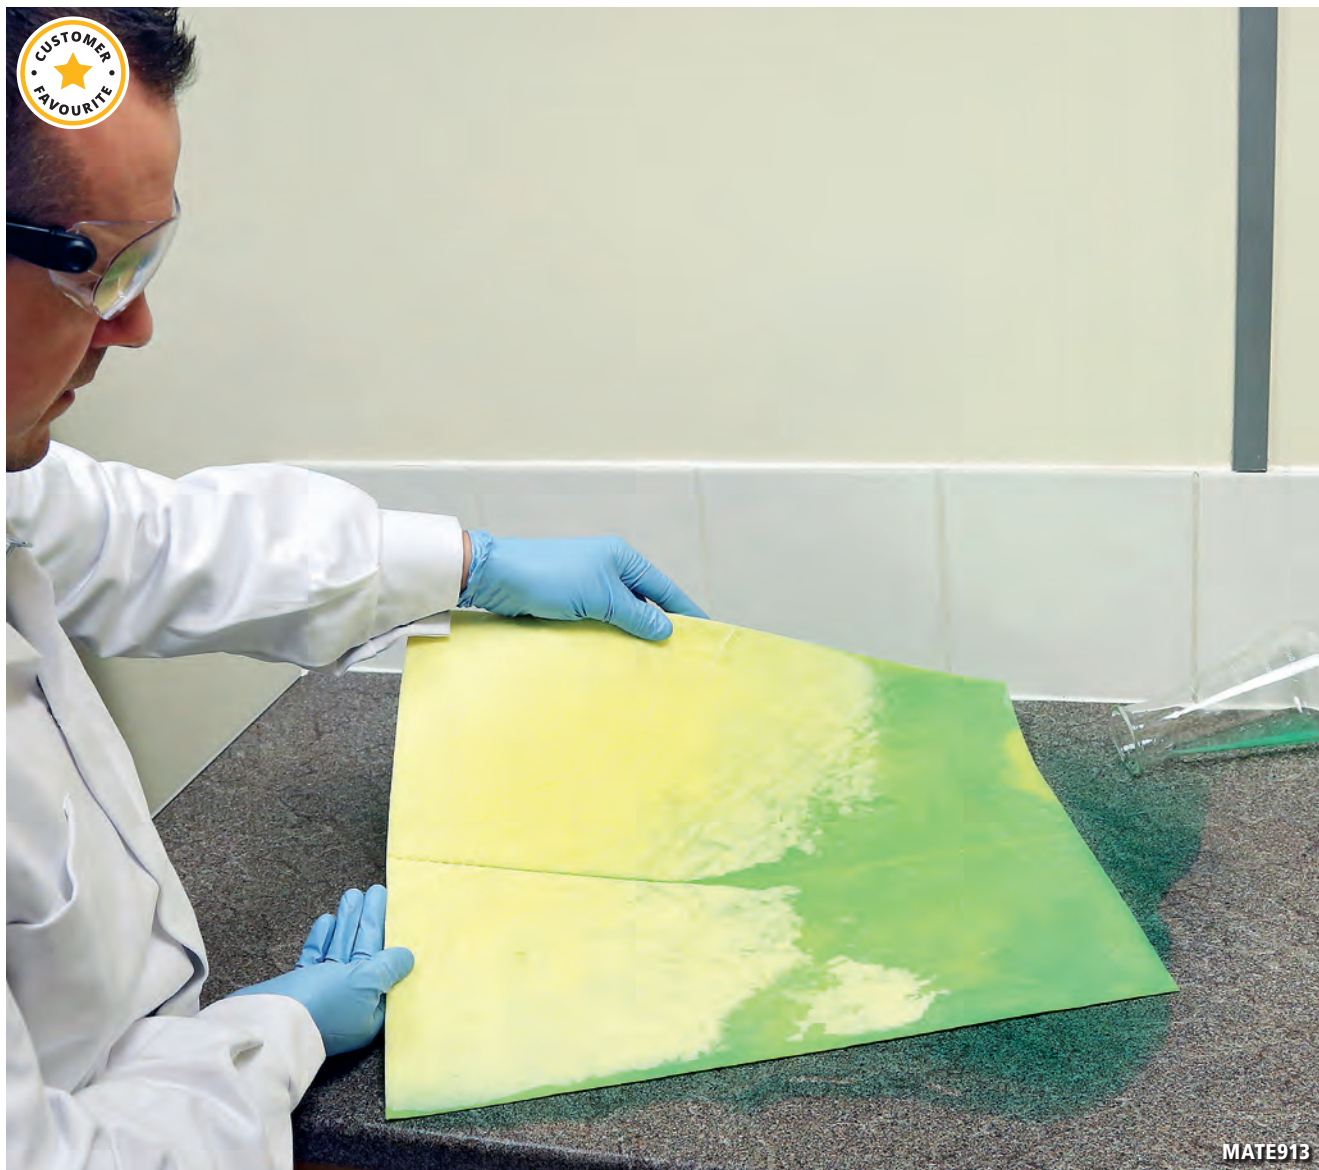

Item #	Size	# Pads	Abs. Up To	1-2	3+
MAT304	28cm W x 30cm L	25	2.4L	£69.75	£66.26

Notice: Not for use with hydrofluoric acid.

PIG® Caustic Encapsulating & Neutralising Mat

Item #	Size	# Pads	Abs. Up To	1-2	3+
MAT353	28cm W x 30cm L	25	2.4L	£69.75	£66.26

If you have any questions or need samples to test, please call Technical Services.

MATE913

PIG Essentials Chemical Mats — Absorbs high-volume spills of acids, caustics and unknown liquids.

- Meltblown mat **quickly absorbs most caustic, hazardous or unknown liquids** — including acids, caustics, solvents and chemicals
- High loft design increases surface area on spill; **mat starts wicking on contact** to save time in critical situations
- Provides **quick, efficient clean-up** to help protect the environment from contamination
- Fibres are randomly assembled to create a lofty mat that **absorbs high volumes of liquid fast**
- **Colour-coded yellow** for fast identification in an emergency spill situation
- Easy-tear perforations let you take only what you need so you **use less mat and save money**
- **Pads** are ideal for catching drips and soaking up spills
- **Rolls** are ideal for covering large areas and soaking up leaks and overspray

MATE910

MATE912

PIG® Essentials Chemical Absorbent Mat Pads **PIG**

Item #	Weight	Size	# Pads	Abs. Up To	1-2	3+

HazMat/Chemical Notice: To ensure effectiveness and your safety, we recommend that you conduct compatibility and absorption testing of your chemicals with PIG HazMat Chemical and PIG Essentials Chemical products prior to purchase. If you have any questions or need samples to test, please call Technical Services.

PIG Essentials Chemical Socks and Pillows — Soak up acids, caustics and unknown liquids fast.

- 100% polypropylene pillows **quickly absorb nearly any type of caustic, hazardous or unknown liquid** — including acids, caustics, solvents and chemicals
- **Colour-coded yellow outer skin** for fast identification in an emergency spill situation
- Polypropylene filler is **excellent for both absorbency and liquid retention**
- Stitched spunbond outer skin provides **extra durability**
- **Socks contain spills** to keep fluids from spreading into larger areas and becoming slippery hazards
- **Pillows are easy to place in hard-to-reach areas** — use under machines and leaky hoses or wedge in corners cramped for space
- Ideal for spill response; pillow's large surface area speeds the absorption process and **shortens the overall response time**
- **100% post-industrial recycled filler** is **environmentally conscious** by utilising materials otherwise destined for disposal

PIG® Essentials Chemical Absorbent Socks

CONTAIN AND ABSORB CHEMICAL SPILLS

HazMat Chemical Socks, Pillows and Dikes — Contain and absorb spreading spills of highly concentrated corrosives.

- Absorbs the **widest range of acids, caustics and unknown liquids**, even those with high concentrations like 98% sulfuric acid and 30% sodium hydroxide
- Chemical-resistant socks and dikes **won't degrade or cause a dangerous reaction** upon contact with corrosive spills
- Polypropylene skin **resists chemicals and tearing**; reduces dust and holds in liquid, even when saturated
- Polypropylene filler is **highly absorbent** for containing corrosive or reactive spills
- **Socks** (124CR and PIG301) are excellent for quickly diking and stopping the spread of **smaller chemical spills**; **dikes** (HA1010) are excellent for quickly diking and stopping the spread of **larger chemical spills**
- **Pink colour is easily distinguishable** to assure workers use the correct dike during a spill emergency
- **Can be incinerated** after use to reduce waste
- **Pillows won't degrade** or cause a dangerous reaction upon contact with corrosive spills
- Pillows have large surface area, high capacity and fast-wicking filler to quickly soak up liquids; **great for adding absorbency during spill response**

SPILL KITS

Be prepared for fast spill response.

WHEN SECONDS COUNT, DON'T THINK TWICE

Reach for PIG!

Spills are a serious business. With harmful consequences like slip-and-fall injuries, environmental contamination and fines, you can't risk a failed response with inferior absorbents or a clumsy container — choose **PIG Spill Kits** for peace of mind.

PIG Spill Kits are:

Packed with PIG Absorbents. **PIG Mats, Socks, Pillows** and **Loose** are the best you can buy — and you'll only find them in **PIG Spill Kits**.

Filled for fast response. You can count on our kits to be filled in the order you need the contents. Clean-up starts the second you open the lid — no digging required!

Offer a huge range of sizes and styles. From wheeled bins to grab-and-go bag kits and everything in between, you'll find a **PIG Spill Kit** that's perfect for your clean-up application and workplace.

■ UNIVERSAL

For oils, coolants, solvents and water.

Also called "MRO" absorbents, they soak up the widest range of liquids — oils, coolants, solvents and water.

■ WATER

For water, NOT oil-based liquids or unknown fluids.

PIG Water Absorbents are designed specifically to absorb water. They'll help you quickly clean up water from wet weather, condensation, pipe leaks and more.

■ OIL-ONLY

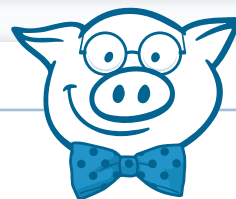

For fuels and oil-based liquids, NOT water.

PIG Oil-Only Absorbents repel water to clean up oil and fuel spills, even outdoors. Only PIG Kits include Stat-Mat, the best absorbent mat for flammable liquids, proven to dissipate static.

■ HAZMAT

For most acids, caustics and unknown fluids.

PIG HazMat Chemical Absorbents are specially treated to soak up high-concentration acids and caustics without degrading or reacting.

EXPERT ADVICE

Frequently asked questions:

Q: What size kit do I need?

A: Statistics show that most industrial spills are less than 190 litres. Placing kits in spill-prone locations throughout your facility can help you respond quickly and keep spills under control until they can be cleaned up.

Q: Why don't you put PPE in most of your spill kits?

A: Spill kits are used to absorb thousands of different liquids and a one-size-fits-all approach to PPE doesn't work. Instead, stock kits with your own PPE that's appropriate for your liquids and responders (see Gloves & Goggles on pages 108-109).

Need help making a selection? Call us!

Our Technical Advice Team is well versed in choosing Spill Kits and PPE. Further assistance is available before, during or after the sale at no cost. Simply contact us on 0800 919 900.

If you have any questions or need samples to test, please call Technical Services.

PAK880
Protect absorbents inside your Spill Caddy from UV weathering, dust, dirt and moisture with a durable cover.

PIG® Large Spill Caddy Protection Cover

Item #	1-2	3+
PAK880 • Yellow	£114.00	£108.30

PIG® Spill Kit in a 360-litre Overpack Drum — Strong enough to earn a UN Rating for shipping spill clean up waste.

- Absorbents are packed in protective baskets with lid for **long-term protection against UV degradation**; lift-out baskets provide easy, organised access to Socks, Booms, Mats and Pillows for quick spill response
- Overpack is **X-rated for Packing Groups I, II and III**, so it's certified for shipping waste by land, sea or rail after cleanup is finished
- Leak-proof, twist-on lid** is notched so you can easily remove or tighten it with a 2x4 or pole
- Universal Kit (KIT202-999)** includes PIG Mat Pads containing **25% or more recycled content** and PIG Absorbent Pillows that contain a mixture of **pre- and post-consumer recycled cellulose filler**
- Oil-Only Kit (KIT402)** includes PIG Absorbent Booms containing **98% pre-consumer recycled polypropylene filler**

LBL100 • Yellow • 100/pack • 5cm W x 15cm L		£26.25

PIG SPILL KITS AND PERSONAL PROTECTIVE EQUIPMENT

Since the wrong protection can be as dangerous as no protection, New Pig **does not include Personal Protective Equipment (PPE) in our Spill Kits**. Selecting the appropriate PPE requires understanding specific responder, compatibility and application needs, which cannot be done safely with a one-size-fits-all approach.

Size Matters

One size of protective suit, glove or other PPE won't fit every person. If too small, it may tear, split or burst. If too big, the suit or gloves will reduce dexterity and can catch or snag easily.

Compatibility Matters

One type of protective suit, glove or other PPE won't resist every chemical. For example, nitrile gloves have varying levels of resistance to common hydrocarbons such as diesel (>480 mins), petrol (>480 mins), mineral oil (untested), toluene (10 mins), acetone (1-5 mins) or MEK (none).

Check the SDS

Refer to the Safety Data Sheets (SDS) for the liquids you're working with to determine what type of PPE is recommended. If you still need assistance choosing the right PPE, we're happy to help. Call our Technical Advice Team at 0800 919 900.

Designed for easy movement and continuous wear.

Nitrile Gauntlets — Resistant to a range of solvents, animal fats and other chemicals.

- Full Nitrile coating with bisque texture finish allows **secure handling in wet and dry conditions**; features a longer 330mm length
- Flexible glove **offers dexterity and tactile feel** to protect hands from oils, hydrocarbons and grease; flock-lining absorbs perspiration

SHOWA 730 Nitrile Gauntlets

Specify size: 09/L or 10/XL

Item #	1-2	3+
WPL588 • Full Nitrile Coating; Flock-lining; 0.38mm • 1 pair • 330mm L	£2.00	£1.90

Neoprene Gauntlets — Comfortable protection against acids and caustics.

- Full Neoprene coating with rough texture finish over entire surface for enhanced grip; **cotton flannel lining**
- A flexible glove that offers great dexterity and tactile feel, with **good resistance to tearing**; protects from oils, hydrocarbons, grease and abrasion

SHOWA 6784R Neoprene Gauntlets

Item #	1-2	3+
WPL367 • 10/XL • Neoprene; Gauntlet Cuff; Cotton Lining; 0.41mm • 1 pair • 355mm L	£11.00	£10.45

Butyl II Gauntlets — Acetone and Ketone (MEK) resistant chemical protection.

- Full Butyl composition with rough texture finish over entire surface for **enhanced grip**; impermeable for working in damp or greasy areas
- A thin, light glove with an anatomical shape provides a '**second skin**' feel; **protects the hand** from a wide array of chemical hazards

SHOWA 874R Butyl II Gauntlets

Specify size: 09/L or 10/XL

Item #	1-2	3+
BES0018 • Full Butyl Coating; Unlined; 0.35mm • 1 pair • 350mm L	£54.00	£51.30

General Purpose Safety Goggles — Affordable protection from debris and chemical splashes.

- Soft PVC frame is **comfortable to wear**
- **Direct vent** helps prevent lens from misting
- Lightweight design with an adjustable elasticated strap to ensure a **comfortable fit**

General Purpose Safety Goggles

Item #	1-2	3+
GLSE102 • 1 pair	£2.50	£2.38

Single-Use Nitrile Gloves — Single-use examination glove is a stronger alternative to latex.

- A single-use, 100% nitrile disposable glove with a beaded cuff
- Powder-free and approved for food-handling; also **Latex-free to avoid type I and type IV latex allergies**
- **Chlorinated inside** to offer increased comfort and reduce friction when donning
- **Textured finish on fingertips** enhance grip
- **High resistance** to penetration and projections of many chemicals
- **Dual labelled for PPE and Medical**

SKYTEC TX824 Single-Use Nitrile Gloves

Specify size: M, L or XL

Item #	1-2	3+
GLVE003 • PPE & Medical Grade; 0.1mm • 100 gloves/dispenser • 240mm L	£12.50	£11.88

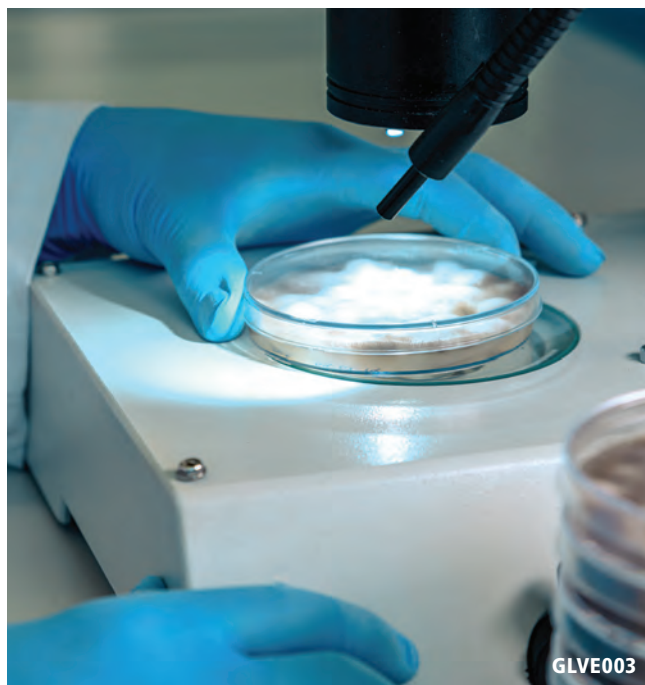

SKYTEC TX830 Single-Use Nitrile Gloves

Specify size: M, L or XL

Item #	1-2	3+
GLVE004 • PPE Grade; 0.2mm • 50 gloves/dispenser • 240mm L	£21.25	£20.19

Silver Shield/4H Gloves — Resist permeation and breakthrough of over 280 chemicals.

- **Resists even the most dangerous liquids** like aromatics, ketones, alcohols, esters and chlorinated and aliphatic solvents
- Ambidextrous design makes these **ideal for single glove use** — one glove can be discarded if necessary without wasting a pair
- Lightweight glove can be used as a secondary inner glove, allowing worker **maximum protection in heavy duty jobs**

Silver Shield®/4H® Gloves

Specify size: 08/M, 09/L or 10/XL

Item #	1-9	10+
WPL262 • Norfoil® laminate; Unlined; 0.07mm • 1 pair • 410mm L	£10.00	£9.50

ChemTape — Withstands chemical attack better than standard duct tape.

- **Perfect for creating a seal between your suit and other PPE** to keep out dangerous chemicals, especially liquids; designed and tested to ensure chemical resistance
- Provides a **higher level of protection** and durability than duct tape

Kappler™ ChemTape®

Item #	1-2	3+
WPL591 • 1 roll • 55m L x 5cm W	£41.25	£39.19

WIPES & RAGS

The best wipes for any task – from rough scrubbing jobs to fine dusting.

WE'VE GOT YOUR NUMBER

Performance Ratings (PR) help you zero in on the right wipe for your job and budget.

Look for this icon — we've done the comparison shopping for you. The higher the Performance Rating (PR), the more you can expect from your wipe.

- **PR100 Ultra-Duty** can be used all day and provide the highest levels of abrasion and solvent resistance
- **PR80-60 Heavy-Duty** provides the extra toughness you need for jobs like wiping rough parts, gears and sprockets
- **PR40 Medium-Duty** delivers a balance of toughness, absorbency, and economical cost per use
- **PR20-10 Light-Duty** is made for high-volume use during light wiping or surface drying jobs

INDEX

PR-Rated Wipes	112-116

Featured Products

PR100 Disposable Polishing & Wiping Cloths

Highly absorbent, no-scratch material stands up to solvents and harsh degreasers.

See page 112

PR70 Heavy-Duty Maintenance Wipes

Low-lint blend is our top seller for heavy-duty wiping jobs.

See page 114

PR40 All-Purpose Wipes

Versatility makes these tough but soft wipes our most popular choice.

See page 115

WYPALL L10 Extra+ Wipes

Use these wipes to clean everyday spillages and grime.

See page 116

PIG® PR100 Disposable Polishing & Wiping Cloths — Tiny pores nab dust, wax and other contaminants. Great for final wiping.

- Perfect for **no-scratch** removal of wax, polishing compound, fingerprints and smudges from surfaces, or for prepping products for painting
- Rayon/poly blend stands up to **harsh sanitisers, degreasers, cleaners and solvents**
- **Highly absorbent** and textured cloth pulls contaminants away from parts and surfaces whilst soaking up liquids
- **Can be rinsed and reused** for long life and less frequent replacement

Tiny pores are great for capturing contaminants.

Sontara®

Sontara EC Wipes — Resist abrasion and solvents, so you can use longer and save money.

- Tough, durable wipes **can be reused over and over**, wet or dry; wash easily
- Highly absorbent material **takes in up to four times its weight in water, oil or solvents**; works fast to quickly wipe surfaces dry
- Soft, low-linting wipes leave surfaces truly clean; **contains no additives or binders that can contaminate surfaces** making these ideal for polishing and finishing
- **Solvent-resistant fabric** stands up to MEK, isopropyl alcohol and other solvents or cleaning agents
- Ideal for a **wide range of applications**

Rags in Bags — Screened, sized and scanned so you get only quality, usable rags.

Boxed rags are weighed after they're packed, so their weight includes a box that's as heavy as 1kg. Our Rags In Bags come in a compression-packed poly bag, so the FULL weight of the product is usable rags. With no bulky box, you can store more in less space. And, you don't just get more, you get better quality.

WorkWipes New Material Rags in Bags

New White T-Shirt (WIP554, WIP555) from factory mill ends; low lint and pre-laundered for staining and wiping

New Coloured T-Shirt (WIP559) is new, coloured cotton material; low-lint and pre-laundered for polishing and general wiping

- Made using **100% pre-consumer recycled textiles**

Rags in Bags

Recycled Rags (WIPE600–WIPE605) give old textiles a new life, limiting the amount of waste entering our landfills

- **T-Shirt** is great for staining, wiping, polishing and other general-use jobs
- Strong **Sweatshirt** and flexible **Towelling** offer superior absorbency for wiping, soaking up spills and cleaning hands
- **Sheeting** is soft and low-lint for polishing
- **Linen** works well for tasks requiring durability and low-linting material
- Made using **100% post-consumer recycled textiles**

GRIPPY ADHESIVE-BACKED MATS

The answer to preventing slips, trips and falls?
It's right under your feet.

Award-winning PIG Grippy Adhesive-Backed Mats are the perfect addition to your floor safety measures.

Our team perfected New Pig's exclusive stick-and-release technology and invented the world's first adhesive-backed absorbent mat. Over 10 years later, no one comes close in quality, range and reliability.

Our Adhesive-Backed Mats range is proven to never disintegrate or leave any residue behind – even when saturated. They stick tight to most commercial floor surfaces and won't ripple, bunch up or flip over. They offer the perfect solution for reducing slips, trips and falls, as well as the costly legal claims often associated with these types of incidents.

They provide a safer, lower-profile, more durable and aesthetically-pleasing floor safety solution when compared with traditional rubber-backed mats.

Isn't it time to take your floor safety to the next level with PIG Grippy Adhesive-Backed Mats?

PIG Grippy Adhesive-Backed Mats
EASY FIT — EASY CLEAN — EASY CHANGEOUT
Find out just how easy on page 137.

TESTED & CERTIFIED.

EU: DIN 51130:2014 — Grippy Floor Mat classified as slip resistance R13 according to DIN51130 - suitable for use on floors in workrooms and work areas where there is increased risk of slipping due to grease, oil, water, foods, left-overs, dust, flour, paint clippings etc.

BS7976-2:2002+A1:2013 - Low slip. Tested in accordance with BS 7976-2:2002+A1:2013, and demonstrated low slip potential in both wet and dry conditions.

BS EN 13501-1:2007+A1:2009 - Fire classification Bfl-s1 when tested according to BS EN 13501-1.

US: National Floor Safety Institute (NFSI): When used as part of your floor safety program, high-traction surfaces such as Grippy Floor Mat have been proven to reduce slip-and-fall claims by as much as 90%.

EXCLUSIVE BENEFITS OF PIG GRIPPY ADHESIVE-BACKED MATS

SAFER

Reduce hazards.

Trap dirt and liquids for months at a time to prevent their spread for cleaner, safer, drier floors.

CLEANER

Keep floors cleaner for longer.

Traps dirt, grease, salt and a variety of liquids to keep floors looking their best.

LONGER LASTING

Stays down longer.

Durable mat construction lasts longer than traditional-style floor mats — stays on the job for up to 6 months.

CUSTOMISABLE

Easily cut to fit.

Create perfect, continuous coverage in any size or shape. No gaps. No ripples. No overlaps.

GREENER

Environmental choice.

PIG Grippy Floor Mat has up to 91% lower environmental impact than rental floor mats. Grippy Absorbent Mat is made using 25% pre-consumer recycled content.

ECONOMICAL

Save time and money.

Protect floor surfaces and decrease cleaning time, all while reducing slip, trip and fall claims.

We have a Grippy Mat for every application. Choose the one that works best for your workplace.

PIG Grippy Mat was the world's first adhesive-backed mat, and we've spent the past decade making sure it's still the best you can buy. Our product engineers designed our exclusive adhesive formula to hold tight but never leave residue.

Because of our commitment to quality and performance, you know you can trust Grippy Mat to do what you expect it to do: stay put, trap dirt and liquids, and peel up residue-free.

GRIPPY FLOOR MATS - See Pages 126-131

Durable and low-profile mats stay in place and trap dirt, grease, salt and moisture. Available in original Floor Mat, Custom Printed Floor Mat and Floor Mat with Safety Borders varieties.

Impermeable Poly Layer

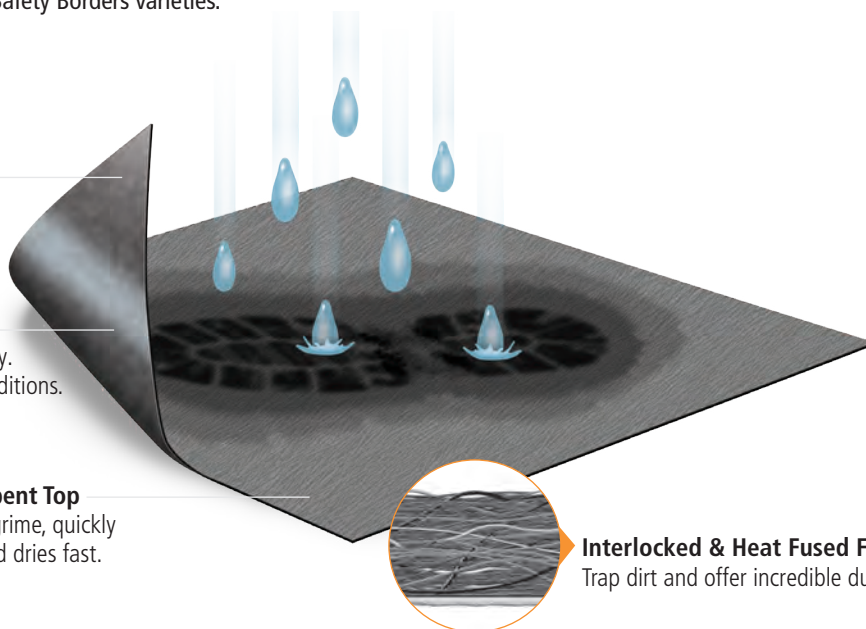

Stops liquids from passing through to floor.

Adhesive Backing

Sticks tight, but peels up easily. Won't disintegrate in wet conditions.

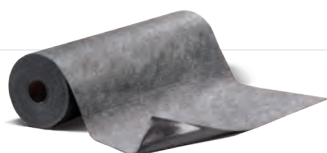

Tough Absorbent Top

Traps dirt and grime, quickly wicks liquid and dries fast.

Interlocked & Heat Fused Fibres
Trap dirt and offer incredible durability.

Styles:

Floor Mat

Custom Printed Floor Mat

Floor Mat with Safety Borders

91% LOWER environmental impact than rubber-backed mats.*

Depending on conditions and traffic patterns, Grippy Floor Mat only needs replaced twice per year. Grippy Floor Mat would have to be replaced 47 times per year to have the equivalent environmental impact of rubber-backed mats. Even if you OWN rubber-backed floor mats and don't launder them, Grippy Floor Mat still has a LOWER environmental impact of at least 40%.

*Based on an independent Energy and Environmental Impact Comparison of the PIG® Grippy® Floor Mat and Rental Floor Mat study. Conducted by the Golisano Institute for Sustainability, Rochester Institute of Technology, March 20, 2017. Full study available upon request.

Absorb WATER and trap dirt, grease, salt, mud and oils.

Absorb WATER, URINE, soap and sanitiser.

GRIPPY ANTIMICROBIAL MATS - See Pages 132-133

All the safety features of Grippy Floor Mat plus a permanently infused antimicrobial technology that fights odour-causing bacteria and mould.

▶ Impermeable Poly Layer

Stops liquids from passing through to floor.

▶ Adhesive Backing

Sticks tight, but peels up easily. Won't disintegrate in wet conditions.

▶ Tough Absorbent Top

Quickly wicks liquids and dries fast.

DW-30 Ultra-Fresh Infused

Permanent infusion of DW-30 Ultra-Fresh antimicrobial technology to help fight odours, mould and bacteria growth.

Interlocked & Heat Fused Fibres

Trap dirt and offer incredible durability.

Styles:

Sink & Dryer

Runners

Absorb OILS, coolants, solvents and water.

GRIPPY ABSORBENT MATS - See Pages 134-135

Improve industrial floor safety and reduce slips, trips and falls around machines, equipment and workstations where oily overspray is an issue.

▶ Impermeable Bottom Layer

Prevents absorbed liquids from leaking through to the floor.

▶ Adhesive Backing

Keeps mat in place, pulls up easily and won't disintegrate in wet conditions.

▶ Strong Construction

Tough spunbond top layer, with zigzag stitching for added strength, stands up to heavy foot traffic and equipment drive-overs.

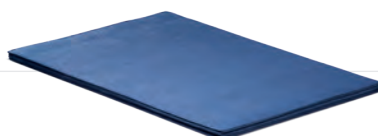

25% Recycled Content

Manufactured using 25% pre-consumer recycled content.

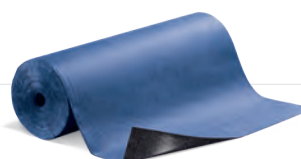

Multi-Layered

Layers of fine-fibre polypropylene quickly absorb and trap oils, coolants, solvents and water.

NO SHIFTING, BUNCHING OR FLIPPING OVER.

Create a safe amount of walk-off coverage with **PIG Grippy Floor Mat.**

PIG GRIPPY FLOOR MAT RANGE

Stop slips, trips and falls for good with the thinnest commercial floor mats you can buy.

- ▶ Install a high traction, customised walking surface anywhere you need it
- ▶ Won't obstruct doors or become a tripping hazard
- ▶ Leave mat in place and vacuum, mop, or even deep clean with a floor scrubber
- ▶ Durable construction withstands constant traffic for up to 6 months

Our Floor Mat range makes it easy to install a high-traction, customised walking surface anywhere you need it — with no dangerous gaps or overlaps — in entrances, aisles, transition areas, walkways and more.

They are absorbent, quick-drying and dirt-trapping to prevent the tracking and seepage associated with traditional rubber-backed mats, which often leads to dangerous slip and fall incidents and unsightly floors.

Unlike traditional rubber-backed mats, Adhesive-Backed Grippy Floor Mats are less than 3mm thick, making them the thinnest commercial floor mat you can buy with no rippled or ramped edges to obstruct doors or create tripping hazards. See note below.

The full Floor Mat range can be cleaned along with the rest of your floor — just leave mat in place and vacuum, mop or even deep clean with a floor scrubber for super-easy, stay-in-place maintenance.

Their durable construction withstands constant traffic for up to six months, so you change them out less often — saving you time and money. But, when the time does come to replace them, our exclusive adhesive formulation pulls up easily without leaving any residue behind.

So, for cleaner, safer floors, replace your outdated rental and rubber-backed mats with PIG Grippy Adhesive-Backed Mats — the mat that stays put no matter what.

Note: Building Regulations Approved Document M states that floor surfaces should not impede the movement of wheelchairs (eg. not coir matting) and changes to the floor material should not present a trip hazard; at less than 3mm thick, Grippy Floor Mat is the thinnest commercial floor mat you can buy with no rippled or ramped edges to obstruct doors or create tripping hazards

GRIPPY FLOOR MAT

See Pages 126-127

Our original adhesive-backed mat is the ideal solution for commercial environments like offices, receptions and retail environments.

GRIPPY CUSTOM-PRINTED FLOOR MAT

See Pages 128-129

Adhesive-Backed Custom-Printed Floor Mat reduces slip, trip and fall risks while keeping your brand, marketing or even safety messaging front and centre.

GRIPPY FLOOR MAT WITH SAFETY BORDERS

See Page 130

Hi-vis, chevron-bordered mat is great for industrial applications, such as warehouses and manufacturing floors, where delineating spaces and walkways is essential.

GRIPPY FLOOR MAT STARTER PACK

See Page 131

Start creating safer floors and experience how easy our Floor Mat range is to fit, maintain and changeout with this handy all-in-one kit.

Discover the full range of Grippy Adhesive-Backed Floor Mats on pages 126-131.

PIG GRIPPY FLOOR MATS

The original adhesive-backed, high-traction mat — for coverage everywhere you need it.

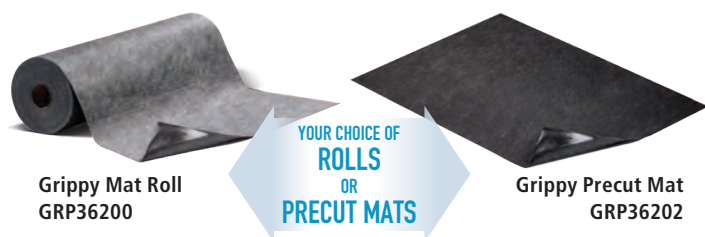

- ▶ Extremely-durable and low-profile floor safety solution
- ▶ Effortless to maintain and easy to clean
- ▶ Customisable floor protection that stops dirt at the door

Our original Grippy Adhesive-Backed Floor Mats range offers a highly absorbent, extremely durable and low-profile floor safety solution that's perfect for reducing slips, trips and falls in high-traffic areas.

It traps dirt, grease, salt, mud and moisture to prevent it being tracked through your premises. And its innovative construction is effortless to maintain and easy to clean using everything from a vacuum to a commercial floor scrubber.

The exclusive adhesive sticks to most commercial floor surfaces and stays put, preventing the dangerous shifting, bunching and flipping associated with traditional rubber-backed mats.

Available in pre-cut mat lengths or continuous rolls, up to 30m long, for customisable floor protection that stops dirt at the door.

DURABILITY

Stays down for up to **6 months**

WHERE IT WORKS

For entrances, walkways, transition areas, wet environments, front-of-house and common areas in a wide variety of premises, including:

- ✓ Retail Environments
- ✓ Educational Settings
- ✓ Leisure & Hospitality Venues
- ✓ Manufacturing Facilities
- ✓ Offices & Commercial Premises
- ✓ Airports, Rail & Bus Terminals
- ✓ Medical & Care Facilities

COMPATIBILITY

Suitable for hard floor surfaces including:

- ✓ Concrete
- ✓ Quarry Tile

PIG GRIPPY CUSTOM-PRINTED FLOOR MATS

All the benefits of original Grippy Floor Mat plus your logo or message custom printed.

- ▶ High-definition custom printing
- ▶ Highly-absorbent, extremely durable and easy to maintain
- ▶ Lightweight, low-profile, no-budge design

We combined all the floor safety features and convenience of our original Grippy Adhesive-Backed Floor Mat with the added benefit of high-definition custom printing.

Just like the original Grippy Floor Mat, our custom-printed version offers the same highly absorbent, extremely durable and easy-to-maintain walking surface.

State-of-the-art, UV-resistant, digital printing gives you the flexibility to change your look and/or messaging every three to six months. And the smooth, flat surface produces sharper, more detailed images that won't distort over time like carpet mats do as the pile crushes.

Its lightweight, low-profile, no-budge design is the perfect solution for trapping dirt, grease, salt, mud and moisture to prevent it being tracked through your premises and reducing trip hazards to improve floor safety.

PIG GRIPPY FLOOR MATS WITH SAFETY BORDERS

Put the path to floor safety front and centre.

- ▶ Highlight dangers and create safer pathways
- ▶ Durable enough to withstand even the toughest of industrial wear and tear

We combined all the floor safety features and convenience of our original Grippy Adhesive-Backed Floor Mat with a high-vis yellow chevron border to help highlight dangers and create safer pathways through hazardous industrial environments.

The exclusive adhesive backing keeps the mat exactly where you put it with no shifting, bunching up or flipping over.

Its high-traction surface is durable enough to withstand even the toughest of industrial wear and tear, standing up to forklift, pallet truck and heavy foot traffic for up to six months.

Grippy Antimicrobial Mats

HAND WASHING AREAS

HAND DRYERS

SINKS

PIG GRIPPY ANTIMICROBIAL MATS

All the power of Grippy Floor Mat PLUS antibacterial and antifungal protection.

- ▶ Permanent infusion of DW-30 Ultra-Fresh antimicrobial technology
- ▶ Wicks liquids away and dries out quickly to stop them reaching your floors
- ▶ Can withstand daily mopping and scrubbing

Our Antimicrobial Floor Mats combine all the floor safety features of original Grippy Floor Mat with a permanent infusion of DW-30 Ultra-Fresh antimicrobial technology to help fight odours, mould and bacteria growth.

The polypropylene top layer, combined with the impermeable backing layers, captures water, soapy residue, sanitiser and urine on contact. It wicks liquids away and dries out quickly to stop them reaching your floors, creating a barrier that prevents staining, grout damage and, most importantly, reduces slip and fall incidents.

The full-coverage adhesive backing sticks tight to most commercial floor surfaces and won't budge underfoot or during routine cleaning. And the durable surface can withstand daily mopping and scrubbing, as well as heavy foot traffic, maintaining a high-traction, non-slip, no-trip walking surface that won't shift, curl or bunch.

These durable, low-profile mats stay in place for up to six months without any deterioration in the antibacterial and antifungal properties, offering cleaner, safer, fresher-smelling washrooms and lavatories for longer.

Antimicrobial Floor Runners

The "industry-first design" of our Antimicrobial Floor Runners lets you roll out and cut to length the perfect size runner for continuous coverage. Use in front of sinks, shower cubicles and even urinals.

Antimicrobial Floor Mats for Sinks and Dryers

Provides effective drip and splash coverage in front of sinks and underneath hand dryers and towel dispensers. Floor mats also help to control slip and trip hazards and prevent the growth of bacteria and mould.

LEAKING EQUIPMENT

WALKWAYS

PIG GRIPPY ABSORBENT MATS

Tough, low-profile, sticks-tight floor protection for industrial environments.

- Can withstand heavy foot traffic, pallet truck and equipment drive-overs
- No-slip, no-trip solution for cleaner and safer industrial floors

Grippy Absorbent Mats, with their layers of fine-fibre polypropylene, safely absorbs leaks, drips and overspray of oils, coolants, solvents and water around workstations, machinery, equipment and walkways in industrial environments.

With its tough spunbonded layer, heavy-duty zigzag stitching and low-profile design, our Absorbent Mats can withstand heavy foot traffic, pallet truck and equipment driveovers in challenging industrial environments without shifting, bunching up or flipping over.

The exclusive adhesive backing sticks tight on most commercial floor surfaces to provide a no-slip, no-trip solution for cleaner and safer industrial floor. Peels up easily when the time comes to replace — stays put for up to three months or until the mat is saturated or showing signs of wear.

Mats are also great for lining workbenches, countertops, toolboxes and more to prevent oily stains and grime.

Use in conjunction with our original Grippy Floor Mat and Grippy Floor Mat with Safety Borders as part of your industrial floor safety programme for cleaner and safer floors throughout your premises.

PIG Grippy Absorbent Mats contain up to **25% recycled content**.

DURABILITY

Stays down for up to **3 months**

WHERE IT WORKS

For spill-prone areas, workbenches, toolboxes, dispensing stations, equipment repair areas and around machines with oily overspray in a wide variety of premises and industries, including:

PIG GRIPPY ADHESIVE-BACKED MAT ACCESSORIES

Straight cuts, smooth placement, simple removal — tools to make an easy job even easier.

Grippy Adhesive-Backed Mats Utility Board

Produce clean, accurate cuts with this convenient, pre-scored template and use as a float to quickly smooth out Adhesive-Backed Mat in one pass.

Helps create perfect 45° angles for fitting around obstacles or cutting awkward shapes. Two boards can be connected together to create an extra-long cutting guide for making long diagonal cuts or applying wide mats.

Utility Board for Grippy® Adhesive-Backed Mats

Item #	1+
GRP001 • 97cm W x 15cm D • 1 each	£26.25

Grippy Adhesive-Backed Mats Safety Cutting Knife

Make clean, professional and precise cuts when fitting Grippy Mat with the safety-first knife.

Recessed blade, with protective edges, makes quick, clean cuts, helping to eliminate injuries. Perfect tool to use in combination with pre-scored guidelines of our Utility Board (GRP001).

Safety Cutting Knife

Item #	1+
GRP012 • Safety Knife with 2 blades	£18.50
GRP011 • Replacement Blades • 10/bag	£16.50

Grippy Adhesive-Backed Mats Smoothing Roller

Ergonomic design for comfortable grip and upright operation makes applying long runs of Grippy Mat quicker, easier and less demanding on your knees and back.

Simply push along to smooth Grippy Mat into place without creating air pockets or bubbles.

Smoothing Roller for Grippy® Adhesive-Backed Mats

Item #	1+
GRP021 • 97cm W x 147cm L • 1 each	£147.00

Grippy Adhesive-Backed Mats Removal Tool

Tool's claw-like jaws "lock" onto the mat material to provide a firm, comfortable handgrip that won't dig into your hands when pulling up and removing Grippy Mat.

Made of durable, high-quality aluminium and features a rounded handle for easy grip.

Removal Tool for Grippy® Adhesive-Backed Mats

Item #	1+
GRP020 • 9cm W x 19cm L x 13cm H • 1 each	£29.00

NOTE: Most Grippy Adhesive-Backed Mats pull up easily by hand. This Removal Tool is helpful for removing long runs, wide sizes or mats that have been in place for extended periods of time.

EASY TO INSTALL

Use our Utility Board as a guide for straight cuts, then pick it up and use it to smooth Grippy Adhesive-Backed Mat into place. Also works for cutting corners at 45° angles to extend product life.

1. Prepare Floor

Clean, rinse and dry your floor thoroughly to remove detergent film so Mat will properly adhere.

2. Cut to Fit

Roll out Grippy Mat and cut to size using a safety knife, scissors or utility blade.

3. Stick It Down

Smooth out mat and press it into place using Utility Board, Roller or other flat edge.

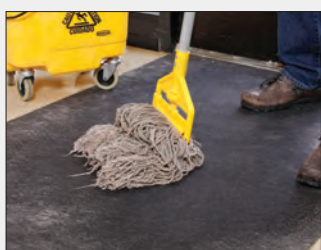

4. Trim Edges and Corners

Cut angled corners during application and trim during use to reduce potential lifting.

EASY TO MAINTAIN

Leave Grippy Mats in place and clean along with the rest of your floor for super easy, stay-in-place maintenance.

Routine Cleaning*

You can sweep, vacuum and mop to keep mat clean and fresh without shifting.

Floor Scrubbers and Extractors*

Pre-treat tougher stains by spot-cleaning before using your scrubber/extractor's low speed/water settings to clean.

Trimming Edges and Corners

If edges become worn or begin to lift, peel back mat until fresh adhesive is exposed, trim and press the new edge into place.

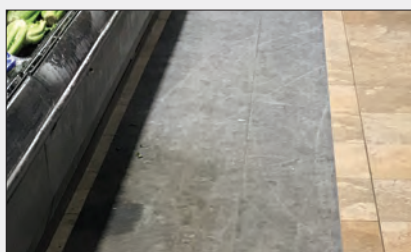

Handling Excess Water*

Remove excess water when your mat becomes saturated. Use a wet-vac or extractor to remove excess water and use fans/blowers to reduce drying times.

*Note: Absorbent Mats NOT suitable for mop, spot, or extractor cleaning. Absorbent Mats are not compatible with floor scrubber cleaning. Handling Excess Water instructions do NOT apply to Absorbent Mat range.

EASY TO REMOVE & REPLACE

Replacing Grippy Adhesive-Backed Floor Mats is easy — just pull them up. Our exclusive adhesive formulation won't leave any residue behind so you don't need to worry about sticky floors.

Frequency of Changeouts

Our mats are long lasting and extremely durable. When they show obvious signs of wear, or a weakened bond to the floor, they should be replaced.

Removing Mats by Hand

1. Peel up a corner of the mat using your fingers or the scraper side of the Safety Knife.
2. Bend at the knees while lifting the corner until the mat can be gripped by both hands.
3. Pull the mat up in a smooth, continuous motion, inching backwards as you go — do NOT use jerking motions to remove.

Removing Mats with our Removal Tool

Most Grippy Mats pull up easily by hand. Our Removal Tool is helpful for removing long runs, wide sizes or mats that have been in place for extended periods of time. Simply lock the tool's jaws onto the mat material and pull.

New Pig Grippy® Adhesive-Backed Mat Notice:

New Pig Adhesive-Backed Mats are formulated to work with most common hard-floor surfaces. New Pig Adhesive-Backed Mats are not intended for use on wood flooring with stains, finishes, or coatings. If using the Carpet Protection versions of our adhesive-backed mats, please be sure to use only on carpeted surfaces and never on uncarpeted, hard surfaces. New Pig Adhesive-Backed Mats have non-permeable barrier layers to prevent liquid pass-through and, as such, are considered to be non-breathable and may not be suitable for use on surfaces that require air curing, including, but not limited to, newly poured concrete or recently applied coatings, sealants, and finishes. All adhesive mats have some potential to leave residue or lift or discolour finish coatings, paint, and loose or pre-damaged tiles depending on the condition and age of the floors or other surfaces. For these reasons and others, if you have questions about the suitability of New Pig Adhesive-Backed Mats for your application, test a small section of mat in a discrete or non-critical area before using on larger areas. New Pig Adhesive-Backed Mats are designed for use for up to 3-6 months depending on conditions and traffic patterns. Regardless, New Pig Adhesive-Backed Mats should be replaced immediately if they show signs of wear or damage and should always be replaced no later than 6 months after installation.

CUSTOMER ASSUMES THE RISK THAT A NEW PIG ADHESIVE-BACKED MAT MAY DAMAGE OR ALTER CUSTOMER'S EXISTING FLOORING OR FLOOR COVERING. NEW PIG PROVIDES NO WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE AND NO WARRANTY THAT THE USE OF AN ADHESIVE-BACKED MAT WILL BE ACCEPTABLE FOR USE ON CUSTOMER'S FLOORING OR ANY OTHER SURFACE. NEW PIG SHALL HAVE NO RESPONSIBILITY FOR, AND CUSTOMER HEREBY RELEASES AND DISCHARGES NEW PIG FROM, ANY DIRECT, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES TO OR RELATED TO CUSTOMER'S FLOORS, FLOORING MATERIAL, OR ANY OTHER SURFACES IN CUSTOMER'S DWELLING OR FACILITY. CUSTOMER IS SOLELY RESPONSIBLE FOR DETERMINING THE FITNESS AND APPROPRIATENESS OF THE USE OF A NEW PIG ADHESIVE-BACKED MAT IN CUSTOMER'S DWELLING OR FACILITY.

SPILL CONTROL

Take charge of spill situations with
PIG-proven solutions.

THE SPILL STOPS HERE

Protecting your drains is all about keeping unwanted liquids out. Containing liquids at the source is a proactive and smart defence. Create your perfect drain defence system using a combination of **PIG Spill Control** products, including solutions from our selection of patented dikes, drain covers and customisable barriers.

PIG DrainBlocker Drain Covers

Keep fluids out of your drains during spill emergencies or washdowns.

When a spill strikes, it's a good move to seal off drains entirely, so no unwanted liquids escape. Unlike magnetic drain covers, **PIG DrainBlocker Drain Covers** form an impenetrable seal around your drains thanks to their super-sealing, tacky urethane bottom layer.

PIG Drain Plugs

Keep liquids out. Plug drains or block pipes with removable plugs.

In a spill emergency or during routine washdowns, preventing liquids from going down your drains is essential. Our reusable, removable **PIG Drain Plugs** create a liquid-tight, chemical-resistant seal in seconds to keep unwanted liquids out.

PIG SpillBlocker Dikes, Barriers & Booms

Seal tight to confine and channel liquids away from drains.

When a spill is heading right for your drain **PIG's SpillBlocker range** guarantees fast protection, indoors and out. This super-flexible and customisable solution seal tight to contain, confine or channel liquids for extremely effective drain protection.

PIG-Build-A-Berm

Build your own berm for customisable, long-term liquid containment anywhere you need it.

Create semi-permanent containment, indoors or out, in any size or shape for peace of mind drain protection. Perfect for use around leaky machines, battery or drum storage areas, liquid transfer locations or anywhere liquids have the potential to make their way to your drains.

EXPERT ADVICE

Frequently asked questions:

Q: Can I reuse my DrainBlocker and SpillBlocker?

A: Yes, we use very high-quality urethane and our patented formulations are built to last. They clean easily with soap and water so you can reuse them over and over again.*

Q: Can I leave my DrainBlocker out in the sun?

A: Our Drive-Over DrainBlockers are built for long-term outdoor use.

Q: Can I drive over a SpillBlocker Dike?

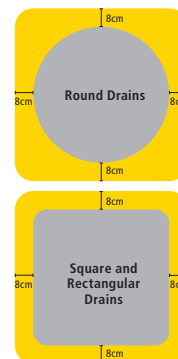

A: No, but we do offer a Drive-Over SpillBlocker that's built for traffic. You'll find it on page 153.

Q: Is it difficult to install a Build-A-Berm system?

A: No, installation is easy. Just cut to length with a utility knife, secure to your floor with silicone sealant and seal seams with silicone sealant or vinyl cement.

Q: How do I choose the right size DrainBlocker?

A: All PIG DrainBlocker Drain Covers must be at least 15-16cm (approximately 8cm on all sides) larger than the drain itself to create a liquid tight seal.

*SpillBlocker Rough Surface Dike is designed for one-time use only on tarmac.

NEED SPILL CONTROL?

Let us help you choose the right one.

THREE PIG-PROVEN WAYS TO CONTROL LIQUIDS AND AVOID FINES:

Cover Drains

Drain Covers, Seals and Plugs

Perfect for fast spill response. Seal or plug drains tight to keep out unwanted liquids and prevent pollution.

For PIG DrainBlockers,
PIG Essentials Drain Covers,
Drain Seals and PIG Drain Plugs

See pages 143-148

Confine & Channel Spills

Dikes

Flexible and formable, with a tacky bottom layer that seals tight so no liquid seeps underneath. Perfect for confining and channeling spills or washdowns without absorbing any liquids.

For PIG SpillBlocker Dikes

See pages 150-153

Build Custom Containment

Barriers

Semi-permanent, configurable barriers for leak-prone areas. Offers big savings compared with more permanent solutions like concrete curbs or cutting angle iron.

For PIG Build-A-Berm Barriers

See pages 154-155

HEAVY LOAD? NO PROBLEM!

PIG-proven containment keeps liquids in their place.

NOTE: Due to the nature of softer urethane, the physical properties of these products may change over time with exposure to certain environmental conditions like temperature, humidity and UV radiation. Typical life expectancy is 5 years. Please inspect the stored product regularly to ensure it is in a usable state. For optimum performance, ensure that the area where the product will be deployed is free of debris, cracks and holes. For more details and for chemical compatibility, please call Technical Services.

TOUGH ENOUGH TO REUSE

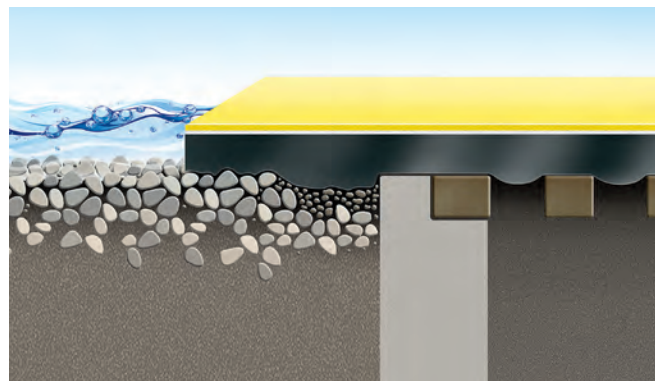

PLRE242

1.3cm H

pig Original DrainBlocker Drain Covers — Strong, heavy cover makes a tight, temporary seal to keep out unwanted liquids.

- Exclusive New Pig formulation features a super-durable, **tear-resistant top layer** that withstands repeated use and abrasion combined with a **flexible, tacky bottom layer** that tightly seals drain openings
- **Chemical-resistant polyurethane** resists water, oil and many chemicals
- Flexible cover is 1.3cm thick and **moulds to uneven surfaces** to create an instant, temporary drain seal that prevents pollution
- Unlike messy alternative clay mats, it's **easy to clean and re-use**
- For best performance, **make sure cover overlaps drain opening at least 8cm on each edge**
- ◆ **Helps you comply** with Environmental Regulations

Flexible, tacky bottom layer tightly seals drain openings and is tough enough to wash, repackage and use again.

PLRE246

Protect drains near washdown areas or workstations.

PLR255

Rectangular covers are perfect for long narrow drains.

PIG® Original DrainBlocker® Drain Covers

Item #	Size	Use with	1-2	3+
PLRE241	46cm W x 46cm L x 1.3cm H	Square Drains up to 30cm	£104.00	£98.80
★ PLRE244	61cm W x 61cm L x 1.3cm H	Square Drains up to 45cm	£175.00	£166.25
PLRE245	76cm W x 76cm L x 1.3cm H	Square Drains up to 60cm	£259.00	£246.05
PLRE242	91cm W x 91cm L x 1.3cm H	Square Drains up to 75cm	£355.00	£337.25
PLRE246	107cm W x 107cm L x 1.3cm H	Square Drains up to 91cm	£469.00	£445.55
PLR255	46cm W x 152cm L x 1.3cm H	Rectangular Drains up to 30cm x 136cm	£335.00	£318.25

NOTE: Due to the nature of softer urethane, the physical properties of these products may change over time with exposure to certain environmental conditions like temperature, humidity and UV radiation. Typical life expectancy is 5 years. Please inspect the stored product regularly to ensure it is in a usable state. For optimum performance, ensure that the area where the product will be deployed is free of debris, cracks and holes. For more details and for chemical compatibility, please call Technical Services.

Tear Resistant

Tougher than standard covers to resist ripping.

Chemical Resistant

Stands up to water, oils and many chemicals.

Easy to Clean

Dirt and grime won't stick to the surface, so the top wipes clean.

Reusable

Durable enough to wash and use again later.

DID YOU KNOW?

Our DrainBlocker Drain Covers are an excellent spill response tool, helping prevent water contamination. They may not, however, be suitable for long-term, daily exposure to certain chemicals. For a chemical resistance guide, please call our Technical Advice Team on 0800 919 900 or visit www.newpig.co.uk.

**TRANSPORT YOUR
DRAIN COVER IN A
CARRY CASE OR BAG
SEE PAGE 146 ►►**

PLR286

PIG DrainBlocker Cases and Bags — Keep your drain cover protected and ready for quick response.

- Carry your DrainBlocker Drain Cover right to the spill or mount it to a wall near drains for faster response times. **Both styles work with all Drain Covers** sold on pages 143-147
- **Rigid Carrying Case** (PLR285 – PLR287) is made from corrosion-resistant polypropylene. **Soft Carry Bag** (PLR232) is made from PVC-supported nylon
- **Cases and Bags are compatible with** all PIG and PIG Essentials drain covers on pages 143-147

Carrying Case for PIG® DrainBlocker® Drain Cover

Item #	1-2	3+
PLR285 • For use with 46cm Sq. and 61cm Sq. Blockers • 79cm L x 19cm Dia.	£104.75	£99.51
PLR286 • For use with 76cm Sq. and 91cm Sq. Blockers • 109cm L x 19cm Dia.	£125.75	£119.46
PLR287 • For use with 107cm Sq. Blockers • 140cm L x 19cm Dia.	£146.50	£139.18

Carry Bag for PIG® DrainBlocker® Drain Cover

Item #	1-2	3+
PLR232-24IN • For use with 46cm and 61cm Sq. Blockers • 70cm L x 18cm Dia.	£54.25	£51.54
PLR232-36IN • For use with 76cm and 91cm Sq. Blockers • 98cm L x 18cm Dia.	£68.00	£64.60
PLR232-48IN • For use with 107cm Sq. Blockers • 128cm L x 23cm Dia.	£79.25	£75.29

PIG Essentials Drain Cover with Handles — The economical choice for easy deployment.

PLRE612

- Handles allow for fast, easy installation during an emergency
- Silicone fabric top layer enables rolling up the mat without need of protective plastic film; polyurethane bottom layer seals tightly over the drain
- Durable and chemical-resistant
- Clean after using and store for repeat use
- ◆ **Helps you comply** with Environmental Regulations

PIG® Essentials Drain Cover with Handles

Item #	1-2	3+
PLRE613 • 45cm W x 45cm L x 0.8cm H • For Square Drains up to 30cm	£71.50	£67.93
PLRE611 • 60cm W x 60cm L x 0.8cm H • For Square Drains up to 45cm	£119.75	£113.76
PLRE614 • 75cm W x 75cm L x 0.8cm H • For Square Drains up to 60cm	£171.75	£163.16
PLRE612 • 90cm W x 90cm L x 0.8cm H • For Square Drains up to 75cm	£225.00	£213.75

NOTE: Due to the nature of softer urethane, the physical properties of these products may change over time with exposure to certain environmental conditions like temperature, humidity and UV radiation. Typical life expectancy is 5 years. Please inspect the stored product regularly to ensure it is in a usable state. For optimum performance, ensure that the area where the product will be deployed is free of debris, cracks and holes. For more details and for chemical compatibility, please call Technical Services.

PIG Essentials Drain Covers — Create a tight, temporary seal over drains to keep out unwanted liquids.

- Durable, tear-resistant top layer that **withstands repeated use and abrasion**
- **Chemical-resistant** polyurethane resists water, oil and many chemicals
- Flexible 1cm thick cover **moulds to uneven surfaces** to create an instant, temporary drain seal that prevents pollution
- Unlike messy alternative clay mats, it's **easy to clean and reuse**
- ◆ **Helps you comply** with Environmental Regulations

PIG® Essentials Drain Covers

Item #	1-2	3+
DC4646 • 46cm W x 46cm L x 1cm H • For Square Drains up to 30cm	£78.75	£74.81
DC6161 • 61cm W x 61cm L x 1cm H • For Square Drains up to 45cm	£133.50	£126.83
DC7676 • 76cm W x 76cm L x 1cm H • For Square Drains up to 60cm	£199.00	£189.05
DC9191 • 91cm W x 91cm L x 1cm H • For Square Drains up to 75cm	£279.00	£265.05

NOTE: Due to the nature of softer urethane, the physical properties of these products may change over time with exposure to certain environmental conditions like temperature, humidity and UV radiation. Typical life expectancy is 5 years. Please inspect the stored product regularly to ensure it is in a usable state. For optimum performance, ensure that the area where the product will be deployed is free of debris, cracks and holes. For more details and for chemical compatibility, please call Technical Services.

Disposable Drain Seals — Eliminates the need for decontamination after use.

- Economical choice for drain protection when a disposable product is required; **clay composition creates a 100% seal**, even sticking to rough, irregular surfaces like tarmac or concrete
- Instantly **protects a range of different sized drains** from spilt oils and chemicals; for larger sized drains, overlap multiple drain seals
- **Used by most fire services** as first line pollution defence
- **Resistant to the most common oils and chemicals**, remains flexible at low temperatures to -20°C and treated with a formula which prevents mould growth
- ◆ **Helps you comply** with Environmental and ADR Regulations

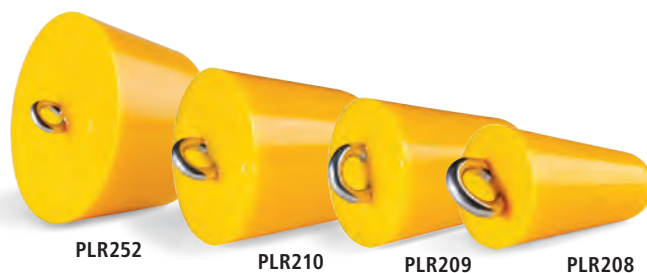

Disposable Drain Seal

Item #	1-2	3+
PLRE165 • 4/box • 45cm W x 45cm L	£89.00	£84.55
PLRE166 • 4/box • 45cm W x 65cm L	£112.00	£106.40

PIG® Conical Drain Plugs — Ideal for plugging the outflow on long channel and trench-style drains.

- Durable polyurethane plug forms a **liquid-tight**, chemical-resistant seal in seconds
- Simply wedge plug in drain
- Installed plug is **low-profile** enough to fit below floor grate
- **Removes easily** with hand tools
- Conical drain plugs **available for drain sizes from 5cm to 15cm in diameter**

PIG® Conical Drain Plugs

Item #	1-2	3+
PLR208 • 13cm H x 6.4cm ext. dia. • For 5cm dia. drains	£59.50	£56.53
PLR209 • 14cm H x 8.9cm ext. dia. • For 8cm dia. drains	£69.75	£66.26
PLR210 • 14cm H x 11cm ext. dia. • For 10cm dia. drains	£81.00	£76.95
PLR252 • 17cm H x 18cm ext. dia. • For 15cm dia. drains	£199.95	£189.95

NOTE: Due to the nature of softer urethane, the physical properties of these products may change over time with exposure to certain environmental conditions like temperature, humidity and UV radiation. Typical life expectancy is 5 years. Please inspect the stored product regularly to ensure it is in a usable state. For optimum performance, ensure that the area where the product will be deployed is free of debris, cracks and holes. For more details and for chemical compatibility, please call Technical Services.

SEALS TIGHT TO STOP THE SPILL.

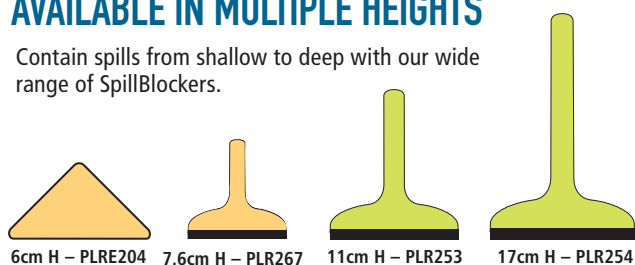

PLR267
Quick-deploy system with built-in connectors let you create barriers of any length.

SpillBlocker Dikes — Fast protection for spreading spills or leaking machines.

- **Formulation resists tearing** and a tacky bottom layer seals tight to smooth surfaces
- Reusable dike is flexible and formable to shape to the spill; **confines and diverts fluids without absorbing** them, making cleanup or reclamation simpler
- **Quick-deploy solution with built-in connectors** creates a **liquidproof seal** and allow you to join as many sections as you need (except for PLRE204, which requires a separate connector)
- Polyurethane material **resists water, oils and many chemicals**; **cleans easily** with soap and water
- **High-vis colour** draws attention to spill for increased safety
- ◆ **Helps you comply** with Environmental Regulations

AVAILABLE IN MULTIPLE HEIGHTS

Contain spills from shallow to deep with our wide range of SpillBlockers.

Our tallest dikes can handle high volume spills and pooling liquids.

PIG® Original SpillBlocker® Dikes

Specify Colour for PLRE204: ■ Black ■ Yellow

PLR254	Barrier	Green	11cm W x 152cm L x 17cm H	1/box	£535.00	£508.25

NOTE: Due to the nature of softer urethane, the physical properties of these products may change over time with exposure to certain environmental conditions like temperature, humidity and UV radiation. Typical life expectancy is 5 years. Please inspect the stored product regularly to ensure it is in a usable state. For optimum performance, ensure that the area where the product will be deployed is free of debris, cracks and holes. For more details and for chemical compatibility, please call Technical Services.

All SpillBlocker® Dikes shown on pages 150-152 are designed for temporary use only. Pick up after each use, clean, then store properly. Do not leave down for extended periods of time. SpillBlocker® Rough Surface Dike (PLR230, shown on page 152) is intended for one-time use only.

Simplify storage and decrease response time with this case.

Add corners and connectors (PLRE205 and PLR206) to PLRE204 to join dike sections.

FOR MACHINES WITH CONSTANT LEAKS, SEE SEMI-PERMANENT BARRIERS 154-155 ►►

PIG® SpillBlocker Vacuum Dike — Attach this Dike to a wet vacuum to capture liquids.

- Attaches to a wet vacuum (not included) to create a barrier that contains liquids and speeds up recovery
- Ideal for spill response or routine washdowns
- PVC outlet pipe attaches to most wet vacuum hoses; includes couplers to attach Dike to 2¼" and 1½" hoses

PIG® SpillBlocker® Vacuum Dike

Item #	1-2	3+
PLR280 • 10cm W x 152cm L x 6cm H	£369.00	£350.55

NOTE: Due to the nature of softer urethane, the physical properties of these products may change over time with exposure to certain environmental conditions like temperature, humidity and UV radiation. Typical life expectancy is 5 years. Please inspect the stored product regularly to ensure it is in a usable state. For optimum performance, ensure that the area where the product will be deployed is free of debris, cracks and holes. For more details and for chemical compatibility, please call Technical Services.

pig SpillBlocker Rough Surface Dike — Stop a spill on rough cement or tarmac from seeping under your dike.

Bottom surface "seeps" into surface cracks to form a tight seal.

- **Exclusive New Pig formulation** resists tearing and has a super-tacky bottom layer for tight seals on rough surfaces
- Specially designed bottom layer "seeps" into surface cracks; **our best blocker for tarmac**
- **Fast protection** when a spill is heading for your drain
- **Confines and diverts fluids** without absorbing them, making cleanup or reclamation simpler
- 6cm high dike **contains spills up to 5cm deep**
- **Intended for one-time use only**, and should not be left down for extended periods
- ◆ **Helps you comply** with Environmental regs

PIG® SpillBlocker® Rough Surface Dike

Item #	1-2	3+
PLR230 • 5cm W x 3m L x 6cm H Includes connector and yellow disposal bag	£275.00	£261.25

NOTE: Due to the nature of softer urethane, the physical properties of these products may change over time with exposure to certain environmental conditions like temperature, humidity and UV radiation. Typical life expectancy is 5 years. Please inspect the stored product regularly to ensure it is in a usable state. For optimum performance, ensure that the area where the product will be deployed is free of debris, cracks and holes. For more details and for chemical compatibility, please call Technical Services.

pig SpillBlocker Dike — Stop a machine leak from spreading with this quick-deploy dike.

- **Fast protection** for when a leak is starting to spread; just surround machine with dike to contain liquid until you can make repairs
- **Exclusive New Pig formulation** features a flexible, tacky bottom that seals tight to smooth surfaces and blocks liquids
- **Built-in, interlocking end joints** create a liquidproof seal
- ◆ **Helps you comply** with Environmental regs

PIG® SpillBlocker® Dike

Item #	1-2	3+
★ PLR212 • 6cm W x 3m L x 3.5cm H	£229.00	£217.55

NOTE: Due to the nature of softer urethane, the physical properties of these products may change over time with exposure to certain environmental conditions like temperature, humidity and UV radiation. Typical life expectancy is 5 years. Please inspect the stored product regularly to ensure it is in a usable state. For optimum performance, ensure that the area where the product will be deployed is free of debris, cracks and holes. For more details and for chemical compatibility, please call Technical Services.

A CLOSER LOOK

Interlocking end joints connect dike sections to create longer lengths.

PIG® DoorBlocker Dike — Unique 45° angle design diverts spills from doorways.

- Fits any doorway up to 122cm wide
- Flexible, 100% polyurethane is **non-absorbent, chemical resistant and re-usable**; cleans easily
- **Ideal** as a barrier during washdown operations, as a dam to control or contain liquids or as a diverter to direct liquids away from equipment or supplies

PIG® DoorBlocker Dike

Item #	1-2	3+
PLR213 • 5cm W x 122cm L x 3.8cm H	£139.00	£132.05

NOTE: Due to the nature of softer urethane, the physical properties of these products may change over time with exposure to certain environmental conditions like temperature, humidity and UV radiation. Typical life expectancy is 5 years. Please inspect the stored product regularly to ensure it is in a usable state. For optimum performance, ensure that the area where the product will be deployed is free of debris, cracks and holes. For more details and for chemical compatibility, please call Technical Services.

PIG® WashBlocker Strip — Block washdown liquids from entering neighbouring areas.

- Low-profile WashBlocker Strip helps you **control steady liquids during routine washdowns and sanitising operations**; blocks doorways, protects carpeting and channels liquid to drains
- **Tacky urethane construction** seals to dry floors and prevents liquids from seeping underneath
- **Tear-resistant polypropylene top** stands up to repeated use; ideal for frequent washdowns in pharmaceutical, food processing and health care facilities
- **Re-usable barrier** cleans up with soap and water

PIG® WashBlocker® Strip

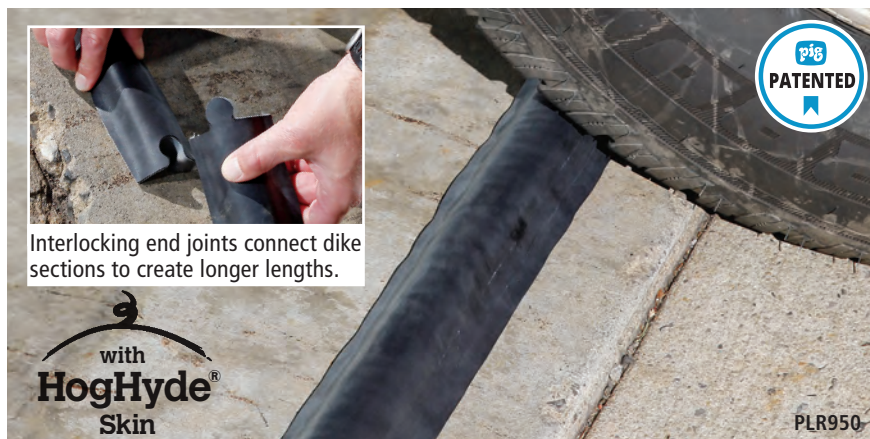

Item #	1-2	3+
PLR500 • 3cm W x 3m L x 1.9cm H	£145.00	£137.75

Patent Pending, Patent 5,236,281

NOTE: Due to the nature of softer urethane, the physical properties of these products may change over time with exposure to certain environmental conditions like temperature, humidity and UV radiation. Typical life expectancy is 5 years. Please inspect the stored product regularly to ensure it is in a usable state. For optimum performance, ensure that the area where the product will be deployed is free of debris, cracks and holes. For more details and for chemical compatibility, please call Technical Services.

PIG® Drive-Over SpillBlocker Dikes — The ONLY barrier designed for traffic and long-term outdoor use.

- First flexible barrier **designed for traffic and long-term outdoor use**; driveovers won't rip, tear or crush it to compromise containment
- **HogHyde skin** stands up to heavy traffic driveovers and resists UV rays
- **Moulds easily** around mounting brackets or other obstacles
- **Provides a full-width bond** that strengthens over time
- **Re-usable** — cleans up with soap and water; picks up and repositions as needed
- ◆ **Helps you comply** with Environmental regs

PIG® Drive-Over SpillBlocker® Dikes

Item #	1-2	3+
PLR950 • 5cm W x 3m L x 2.5cm H	£336.25	£319.44
PLR951 • Corner • 5cm W x 15cm L x 2.5cm H	£135.00	£128.25

Patent 5,236,281

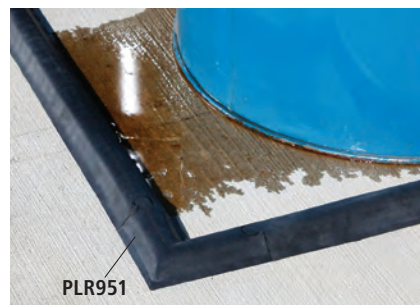

NOTE: Due to the nature of softer urethane, the physical properties of these products may change over time with exposure to certain environmental conditions like temperature, humidity and UV radiation. Typical life expectancy is 5 years. Please inspect the stored product regularly to ensure it is in a usable state. For optimum performance, ensure that the area where the product will be deployed is free of debris, cracks and holes. For more details and for chemical compatibility, please call Technical Services.

A CLOSER LOOK

HogHyde skin stands up to heavy traffic and resists UV rays.

Super-sealing urethane bonds to concrete and smooth surfaces without adhesives.

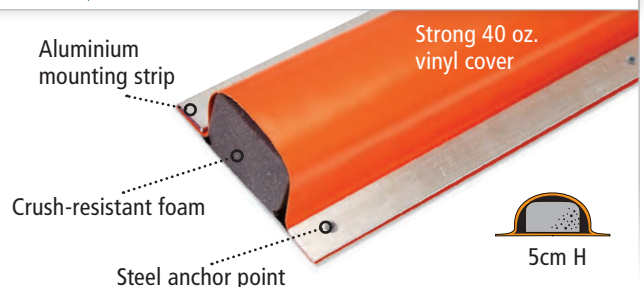

Corner pieces let you make sharp 90° turns for a fully enclosed containment area.

Drive-Over Build-A-Berm Barriers — Build a spill berm that can handle heavy vehicle driveovers.

- Provides **semi-permanent containment** in high-traffic areas on concrete, asphalt or most sealed surfaces; for best results, use on a smooth, sealed surface
- Constructed of vinyl-coated fabric with an open-cell foam core, berm compresses to approximately 6cm when driven over; **springs back to shape when vehicles pass**
- **Durable enough to withstand indoor or outdoor traffic** from trucks, loaded tow motors and other heavy vehicles with sufficient ground clearance
- Predrilled aluminium mounting strips with **anchors secure berm to most surfaces**; remove anchors to reposition and **create any configuration**
- Ends overlap and **can be sealed together for liquid-proof containment** (Sealant PTYL301 sold separately)

A CLOSER LOOK

When used with standard Build-A-Berm Barriers (page 155), orange colour indicates area where drivers can enter and exit.

PIG® Drive-Over Build-A-Berm® Barriers

Item #	Name	Size	Unit	1-2	3+
★ PLR283	Straight Section	14cm W x 366cm L x 5cm H	1/box	£299.75	£284.76

Patent 5,820,297

Dow Corning 895 Sealant

Item #	1+
PTYL301 • 310ml cartridge • 12/box • Up to 8.5 linear metres of BAB per tube with 6mm x 6mm bead	£325.00

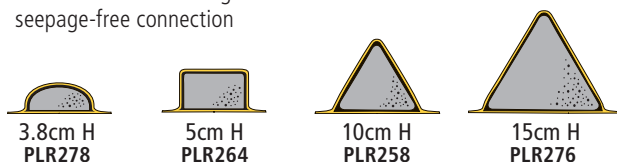

Build-A-Berm Barriers — Configure a custom-sized barrier to fit your leak-prone area.

- PIG Build-A-Berm Barriers can be constructed into a **semi-permanent, high-visibility barrier** that's exactly the size and shape you need — indoors or out
- Pliable open-cell foam barrier **springs back into shape** after you walk or roll over it with light, wheeled equipment
- For best sealing results, **secure to a smooth, sealed surface**
- **Kit (PLRL222-999) includes** straight sections, corners and sealant; create any length or configuration
- Ends overlap and **can be sealed together for liquid-proof containment** (Sealant PTYL301 sold separately)

Add these components to your layout:

- **Corners** let you create liquidproof junctions; join two Build-A-Berm sections at a 90-degree angle
- **Vented corner** prevents seam rupture by letting air escape during a cart driveover
- **Wall end** seals flush against the floor and wall for a seepage-free connection

PTYL301 • 310ml cartridge • 12/box • Up to 8.5 linear metres of BAB per tube with 6mm x 6mm bead	£325.00

PIG® Silicone Water Barrier — Affordably block and divert small volumes of water.

- **Low-profile water barrier** has an adhesive bottom that adheres to smooth surfaces
- Install it once, away from traffic zones, and **leave it down for long-term protection against nuisance leaks of clean water**
- Flexible silicone can **form tight curves and small diameter circles** to surround almost anything — water heaters, air compressors, HVAC, boilers and more
- Installation is simple; **just peel and stick**

Simply peel and stick for instant protection.

3m length can be cut to fit smaller applications.

SOAK UP THE SAVINGS!

PIG Essentials Universal Mat Pads are an economical choice to absorb and control your leaks, drips and spills.

LEARN MORE ON PAGES 22-23.

PIG® Water-Filled Containment Barrier — Reusable barrier contains and channels water during washdowns or small floods.

- Sandbag alternative is **easy to use, move and store**
- **Reusable water-filled dike** equips you with flood protection across repeated short-term deployments, saving money; gravity-based berm **stays in place under its own weight**
- Thick, industrial-hose material, made from PVC, provides **heavy-duty strength**; **threaded cap** holds water in reliably

WTR042

Drain the water and roll it up for compact storage.

WTR041

PIG® Reusable Water-Filled Barrier

Item #	1-2	3+
WTR041 • 8cm W x 3m L • 5cm H when full	£59.50	£56.53
★ WTR042 • 8cm W x 7.6m L • 5cm H when full	£132.75	£126.11
WTR043 • 8cm W x 15.2m L • 5cm H when full	£255.00	£242.25

PIG® Oil & Debris Containment Booms — Keep oil spills from spreading using this durable, UV-resistant, non-absorbent floating boom.

- Floats to surround and **stop oil spills** or debris in calm waters from spreading
- **UV-resistant, PVC-coated** shell is packed with lightweight foam
- Above water height of **15cm**; submerged depth of **30cm**
- Quality construction provides **340kg actual breaking strength**
- **Highly visible** yellow colour for instant recognition in emergency situations
- **Snap hooks** secure and overlap booms
- ◆ **Helps you comply** with Environmental Regulations

BOM302

Booms have an above water height of 15cm and a submerged depth of 30cm.

BOM301

PIG® Oil & Debris Containment Booms

Item #	1-2	3+
★ BOM301 • 30m L x 46cm H	£862.50	£819.38
BOM302 • 15.2m L x 46cm H	£506.50	£481.18

NOTE: Not recommended for use in open seas.

STORMWATER & WEATHER DEFENCE

Prevent unexpected water from entering your premises, and stop debris from entering your drains.

STAY READY TO WEATHER THE STORM.

Flood defence in a flash.

Flash flooding happens quickly and can cause catastrophic damage. We offer a range of easy-to-store, quick to deploy **flood defence systems** to help you divert unwanted water flows and protect people and property when tides rise.

Filter pollutants from stormwater runoff to stay in compliance.

When rain falls, surface water runoff can pick up a range of pollutants, including oils, fuels, heavy metals, rubbish and debris. To collect and filter all those contaminants, you need a **Stormwater Drain Filter** or **Filter Sock**. Manage runoff and capture stormwater pollutants before they enter your drains to help you comply with regulations and reduce damage to the environment.

Freeze the day – plan ahead now.

Winter weather is unpredictable. Ice and snow have the potential to cause problems wherever there are paths and walkways. You might not be able to avoid the weather, but you can prepare for it. Make sure you're ready to tackle winter's worst with **grit bins** on-hand and ready to deploy.

WITH OUR RANGE OF WATER
ABSORBENT PRODUCTS ON
PAGES 44-47.**

FloodSax — Self-inflating flood defence system used to prevent water damage.

PLSE306

- Lightweight (dry) product is **easy to carry, store and deploy**
- **Simple to use** — just soak with water from the sink, hosepipe, watering can or even the floodwater itself; will become taut and puncture-proof within five minutes
- Semi-porous inner liner contains absorbent crystals which **absorbs up to 22 litres of water in just 3-5 minutes** and will stay energised for up to 12 weeks if in contact with liquid without leaking

PLSE305

FloodSax®

Item #	1-2	3+
PLSE306 • Door Pack • 5/pack • Abs. up to 125L/pack 53cm L x 52cm W x 12mm H	£42.75	£40.61
PLSE305 • Commercial Pack • 4 packs/case • Abs. up to 500L/case 53cm L x 52cm W x 12mm H	£155.00	£147.25

Saltwater Notice: Not for use with saltwater.

Water-Activated Flood Bag — Super-absorbent flat bags swell on contact with water to become a solid, heavy barrier.

- Stack water-activated flood bags to **create a retaining wall in flood-prone areas** when water is coming
- **Lightweight, compact and easy to handle** before activated, unlike standard sandbags which are heavy, messy and labour-intensive
- **Stack and stagger** up to three rows high; build even higher retaining walls by using a pyramid layout
- Leave activated barriers in place for **up to six months**, as long as they stay saturated; not ideal for reuse after drying

WTR048

PIG® Water-Activated Flood Bags

Item #	1-2	3+
WTR044 • 30cm W x 61cm L • 8cm H when full • 10/pack • Abs. up to 87L/pack	£56.00	£53.20
WTR045 • 30cm W x 61cm L • 8cm H when full • 40/pack • Abs. up to 348L/pack	£199.00	£189.05

PIG® Water-Activated Flood Barriers

Item #	1-2	3+
WTR046 • 22cm W x 152cm L • 7cm H when full • 4/pack • Abs. up to 46.8L/pack	£45.00	£42.75

WTR050 • 22cm W x 5m L • 7cm H when full • 1/pack • Abs. up to 39.7L/pack	£37.00	£35.15
WTR051 • 22cm W x 5m L • 7cm H when full • 5/pack • Abs. up to 198.5L/pack	£175.00	£166.25

Saltwater Notice: Not for use with saltwater.

Just soak bags with water, and they become a barrier against encroaching floodwater.

HydroSnake — The perfect substitute for traditional, old sandbags.

- **Unique three-section structure controls spread of filler** to prevent contents from accumulating or moving side to side
- **Extremely flexible** for snug fit into openings and door wells; suitable for domestic and commercial properties
- Soak with water before installation, and **in only 2-3 minutes**, each HydroSnake **absorbs up to 20 litres of water** and is ready to use
- Retain their saturated weight for up to 6 months and, since its **components are harmless to the environment**, simply cut open and dispose of contents into soil

PLSE327

PLSE338

Each HydroSnake will retain a floodwater depth of 5cm per snake, and a floodwater length of 140cm per snake.

HydroSnakes

Item #	1-2	3+
PLSE327 • 2/pack • 145cm L x 25cm W • Abs. up to 40 L/pack	£17.50	£16.63
PLSE338 • 20/case • 145cm L x 25cm W • Abs. up to 400 L/case	£164.00	£155.80

Saltwater Notice: Not for use with saltwater.

HydroSack — Create a barrier against flooding in domestic and commercial properties.

- **Weights less than 10% of the weight of a sandbag** before contact with water
- Soak with water before installation, and **in only 2-3 minutes**, each HydroSack **absorbs up to 20 litres of water** and is ready to use
- Retain their saturated weight for up to 6 months and, since its **components are harmless to the environment**, simply cut open and dispose of contents into soil
- **Unique three-section structure controls spread of filler** to prevent contents from accumulating or moving side to side

PLSE325

Handles allow for easy movement of HydroSacks — perfect for emergency conditions.

PLSE336

Each HydroSack will retain a floodwater depth of 5cm per sack, and a floodwater length of 45cm per sack.

HydroSacks

Item #	1-2	3+
PLSE325 • 2/pack • 60cm L x 48cm W • Abs. up to 40 L/pack	£17.50	£16.63
PLSE336 • 20/case • 60cm L x 48cm W • Abs. up to 400 L/case	£164.00	£155.80

Saltwater Notice: Not for use with saltwater.

Water-Filled Flood Barriers — Protect your facility from water damage with this reusable water-filled flood barrier.

- Easy to use; **just add water**
- **Re-usable, compact and lightweight** for storage; store empty
- **Dual-chamber design** helps keep barrier in place
- **Can be driven over** (WTR053, WTR054 and WTR055 only)
- **Ideal for flood prevention** around doorways or garages, for storm and emergency preparedness, and for erosion control during construction
- **For temporary use**

PIG® Water-Filled Flood Barrier

Item #	1-2	3+
WTR053 • 60cm W x 152cm L • 16.5cm H when full • Capacity 151L	£139.00	£132.05

IN STOCK - ORDER NOW!
Available for immediate delivery.

FloodFence Units — Diversionary system protects your property from floodwater.

- Lightweight, reusable system **can be easily connected and deployed rapidly by one person**, making it ideal to protect against flash flooding; does not require any pre-applied ballast
- **System self-balances**, with each unit incorporating a slim line base gasket to allow an effective seal to hard-standing ground terrain
- **Ideal for controlling and deflecting flowing water**, responding to flash floods from heavy rain, drain or river overflows, or for burst water mains; can also be used for fire water runoff control
- When connected to other units, the effective linear length of each is 0.91m, and **can be used for water flows up to 40cm deep**

FloodFence Unit

Protects your property against flash flooding without any pre-applied ballast.

Corner Unit

Allows inner or outer corners to be deployed in conjunction with standard FloodFence Units.

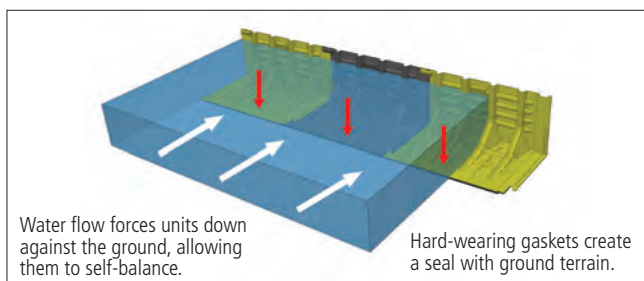

Wall Connector

Allows your FloodFence barrier to connect to and seal against vertical surfaces.

Outer Corner Locking Pin

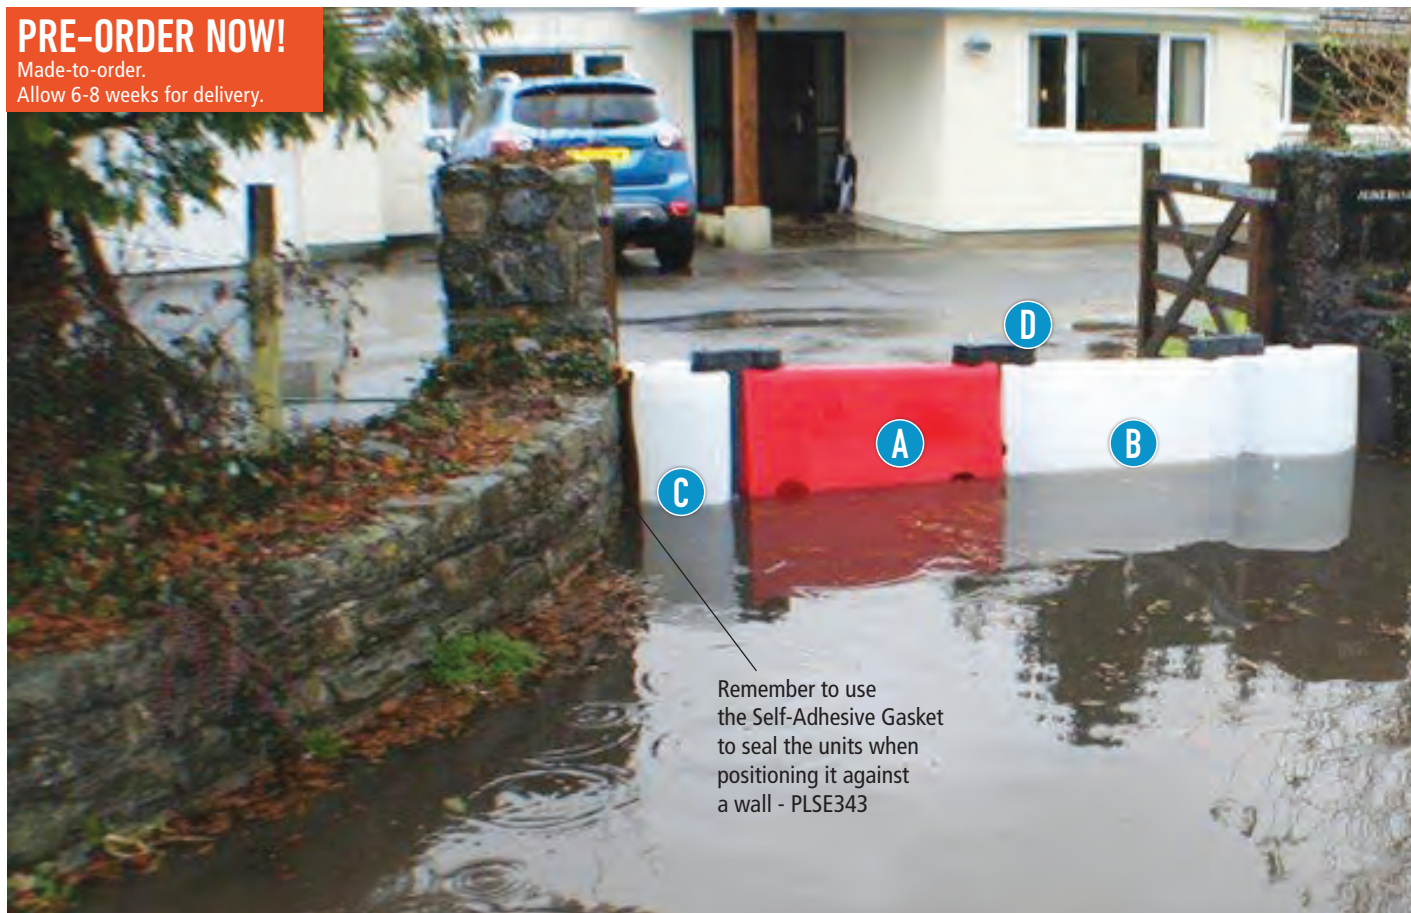

Connects two Corner Units together to create an "outer" corner.

FloodFence Units

Specify Colour for PLSE315 & PLSE316: Black Yellow

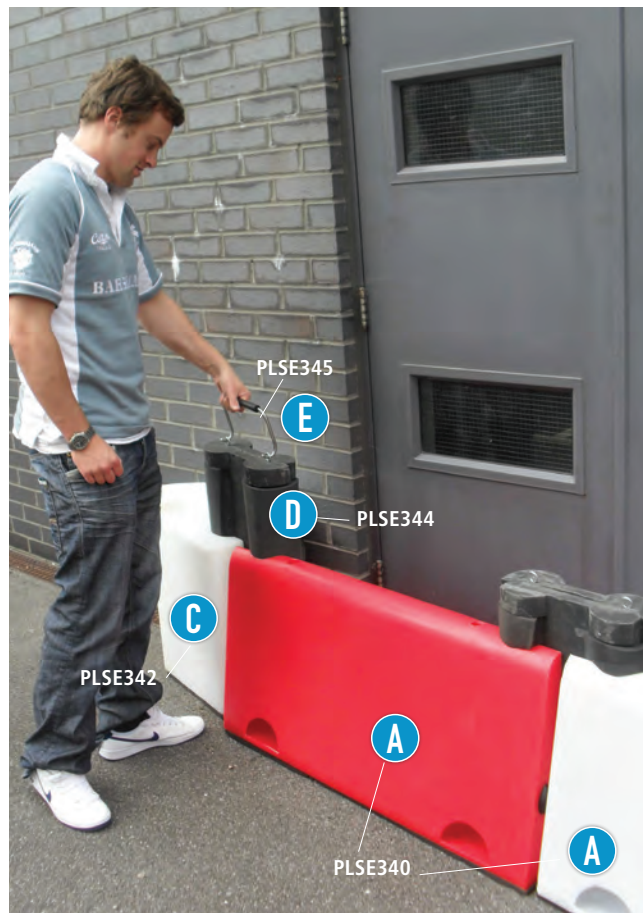

Item #	1-9	10+
PLSE315 • 100cm W x 45cm H x 58cm D	£150.00	£142.50
PLSE316 • Corner • 69cm W x 45cm H x 61cm D	£150.00	£142.50
PLSE317 • Wall Connector • Specify Left or Right • 20cm W x 45cm H x 58cm D	£182.00	£172.90
PLSE318 • Outer Corner Locking Pin	£45.00	£42.75

PRE-ORDER NOW!Made-to-order.
Allow 6-8 weeks for delivery.

Floodstop Barrier Units — Use rising floodwater to create a quick-to-deploy flood defence barrier.

- **Deploy in emergencies** or use as a semi-permanent or permanent solution for flood defence, road traffic delineation or reservoir system
- Works on hard standings such as **roads, pavements, pathways, as well as grass or soil** (not gravel)
- Self-balancing pods with a unique foam gasket base create a seal with the ground — **no anchoring required**
- Self-Filling Units (PLSE340 and PLSE350) **fill with rising floodwater** that, when combined with a Weighted Connection Key (sold separately), means the assembled barrier is always denser than the flood water
- Pre-Fill Units (PLSE341 and PLSE351) **should be filled with water** as you construct and position your barrier; when filled, they provide stability for your barrier as the rising floodwater approaches
- **Designed to handle a flow velocity of 0.5m/s** and withstand strong winds when deployed

Easily Select Your Modular Floodstop Barriers

A

Self-Filling Modular Unit

Fills with water as the tide rises through ports at the bottom of the unit.

B

Pre-Fill Modular Unit

Provides stability for your barrier as floodwater approaches; fill with water as you construct and position your barrier.

C

Multi-Hub Corner Unit

Allows for wall connection or acute angles. Self-Adhesive Gasket (PLSE343 or PLSE353; sold separately) allows barrier to be sealed tight to a building or wall.

D

Weighted Connection Key

Creates a seal and applied ballast between modular and multi-hub units. Twin eyelets allow for the use of a Connection Key (PLSE344 or PLSE354; sold separately) for easy removal.

E

Handle for Connection Key

Hooks into the twin eyelets on each Weighted Connection Key (PLSE344 or PLSE355; sold separately) for easy removal.

50cm H Floodstop Barrier Units

Specify Colour for PLSE340 and PLSE341: ☒ Red ☐ White

Item #	1-9	10+
PLSE340 • Self-Filling Modular Unit • 100cm L x 50cm W x 50cm H	£169.00	£160.55
PLSE341 • Pre-Fill Modular Unit • 100cm L x 50cm W x 50cm H	£169.00	£160.55
PLSE344 • Weighted Connection Key for Floodstop Unit	£61.50	£58.43
Item #	1-2	3+
PLSE342 • Multi-hub Corner Unit • 60cm W x 50cm H x 33cm D • White Only	£135.00	£128.25
PLSE343 • Self-Adhesive Gasket for Multi-hub Corner Unit	£21.50	£20.43
PLSE345 • Handle for Weighted Connection Key	£37.00	£35.15

NOTE: It is recommended every 3rd unit in your barrier should be a Pre-Fill style for maximum stability. Pre-Fill Floodstop Barrier Units are available to order separately as item# PLSE341. Units are typically made-to-order. To ensure protection is in place well ahead of any anticipated flooding, we recommend planning and ordering at least 6-8 weeks in advance.

90cm H Floodstop Barrier Units

Specify Colour for PLSE350 and PLSE351: ☒ Red ☐ White

Item #	1-9	10+
PLSE350 • Self-Filling Modular Unit • 100cm L x 75cm W x 90cm H	£305.00	£289.75
PLSE351 • Pre-Fill Modular Unit • 100cm L x 75cm W x 90cm H	£305.00	£289.75
PLSE352 • Multi-hub Corner Unit • 72cm W x 90cm H x 40cm D • White Only	£210.00	£199.50
Item #	1-2	3+
PLSE353 • Self-Adhesive Gasket for Multi-hub Corner Unit	£21.00	£19.95
PLSE354 • Weighted Connection Key for Floodstop Unit	£150.00	£142.50
PLSE355 • J-Handle for Lower Weighted Connection Key	£37.00	£35.15
PLSE345 • Handle for Weighted Connection Key	£37.00	£35.15

NOTE: It is recommended every 3rd unit in your barrier should be a Pre-Fill style for maximum stability. Pre-Fill Floodstop Barrier Units are available to order separately as item# PLSE351. Units are typically made-to-order. To ensure protection is in place well ahead of any anticipated flooding, we recommend planning and ordering at least 6-8 weeks in advance.

FLT116

PIG® Frameless Storm Drain Filters — There's no easier way to control oily runoff and sediment.

- **"Witches hat"** is designed for better filtration, improved handling and all-around performance
- Frameless design is **ideal for drains** of any shape, even in shallow drains
- **Heavy-duty, hi-vis strap** allows easier handling and removal
- Four-stage filtration process **treats more water and removes more oil** than basic storm drain filters
- **Overflow ports** help prevent blockage during high water flow
- ◆ **Helps you comply** with Environmental Regulations

A CLOSER LOOK

Fabric shelf starts removing pollutants immediately.

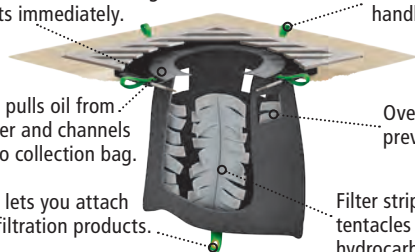

Hi-vis straps are easy to handle, easy to see.

Filter ring pulls oil from stormwater and channels runoff into collection bag.

Overflow ports prevent blockage.

Grommet lets you attach optional filtration products.

Filter strips act like tentacles to remove hydrocarbons.

FLT1000

Our affordable filters let you protect all your storm drains — even the smaller ones.

PIG® Frameless Storm Drain Filters

Item #	Storm Drain Size	Product Size	Abs. Up To	1-2	3+
FLT1000	23cm - 51cm W & 23cm - 51cm L; Round Drains 23cm - 51cm Dia	66cm W x 66cm L x 25cm H	1.9L	£43.75	£41.56
★ FLT116	51cm - 76cm W & 51cm - 91cm L; Round Drains 51cm - 76cm Dia.	91cm W x 107cm L x 43cm H	5.3L	£72.50	£68.88
FLT615	61cm - 122cm W & 61cm - 137cm L; Round Drains 61cm - 122cm Dia.	137cm W x 152cm L x 43cm H	7.8L	£99.25	£94.29

Patent 10,508,430

PipeSock — Control and contain oil and sediment during lower-volume dewatering.

- Simply attach to hose or pipe to **remove hydrocarbons** and sediment from water
- **Ultra-filter-Tex fibres** provide high efficiency and excellent flow
- Ideal for **pumping out** containment areas, collection ponds, utility vaults and sumps after heavy wet weather events
- Contains **100% post-consumer recycled synthetic fibres**
- ◆ **Helps you comply** with Environmental Regulations

Secure PipeSock to the end of a pipe or hose up to 20cm in diameter.

PipeSock

Item #	1-2	3+
FLT564 • Fits pipes up to 20cm Dia. • 152cm L x 20cm Dia. • Abs. up to 3L	£83.50	£79.33

NOTE: Liquid should always be checked before discharging into the environment.

Grit and Salt Bins — Protect salt, grit, sand or absorbents from the elements.

PAKE305

PAKE304

Hinged Lid protects salt from the elements.

PAKE305

- Manufactured from tough, medium density polyethylene, this bin is also **UV stabilised** and will not discolour through long-term exposure to sunlight
- **Hinged lid** protects contents from the elements
- **Slim Storage Bin** (PAKE304) has a capacity of 200 litres and will hold 10 25kg bags of salt; nestable and accessible for forklifts and pallet trucks
- **Medium Storage Bin** (PAKE305) has a capacity of 400 litres and will hold 20 25kg bags of salt; stackable and accessible for forklifts and pallet trucks

Grit and Salt Bins

Item #	1-2	3+
PAKE304 • Slim Storage Bin • Capacity 200L • 59cm W x 100cm L x 88.5cm H	£185.00	£175.75
PAKE305 • Medium Storage Bin • Capacity 400L • 75.5cm W x 100cm L x 88.5cm H	£205.00	£194.75

**BE PREPARED FOR ROOF LEAKS, TOO!
SEE OUR RANGE OF LEAK DIVERTERS

LEAK DIVERTERS

Safeguard your assets with the UK's largest range.

THERE'S NO LEAK WE CAN'T CATCH

The UK's largest range of styles, sizes and colours — available right here.

Who has time to repair roofs, ceilings or pipes in the midst of an emergency leak? Minimise damage, reduce downtime and safeguard your assets with a little help from PIG.

PIG Leak Diverters install fast, channelling liquids away from floors, helping to protect people and property from the hazards and damage that overhead leaks can cause.

Choose from our extensive range of customisable solutions and pre-packaged kits for roofs, ceilings, pipes and appliance and machinery leaks.

You can find out more about the technology below and, for help choosing the **PIG Leak Diverter** that's right for you, check out our handy selection guide on page 170 or call us on 0800 919 900.

**LEARN HOW TO CHOOSE A
LEAK DIVERTER AND FIND OUT MORE
ABOUT THE RANGE
ON PAGE 170.**

WON'T RIP, TEAR, PUNCTURE OR LEAK

Heavy-duty materials withstand rough handling and multiple uses. RF welding creates leakproof seams, unlike sewn corners and edges.

MULTIPLE POINTS FOR EASY HANGING

Multiple metal grommets provide plenty of connection points for easier hanging in more places.

SHAPED TO WORK FOR MAX FLOW

Reinforced pinched corners and folded edges create and maintain a funnel shape. No drooping, bowing or sagging.

FAST, CLOG-FREE DRAINING

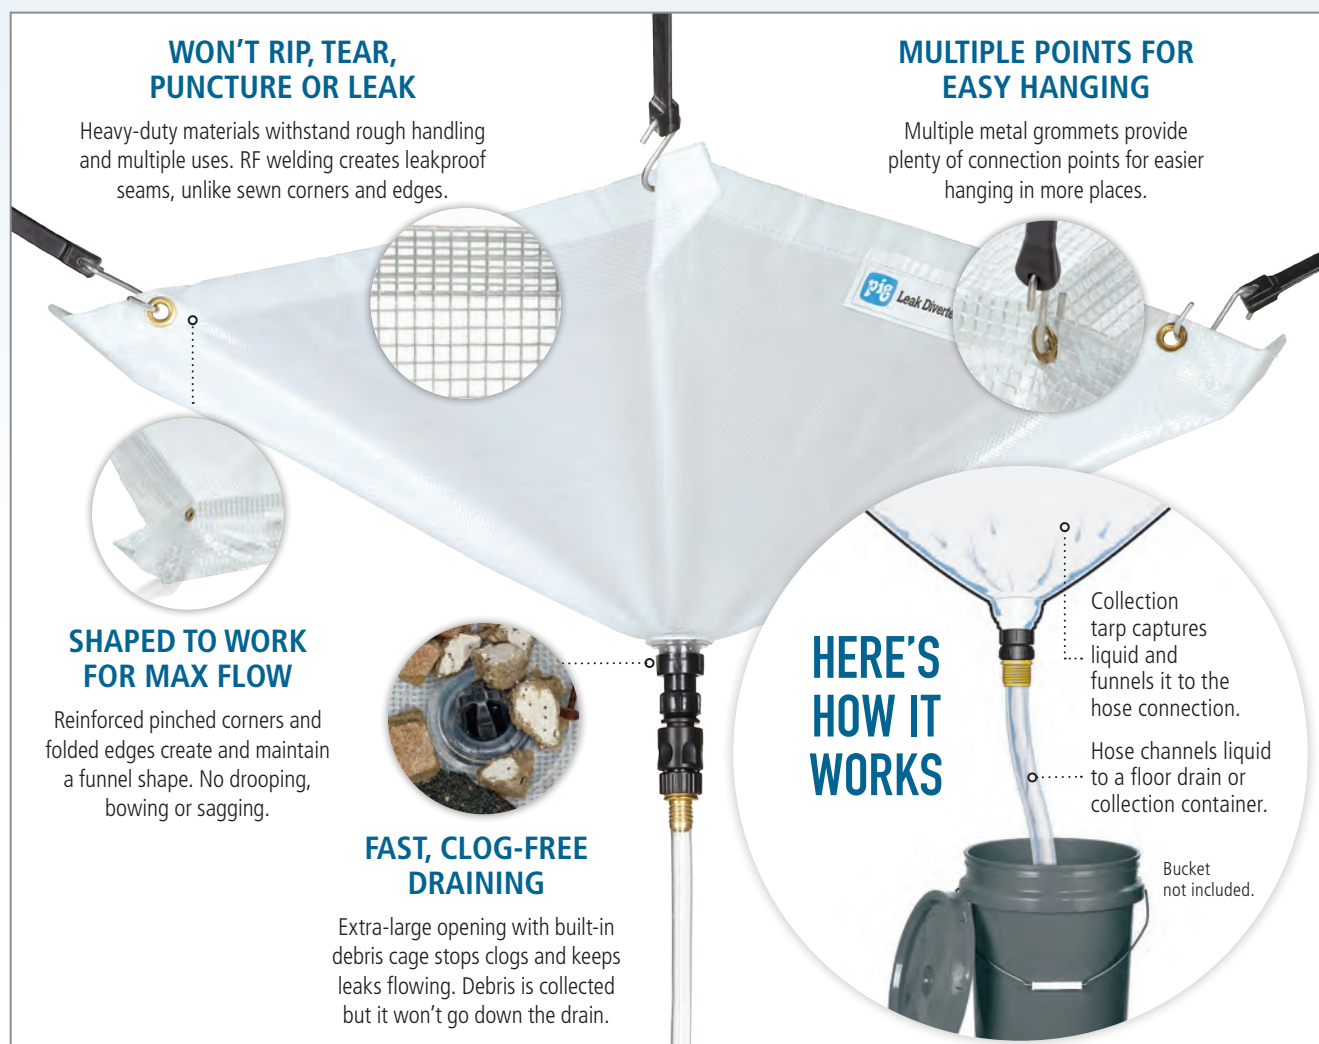

Extra-large opening with built-in debris cage stops clogs and keeps leaks flowing. Debris is collected but it won't go down the drain.

HERE'S HOW IT WORKS

Collection tarp captures liquid and funnels it to the hose connection.

Hose channels liquid to a floor drain or collection container.

Bucket not included.

NEED A LEAK DIVERTER? LET US HELP YOU CHOOSE THE RIGHT ONE.

New Pig offers the largest range of **Leak Diverter** styles and options, each tailored to specific leak and drip challenges in your workplace. Follow these simple steps to pick the right one for your application.

- 1 **Survey the spots where you're most likely to have a leak:** roof, ceiling, pipes, HVAC, etc.
- 2 Now, based on your answer to #1, you can **choose to custom-build your Leak Diverter** to meet your specific needs, prefer the convenience of an **all-in-one kit**, or prefer to go for one of our **specialty solutions** to meet your needs from the options and styles below.

CUSTOM BUILD

FOR ROOFS

PIG Roof Leak Diverters hang in problem spots to channel leaks to a drain or container.

Required Accessories: **A B** Optional Accessories: **C D**

See range on pages 171-179

APPLIANCES, MACHINERY & CONVEYORS

PIG Trough Style Leak Diverters are ideal for catching condensation from duct work & pipes, as well as runoff from conveyors.

Required Accessories: **A B** Optional Accessories: **C D**

See range on page 172

FOR PIPES

PIG Pipe Leak Diverters hang easily to catch and divert leaks and condensation from pipes and duct work.

Required Accessories: **A B** Optional Accessories: **C D**

See range on pages 178-179

SPECIALTY SOLUTIONS

FOR CEILINGS

PIG Ceiling Leak Diverters offer discreet, low-profile management of overhead leaks — perfect for office areas.

Optional Accessories: **D**

See range on pages 174-175

QUICK-DEPLOY KITS

PIG Umbrella-Style Leak Diverters are the fastest solution you can buy — installs in seconds.

Optional Accessories: **C D**

See range on pages 173, 176

ALL-IN-ONE KITS

ALL-IN-ONE KITS

PIG Leak Diverter Kits are perfect for quick and easy grab-and-go leak response. Everything you need all in one kit.

Optional Accessories: **C D**

See range on pages 176-177

PIG Leak Diverters for Roofs — Help protect your people, equipment and inventory from a roof leak.

- **Ideal for quick response** to avoid downtime after a roof leak or for long-term prevention in leak-prone areas
- Impermeable **tarp is vinyl coated** for strength and durability; resists punctures, UV and mildew for long life
- Pinched corners **help funnel liquid** toward center for better drainage; grommets or D-rings **resist tearing** and make installation easy
- Water flow rate of **12.6-litres per minute** when used with a 1/2" ID hose
- **Hose and hanging straps** sold separately on page 181

PIG® High Flow Leak Diverters — High-flow roof leak? No problem. Catch and divert 38 litres of liquid per minute.

- **Diverts liquids from pressure washing or hosedowns**; catches liquid and channels it to a drain, preventing puddling and wet floors
- Integrated 5cm x 762cm L flat vinyl hose drains up to 38L of liquid per minute; reinforced vinyl is **chemical, puncture and UV resistant**; 90-degree elbow between hose sections prevents kinking
- **Hanging straps** sold separately on page 181

PIG® High Flow Leak Diverters

Item #	1-2	3+
TLS675 • 183cm W x 183cm L	£186.25	£176.94
TLS676 • 340cm W x 340cm L	£289.25	£274.79

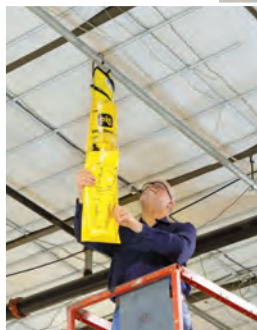

Contents • 1 Leak Diverter • 1 Flat Hose • 1 90° Elbow • 2 Hose Clamps

NOTE: Not suitable for temperatures over 170°F/77°C.
Dimensions are nominal size due to pinched corners and reinforced side walls.

PIG® Umbrella-Style Roof Leak Diverter Kits — Pop open the fastest solution you can buy to catch a roof leak.

- Hang from a single point near the leak, remove the cover and it **opens like an umbrella**
- **All-in-one kit** is perfect for quick response to prevent damage to inventory or machinery and avoid slip hazards
- **Hangs easily to catch nuisance leaks**; flexible PVC drain hose (included) channels them to a floor drain or collection container
- Impermeable **tarp is vinyl coated** for strength and durability; resists punctures, UV and mildew for long life
- Tapered **sides help funnel liquid toward centre** for better drainage
- 1.9cm drain fitting **accepts longer hoses**
- **Flow rate is 12.6L per minute** when used with 1.2cm ID hose
- **Three colours available**: yellow draws attention; clear shows liquids and lets light pass through; translucent shows liquids and blends in with white ceilings

Hang the diverter from a single point near the leak.

The flexible hose channels the leak to a floor drain or collection container.

TLS461

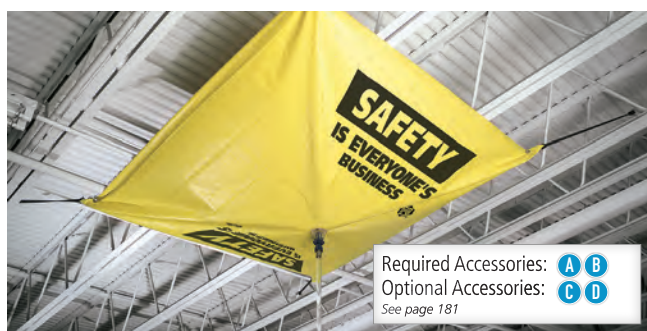

Optional Accessories: **D**
See page 181

PIG® Umbrella-Style Roof Leak Diverter Kits

Specify Colour: ☐ Clear ☐ Translucent ☒ Yellow

Item #	1-2	3+
TLS461 • 76cm W x 76cm L	£174.00	£165.30
Contents • 1 Leak Diverter • 1 305cm L Hose • 1 Drain fitting		
TLS903 • 123cm W x 123cm L	£235.25	£223.49
Contents • 1 Leak Diverter • 1 7.6m L Hose • 1 Drain fitting		

NOTE: Not suitable for temperatures over 170°F/77°C.

Required Accessories: **A B**
Optional Accessories: **C D**
See page 181

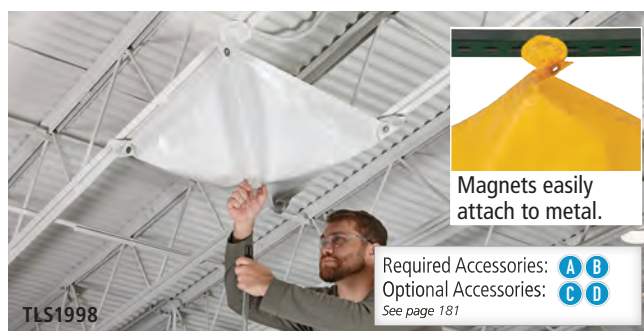

PIG® Safety Message Roof Leak Diverter — Bold messages reinforce safety.

- Engineered to **stop devastating roof leak damage** every time, guaranteed; **hangs easily** in problem spots to catch nuisance leaks and channel them to a floor drain or collection container
- **Avoid downtime after a roof leak** or for long-term prevention in leak-prone areas
- **Hanging straps and drainage hoses** sold separately on page 181

PIG® Safety Message Roof Leak Diverter

Item #	1-2	3+
TLS555 • 152cm W x 152cm L • "Safety Is Everyone's Business" message	£68.00	£64.60

NOTE: Not suitable for temperatures over 170°F/77°C.
Dimensions are nominal size due to pinched corners and reinforced side walls.

Magnets easily attach to metal.

TLS1998

Required Accessories: **A B**
Optional Accessories: **C D**
See page 181

PIG® Magnetic Roof Leak Diverter Tarp — Quickly respond to metal roof leaks.

- **Sewn-in magnets** allow for easy, fast deployment anywhere that metal is present; magnets provide a strong hold in areas where traditional leak diverter tarps may be difficult to hang
- **Hanging straps and drainage hoses** sold separately on page 181

PIG® Magnetic Roof Leak Diverter Tarp

Specify Colour: ☒ Black ☐ White ☐ Yellow

Item #	1-2	3+
TLS1998 • 51cm W x 51cm L	£178.00	£169.10
TLS1999 • 152cm W x 152cm L	£209.50	£199.03

NOTE: Not suitable for temperatures over 170°F/77°C.
Dimensions are nominal size due to pinched corners and reinforced side walls.

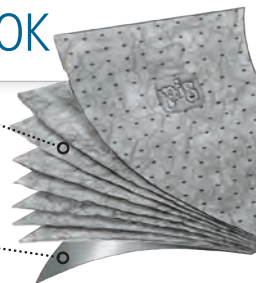

PIG® Ceiling Tile Absorbent Pad — Catch minor drips before they stain your tile.

- **Absorbent pad** rests on top of your ceiling tile to catch minor drips
- **Poly backing** prevents absorbed liquids from staining the ceiling tile
- **Low-profile and lightweight**; won't interfere with above-ceiling structures or cause tiles to sag
- **Dimpled surface pattern** speeds wicking of liquid for rapid absorption
- Absorbent pads contain **25% or more recycled content**

A CLOSER LOOK

Multiple layers of thermally-bonded, melt-blown polypropylene make PIG Mat the toughest mat on the market.

Poly backing keeps liquid from passing through to ceiling tiles.

PIG® Ceiling Tile Absorbent Pad

Item #	1-2	3+
TLS100 • 25 pads/box • Abs. up to 15.1L/box • 39cm W x 51cm L	£38.00	£36.10
TLS666 • 10 pads/box • Abs. up to 22.3L/box • 58cm W x 122cm L	£61.00	£57.95

1

Remove the stained portion of drywall.

2

Cover the opening with the leak diverter.

3

Connect a hose to divert leaks into a drain or container.

Hose sold separately on page 177.

Required Accessories:

Optional Accessories:

See page 181

PIG® Drywall/Plasterboard Ceiling Leak Diverter Tarp — Stop damage across drywall ceilings.

- **Capture and divert drips from drywall/plasterboard ceilings** before they become a bigger, more expensive problem; saves money by preventing the spread of stains and damage
- **Attaches above the drywall/plasterboard** after removal of damaged ceiling section (37cm x 37cm), leaving only partial visibility of full diverter; maintains a professional look
- **Can remain in ceiling** until you're able to repair the leak
- Features a **clog-blocking debris cage** and a 12.6 litre/minute flow rate when used with a 1.9cm hose; hose connector included

Leak diverter tarp comes with two hanging rods and a hose connector. Hose sold separately.

PIG® Drywall/Plasterboard Ceiling Leak Diverter Tarp

Item #	1-2	3+
TLS830 • 41cm W x 41cm L x 7.5cm H	£78.75	£74.81

Contents • 1 Leak Diverter • 2 Support Rods • 1 Hose Connector

NOTE: Not suitable for temperatures over 170°F/77°C. Dimensions are nominal size due to pinched corners and reinforced side walls.

PIG® Ceiling Tile Leak Diverters — Protect valuable office equipment from drop ceiling leaks and drips with this discreet system.

- **Channel away liquids** to minimise wet floors and damaged equipment
- Includes drain hose and clips to **secure hose to ceiling grids**
- Flow rate of channelled liquid is **3.8 litres/minute**
- After leak has been repaired, **simply uninstall and store** for later use
- Use **TLS366** to replace a standard 61cm x 61cm drop-ceiling tile; use **TLS367** to replace a 61cm x 122cm tile

PIG® Ceiling Tile Leak Diverters

Item #	1-2	3+
TLS366 • 61cm W x 61cm L	£131.25	£124.69
TLS367 • 61cm W x 122cm L	£148.75	£141.31

Contents • 1 Leak Diverter • 1 7.6m L Drain Hose (9.5mm ID, 16mm OD) • 6 Ceiling Clips • 9 Tie Wraps

NOTE: Not suitable for temperatures over 170°F/77°C.

PIG® Above-the-Ceiling Leak Diverter — Catch the leak before it damages your tile.

- Diverter remains **completely out of view** whilst diverting ceiling leaks
- **Simply place the diverter directly on the ceiling tile**, right below the leak or drip
- Mounted on a lightweight, **sturdy frame** that sits on suspended 61cm x 61cm or 61cm x 122cm acoustical tile
- **Impermeable tarp** is vinyl coated for strength and durability
- **Includes everything you need** to set up and use

PIG® Above-the-Ceiling Leak Diverter

Item #	1-2	3+
TLS620 • 57cm W x 82cm L x 18cm H	£115.25	£109.49

Contents • 1 76cm x 107cm vinyl sheet • 1 PVC Frame • 1 762cm Hose • 2 hose clamps

NOTE: Not suitable for temperatures over 170°F/77°C.

Patent 7,331,357

PIG® Suspended Ceiling Leak Diverter Kit — Clip in place to control leaks and drips.

- **Low-profile**, hangs inches from ceiling; won't impede traffic or draw attention
- **Easily installed close to the wall**, in a corner or in middle of room with a drop ceiling; diverts leaks to drain, bucket or tank
- **Internal fibreglass rods** prevent bowing and sagging; can span multiple panels
- Includes eight additional ceiling grid clips and a length of plastic chain to **create the correct hose slope for water discharge**

PIG® Suspended Ceiling Leak Diverter Kit

Item #	1-2	3+
TLS102 • 123cm W x 127cm L	£225.00	£213.75

Contents • 1 Leak Diverter • 2 9.5mm x 124cm Fibreglass rods • 2 9.5cm x 137cm Fibreglass rods • 1 Hose 12 Hook style ceiling clips

NOTE: Not suitable for temperatures over 170°F/77°C.

Hang it in places where you need fast response.

Optional Accessory: See page 181

TLS753

PIG® Spring-Open Leak Diverter Kits — Hangs and levels easily to capture and divert overhead leaks.

- Coiled diverter **springs open for easy installation**
- Straps, hooks and clamps can be adjusted in seconds; just **nudge diverter until it's centered and leveled**, even if hanging points are uneven
- **Rigid outer rim holds diverter open** for easy handling
- All diverter **components are pre-attached for speedy set-up**; flexible PVC drainage hose (included) clicks into place with preinstalled quick-connect adapter
- **Conical shape** funnels leaks toward center for better drainage; translucent for easy monitoring
- **Hangs easily** in problem spots to catch nuisance leaks and channel them to a floor drain or collection container
- **Nonpermeable tarp is vinyl coated** for strength and durability; resists punctures, UV and mildew for long life
- Includes **hose and adjustable hanging straps**

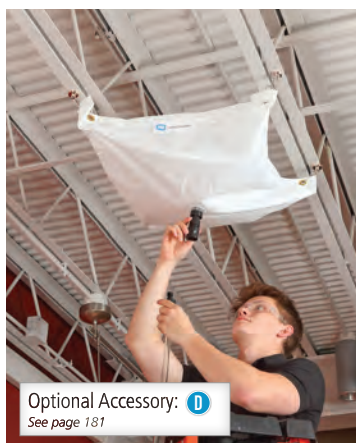

PIG® Spring-Open Roof Leak Diverter Kits

Item #	1-2	3+
TLS752 • 76cm Dia. x 25cm H	£118.50	£112.58
TLS753 • 132cm L x 86cm W	£123.00	£116.85

Contents • 1 Leak Diverter • 1 Quick Connect Set • 1 762cm L Drainage Hose • 2 Adjustable Length Bungee Cords 4 Hanging Hooks • 1 Vinyl Storage Bag

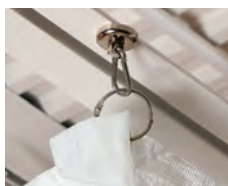

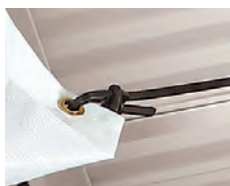

NOTE: Not suitable for temperatures over 170°F/77°C.

Optional Accessory: See page 181

Includes five PIG Water Mats for leaks that may have reached the floor.

Kit includes your choice of hanging straps or magnets.

PIG® Quick Response Roof Leak Diverter Tarp Kit — All-in-one Kit catches roof leaks.

- **Super-easy installation:** choose between magnetic or adjustable hanging straps
- **Multiple hanging points** with tear-resistant brass grommets preserve shape and keep diverter stable
- **Clear, compact drawstring bag** is easy to grab for quick response
- Includes five wringable, reusable **PIG Water Absorbent Mats** for cleaning up any leaks that may have hit the floor
- PIG Water Absorbent Mats **contain up to 60% pre-consumer recycled cellulose**

PIG® Quick Response Roof Leak Diverter Tarp Kit

Specify with Hanging Straps or with Magnets

Item #	1-2	3+
TLS1120 • 76cm W x 76cm L	£123.50	£117.33

Contents • 1 Leak Diverter • 1 Drainage hose • 4 Adjustable Hanging Straps or 4 Magnetic Hanging Clips • 1 Quick Connect Set • 5 Mat Pads • Clear Drawstring Bag

NOTE: Not suitable for temperatures over 170°F/77°C. Dimensions are nominal size due to pinched corners and reinforced side walls.

Use bucket as a collection container for diverted liquid.

TLS121

PIG® Leak Diverter Bucket Kits for Roofs — Be ready for roof leaks with all-in-one diverter kits.

- Contains supplies for rapid response to roof leaks, **all in a 24.6-litre bucket**
- **Non-permeable tarp** is vinyl coated for strength and durability; resists punctures, UV and mildew for long life
- Flow rate of **12.6-litres per minute** when used with a 1/2" ID hose
- **All Kits include** diverter, hose and adjustable hanging straps
- TLS667 and TLS668 have preinstalled **quick-connect set** for speedy set-up and include high-vis yellow **PIG Mat Pads** to soak up puddles to keep floors safe while "Caution" message draws attention to spills; **PIG All-Purpose Wipes** are great for cleaning up small spills

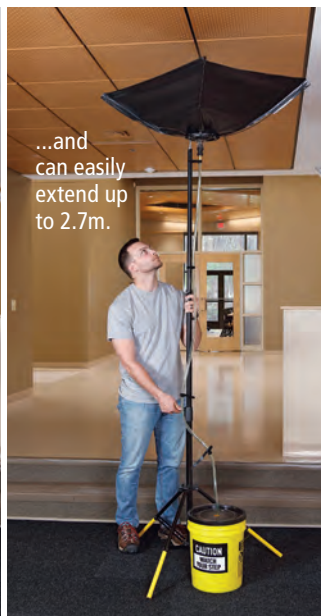

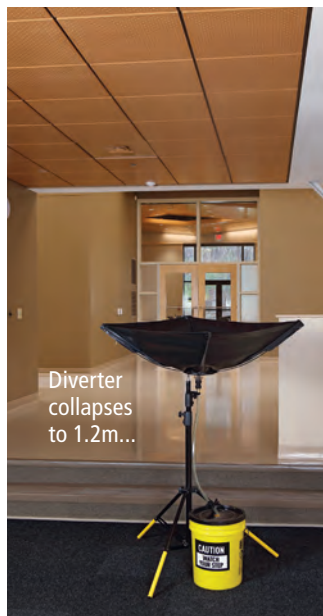

Printed "Caution" message on back of buckets doubles as a warning sign.

PIG® Leak Diverter Bucket Kits for Roofs

Item #	1-2	3+
TLS667 • 152cm W x 152cm L • Abs. up to 7L/kit	£175.00	£166.25
TLS668 • 213cm W x 213cm L • Abs. up to 7L/kit	£198.50	£188.58

TLS950 • 76cm W x 76cm L	£119.50	£113.53
★ TLS121 • 152cm W x 152cm L	£137.25	£130.39
TLS951 • 213cm W x 213cm L	£161.75	£153.66
TLS950, TLS121 & TLS951 Contents • 1 Leak Diverter • 1 Drainage hose • 4 Adjustable Hanging Straps 1 Bucket • 1 Drain fitting		

NOTE: Not suitable for temperatures over 170°F/77°C.
Dimensions are nominal size due to pinched corners and reinforced side walls.

PIG® High-Reach Roof Leak Diverter Tarp Kit — Funnel leaks from high ceilings safely.

- **Telescoping high-reach leak diverter** quickly routes small leaks from high ceilings that have difficult access and no attachment points
- **Ideal for heavy foot-traffic areas**; sturdy, hard-to-tip weight distribution and hi-vis yellow legs with "Caution" message warn pedestrians and prevent tripping
- **Telescoping pole adjusts to 2.7m** — no ladder required
- Extra-large drain opening features **anti-clog cage**
- **Capture drips from ceilings up to 4.5m high** without the risk of splash-out; included mat pad catches splashes from ceilings over 4.5m

PIG® High Reach Roof Leak Diverter Tarp Kit

Item #	1-2	3+
TL5820 • 69cm W x 89cm L • Telescopes up to 2.74m H	£439.75	£417.76

Contents • 1 Leak Diverter • 1 Drainage hose • 1 Telescoping Pole • 1 Bucket • 1 Mat Pad

NOTE: Not suitable for temperatures over 170°F/77°C.

Required Accessories: **B**
Optional Accessories: **C** **D**
See page 181

PIG® Oil Pipe Leak Diverter Kit — Quick response to overhead leaks.

- Hangs from a leaking pipe or other overhead oil system to **catch nuisance leaks** and channel them to a collection pail (included)
- Nonpermeable tarp is vinyl-coated for strength and durability and tested for **compatibility with high-viscosity oils**
- 24.6L bucket has removable plug to allow drainage hose to be inserted **without having to remove the lid**
- **Included absorbents and wipes** soak up small oil spills

PIG® Oil Pipe Leak Diverter Bucket Kit with Absorbents

Item #	1-2	3+
TL5707 • Ext. Dia. 46cm x 46cm H	£177.00	£168.15

Contents • 1 Leak Diverter • 1 762cm L Drainage Hose • 4 Rubber Hanging Straps • 1 Quick Connect Set • 1 75-Pack Wipes • 10 Mat Pads • 1 24.6-litre bucket

NOTE: Not suitable for temperatures over 170°F/77°C.

PIG® High-Reach Leak Diverter — Installs up to 6m in the air without a ladder.

- Lengthen **telescoping pole 183cm-610cm** to quickly catch leaks and channel them to a floor drain or collection container
- Tension mounted pole with **rubber cups** secures pole to floor and ceiling; **easy for one person to install** or move a Leak Diverter from one location to another
- Nonpermeable tarp is **vinyl-coated for strength and durability** and it resists punctures, UV and mildew for long life
- **Hoses sold separately** on page 181

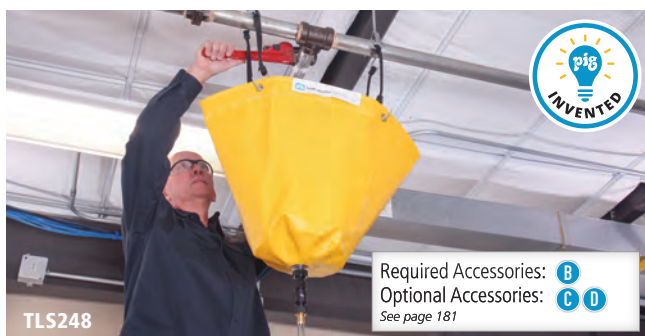

PIG® High-Reach Leak Diverter

Item #	1-2	3+
TL5564 • 30cm Dia. x 28cm H	£449.00	£426.55

Contents • 1 30cm Ext. Dia. x 28cm H Leak Diverter • 1 183cm L - 610cm L Spring Loaded Expanding Pole 1 Wire Frame • 2 Pole End Fittings

NOTE: Not suitable for temperatures over 170°F/77°C.

TLS248

Pig Leak Diverter for Pipes — Capture pipe leaks at the source before slips and falls occur.

- Hangs from a leaking pipe to **catch nuisance leaks** and channel them to a floor drain or collection container
- Impermeable tarp is vinyl coated for strength and durability; **resists punctures, UV and mildew** for long life
- Hose coupling accepts **drainage hoses** (sold separately on page 181)

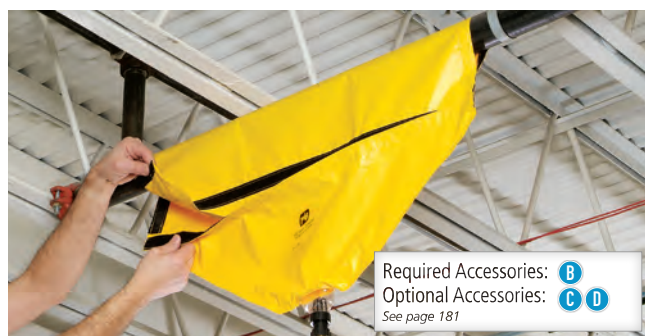

PIG® Leak Diverter for Pipes

Specify Colour: ☐ Clear ☐ Grey ☒ Yellow

Item #	1-2	3+
TLS200 • 30cm Dia. x 30cm H • Not Available in Grey	£61.75	£58.66
TLS248 • 46cm Dia. x 46cm H	£71.75	£68.16

Contents • 1 Leak Diverter • 1 Drain fitting • 4 Rubber straps

NOTE: Not suitable for temperatures over 170°F/77°C.

Pig Horizontal Leak Diverter for Pipes — Purpose-built design catches pipe leaks or condensation.

- Wraps completely around pipes from 1.9cm to 10cm diameter to contain spraying liquids; hangs easily with hook-and-loop fasteners
- Hangs from a leaking pipe to **catch nuisance leaks** and channel them to a floor drain or collection container
- Tapered design helps funnel liquid toward centre for better drainage
- Impermeable tarp is vinyl coated for strength and durability; **resists punctures, UV and mildew** for long life
- Hose coupling accepts **drainage hoses** (sold separately on page 181)

PIG® Leak Diverter for Pipes - Horizontal

Item #	1-2	3+
TLS147 • 72cm W x 41cm H	£89.50	£85.03

Contents • 1 Leak Diverter • 1 Drain fitting

NOTE: Not suitable for temperatures over 170°F/77°C.

Pig Cinchable Leak Diverter — Channel a leak away from oddly shaped components.

- **Cinchable drawstrings** get you as close as possible to the source of the leak to capture more liquid
- **Compact size** lets you target a specific leak in tight spaces
- Impermeable material is **vinyl coated for strength and durability**
- **UV resistant up to 12 months** for long-term outdoor use without degradation
- **Hoses sold separately** on page 181

PIG® Cinchable Leak Diverter

Item #	1-2	3+
TLS182 • 50cm W x 81cm L	£48.75	£46.31

Contents • 1 Leak Diverter • 1 Drain Fitting

NOTE: Not suitable for temperatures over 170°F/77°C.

Pig Low-Profile Leak Diverter — Engineered to capture leaks where full-size designs can't fit.

- **Compact size** and low-profile design lets you target a specific leak in tight spaces
- Impermeable material is **vinyl coated for strength and durability**
- **UV resistant up to 12 months** for long-term outdoor use without degradation
- **Built-in grommets and rubber straps** (not included) make it easy to hang from an overhead pipe
- **Hoses and straps sold separately** on page 181

PIG® Low-Profile Leak Diverter

Item #	1-2	3+
TLS190 • 29cm dia x 23cm H	£63.75	£60.56

NOTE: Not suitable for temperatures over 170°F/77°C.

Featured Products

PIG Grippy Adhesive-Backed Floor Mat

Adhesive-backed floor mat stays exactly where you put it with no shifting, bunching up or flipping over.

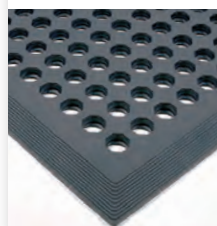

See page 185

PIG Grippy Adhesive-Backed Floor Mat with Safety Borders

This floor safety solution combines a hi-vis border with a high-traction surface and adhesive backing.

See page 187

Worksafe Anti-Fatigue Mat

Hard-wearing workstation mat provides anti-slip and fatigue relief in all industrial areas.

See page 200

NEED AN ENTRANCE MAT?

LET US HELP YOU CHOOSE THE RIGHT ONE.

Entrance Mats are designed to absorb rainwater and dry footwear, helping to reduce slip hazards and keep floors looking cleaner around entrances and reception areas.

Our **PIG Grippy Adhesive-Backed Floor Mat** range takes entrance and floor mats to the next level. Not only do they absorb rainwater quicker than traditional entrance mats, but they also trap dirt and other nasties to prevent them from being trodden across your floors.

New Pig also offers a whole host of innovative **floor and entrance mat solutions** for a variety of environments — from offices to warehouses, factories to showrooms and everywhere in between.

GRP36200

PIG Grippy Adhesive-Backed Floor Mats — Turn wet, slippery floors into worry-free walkways.

- PIG Grippy Adhesive-Backed Floor Mat is highly absorbent, very low profile, **extremely durable and effortless to maintain**; traps dirt, salt and moisture to keep it from being tracked around
- Adhesive-backed floor mat **stays exactly where you put it with no shifting, bunching up or flipping over** but peels up easily when it's time to replace
- PIG Grippy Adhesive-Backed Floor Mat **will stick to most common commercial floor surfaces**, including: concrete, vinyl tile, ceramic tile, quarry tile and linoleum
- **Extreme durability that stands up to heavy traffic** to keep it on the job for up to 6 months, depending on conditions and traffic patterns
- **Easy to use**: roll out continuous walk-off coverage for entrances and walkways with no gaps, ripples or overlaps that cause slips and trips
- **Easy to customise**: lets you create custom-size floor mats for transition areas and wet problem spots
- PIG Grippy Adhesive-Backed Floor Mat has up to a **91% lower environmental impact than rental floor mats** (see page 120)

pig Grippy Adhesive-Backed Mats with Safety Borders — Provide a no-slip path for foot traffic with our hi-vis, adhesive-backed runner.

- Yellow and black pattern runs down both edges of mat roll, helping you **indicate hazards and boost safety**
- Adhesive-backed floor mat **stays exactly where you put it with no shifting, bunching up or flipping over** but peels up easily when it's time to replace
- **Will stick to most common commercial floor surfaces**, including: concrete, vinyl tile, ceramic tile, quarry tile and linoleum
- **Extreme durability that stands up to heavy traffic — even forklifts** — to keep it on the job for up to 6 months, depending on conditions and traffic patterns
- **Easy to clean:** you can sweep, vacuum, mop, use your shop/wet vac or run your floor scrubber over the mat and it won't budge (cleaning helps to restore hi-vis properties of safety border)
- **Easy to customise:** lets you create custom-size floor mats that promote the safest path, even around corners

Smoothing Roller — Walk-behind roller makes applying Grippy faster and easier.

- **Eliminates the need to get down on your knees** during Grippy Adhesive-Backed Mat installation
- Smoothing roller **unrolls the mat** as you push it along and **smooths it into place** without creating air pockets or bubbles
- **Ergonomic design** has a comfortable grip and angled handle for upright operation; eliminates back strain and knee pain
- **Kickstand** lets you stand roller upright without falling over or rolling away; **hook on handle** lets you hang roller on chain-link fencing or other hanging systems for long-handled tools

Smoothing Roller for Grippy® Adhesive-Backed Mats

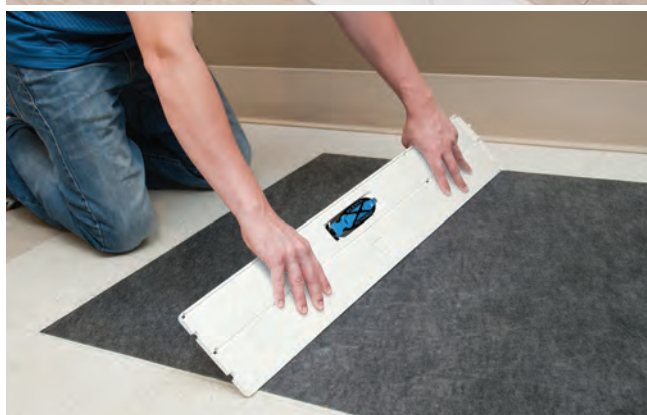

Item #	1+
GRP021 • 97cm W x 147cm L • 1 each	£147.00

Utility Board — Cutting guide allows you to make precise cuts and smooth mat.

- Convenient, pre-scored "template" guides your blade, **producing clean, accurate cuts**
- **Create perfect corners or 45° angles** for working around obstacles or making shapes
- Can also be used as a float to **smooth out Grippy Mat**
- **Connect two boards together** for cutting or applying mats wider than 91cm or making diagonal cuts
- Designed to **use with our Safety Knife for Grippy Mat** (sold separately)

Utility Board allows you to quickly and easily smooth out your Grippy Mat during installation.

Utility Board for Grippy® Adhesive-Backed Mats

Item #	1+
GRP001 • 97cm W x 15cm D • 1 each	£26.25

Safety Knife — Make precision cuts to Grippy Mats with a safety-first knife.

- Recessed blade has **protective edges** to help eliminate worker **injuries** and property damage
- **Makes quick, clean cuts** to PIG Grippy Adhesive-Backed Mats without the risk of handling scissors or box cutters
- **Blades can be easily changed out** when worn; GRP012 comes with two replacement blades
- **Replacement blade pack** (GRP011) comes in a set of 10 blades

Safety Cutting Knife

Item #	1+
GRP012 • Safety Knife with 2 blades	£18.50
GRP011 • Replacement Blades • 10/bag	£16.50

Removal Tool — Claw-like tool makes removing Grippy Mat even easier.

- Removal Tool **“locks” its jaws onto mat material**, providing a firm handgrip for pulling up adhesive-backed mat
- **Rounded handle adds comfort**; won't dig into your hand as you pull
- High-quality aluminium construction is **durable and reliable**

Removal Tool for Grippy® Adhesive-Backed Mats

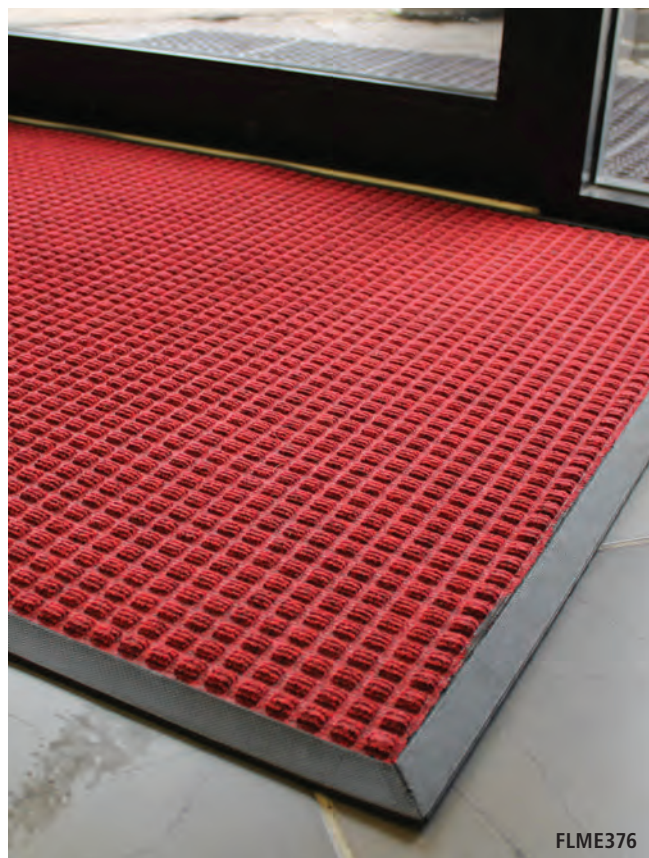

Item #	1+
GRP020 • 9cm W x 19cm L x 13cm H • 1 each	£29.00

NOTE: Most Grippy Adhesive-Backed Mats pull up easily by hand. This Removal Tool is helpful for removing long runs, wide sizes or mats that have been in place for extended periods of time.

Superdry Entrance Mats — Premium waffle mat features optimum moisture retention.

- Ideal for heavy foot traffic areas, for loose lay placement indoors
- Raised, reinforced “waffle” pattern scrapes dirt away from footwear, helping to reduce the amount of dirt/debris brought into the building
- Slip resistant vinyl base and ramped edges have a low 7mm height for easy wheelchair access; able to retain up to 5.4 litres of water
- Exceptional moisture wiping properties; able to retain up to 5.4L/m² of water
- Ideal for placement inside entrances of schools, offices, shops and more

NEED AN ANTI-FATIGUE MAT?

LET US HELP YOU CHOOSE THE RIGHT ONE.

New Pig offers a wide range of anti-fatigue mats designed to reduce the fatigue caused by standing for prolonged periods of time.

Available for a wide range of applications, Anti-Fatigue Mats act as a barrier, absorbing shocks from floor surfaces and encouraging movement to improve blood flow, minimise leg and back strain and reduce fatigue.

DID YOU KNOW?

ANTI-FATIGUE MATS INCREASE COMFORT AND PRODUCTIVITY.

Effects of long-term standing.

- Standing on hard surfaces for long periods of time causes muscles to restrict and reduce blood flow. As a result, muscles and joints hurt and the blood stagnates.
- Long-term standing also causes pronation, or excessive flattening of the foot. This is tiring, painful and can lead to plantar fasciitis and lower back pain.

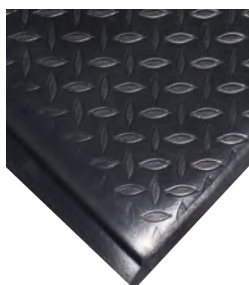

How Anti-Fatigue Mats help.

- Anti-fatigue mats encourage subtle leg and calf muscle movements, which increase blood and oxygen flow and keeps it from stagnating in the veins, which is what causes workers to feel fatigued.
- Anti-Fatigue mats significantly improve productivity and employee satisfaction while reducing absenteeism and chronic illnesses related to long-term standing.

Orthomat Comfort Plus Anti-Fatigue Mats — Thicker foam construction.

- Recommended **for light-duty use** in dry indoor industrial environments; can be installed in a wide array of workplaces
- A thicker, single layer foam anti-fatigue mat for **maximum levels of comfort**
- **Insulates against cold concrete floors**
- **Checkerplate surface** provides an attractive appearance
- Brush/mop the top surface for **easy cleaning**

FLME165

Ramped edges help avoid creating a trip risk.

Orthomat Comfort Plus Anti-Fatigue Mats

Item #	1-2	3+
FLME165 • 60cm W x 90cm L x 15mm H	£54.50	£51.78
FLME166 • 90cm W x 150cm L x 15mm H	£105.00	£99.75

FLME165

EliteDiamond Anti-Fatigue Mats — Durable with diamond pattern top.

- Recommended **for heavy-duty use** in dry industrial environments indoors; can be installed in a wide array of workplaces
- This individual workstation mat **improves comfort when standing** in the workplace
- **Superior material ensures durability**
- Brush/mop the top surface for **easy cleaning**

FLME155

Ramped edges with hi-vis yellow borders help avoid creating a trip risk.

EliteDiamond Anti-Fatigue Mats

Item #	1-2	3+
FLME155 • 60cm W x 90cm L x 18mm H	£94.50	£89.78

FLME429 • Nitrile Rubber • 90cm W x 120cm L x 14mm H	£65.50	£62.23

Deckplate Anti Fatigue Mats — Relief in demanding areas.

- Hardwearing top surface ensures a long life in normal use; recommended **for heavy duty use** in dry industrial environments
- **Diamond plate pattern provides traction** while allowing easy twist turns
- Sold per metre, this **custom length option** fits your workplace with clean, factory-cut edges; maximum full roll length is 18.3m
- Bevelled edges **minimise tripping hazards**

FLME433
Available with yellow borders along sides for added safety.

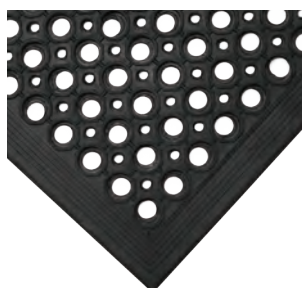

Deckplate Anti Fatigue Mats

Specify Colour: Black Black/Yellow

Item #	Colour	1-2	3+
FLME433 • Cut Length (per linear metre) 60cm W x 15mm H	Black	£65.50	£62.23
	Black w/ Yellow Borders	£76.25	£72.44
FLME434 • Cut Length (per linear metre) 90cm W x 15mm H	Black	£92.25	£87.64
	Black w/ Yellow Border	£94.50	£89.78

High-Duty Anti-Fatigue Mat — Multi-purpose mat with anti-slip surface and bevelled edges.

- Recommended for **heavy-duty use in wet industrial environments**, suitable for frequent oil spills
- **Raised circular surface** gives excellent underfoot grip, whilst open holes capture liquids and swarf; allows for liquids to disperse quickly
- Mat has bevelled edges on all sides for safety; **slip tested to DIN 51130 - R10**
- **Hard wearing nitrile rubber** means this product is suitable for oily and greasy environments, machine tool areas where swarf is prevalent, as well as standard wet and dry areas

FLME449

Mat structure allows liquids to disperse, and bevelled sides prevent tripping.

High-Duty Anti-Fatigue Mat

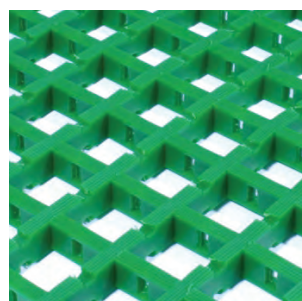

Item #	1-2	3+
FLME449 • 90cm W x 150cm L x 12mm H	£51.00	£48.45

◀◀ **ADD PIG MAT UNDER YOUR ANTI-FATIGUE MAT TO SOAK UP LIQUIDS. SEE PAGES 13-15**

Industrial Safety Matting — Provides traction in oily work areas.

- PVC cross-ribbed mat has **flexible extrusions for safer footing**
- Anti-fatigue properties provide **enhanced comfort and safety**
- Interwoven PVC matting **resists many oils, greases, mild acids and alkalis** so it can be used in a variety of industrial settings
- Fully reversible mat is **easy to clean and reposition**

FLML400

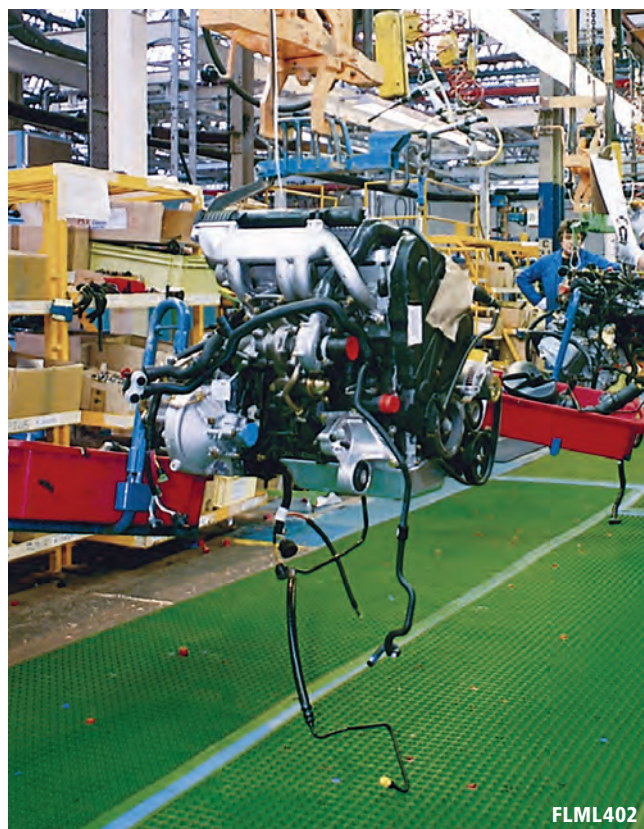

Large drainage holes are ideal for wet, oily work environments.

Industrial Safety Matting

Specify Colour: Black Blue Green Red

Item #	1-2	3+

	Yellow	£17.00	£16.15

ToughDeck Workplace Modular Tile — Non-slip interlocking decking is ideal for wet working environments.

- Recommended **for heavy-duty use** in wet industrial environments indoors
- Manufactured from **100% recycled rubber and plastic**
- Combination of substantial product height and large holes offers **excellent drainage**
- **Can be installed into almost any configuration** to protect nearly any size or shape floor
- Edges and Corner Edges (sold separately) add a finished bevelled edge that **helps prevent trips and falls**

ToughDeck Workplace Modular Tile

Item #	1-2	3+
FLME171 • Recycled rubber & plastic • 48cm W x 48cm L x 20mm H • 1/each	£14.25	£13.54

Accessories for ToughDeck Workplace Modular Tile

Specify Colour: Black Yellow; Specify Connector for FLME173: Male or Female

Item #	Colour	1-2	3+
FLME172 • Corner Edges • 4/package	Black	£4.75	£4.51
	Yellow	£7.00	£6.65
FLME173 • Bevelled Edge • 1/each	Black	£10.75	£10.21
	Yellow	£16.00	£15.20

LIQUID & MATERIAL HANDLING

Dispense and transport liquids quickly and safely with PIG-proven solutions.

WANT TO STORE & TRANSPORT LIQUIDS IN A CLEANER, SAFER & FASTER WAY?

Count on PIG's unparalleled range of innovative material handling solutions to do just that.

We're dedicated to making liquid handling safer and faster for you.

Our range of **patented drum funnels** offer a quick, clean way for you to handle fluids safely. Our extensive range of **manual or powered industrial drum pumps** also provide quick and easy liquid transfers from drums, tanks and storage containers – proven to handle your thickest oils and lubricants.

Our **drum accessories** include **gauges, taps, wrenches and tools** to help make your work with drums easier and safer. You can also choose from our variety of **drum trucks** to load steel, poly, or fibre drums onto pallets and racks.

We even have **UN-approved drums** to help you get the job done right.

PIG Tight-Head Poly Drum and IBC Funnels — Pour liquids easily and safely into your drums, totes, tanks and buckets.

- Non-threaded funnels **stay securely in place** after installation and are easily removed
- **Molded-in nozzles** easily fit 2" bungs (DRM1406), 10-15cm IBC openings (DRM1407)
- Lightweight LLDPE **resists chemicals and corrosion**
- Clamshell design directs the flow of liquid toward the drum opening, **reducing splashing and spilled liquid**
- Smooth surface allows for **easy clean-up**
- Black colour **hides grime**

PIG® Tight-Head Poly Drum and IBC Funnels

Item #	1-2	3+
DRM1406 • Use with 76L to 210L Tight-Head Steel & Poly Drums with a 2" bung 30cm L x 16.5cm W x 13cm H Draining Area	£95.00	£90.25
DRM1407 • Use with 1000L IBCs • 30cm L x 16.5cm W x 15cm H Draining Area	£95.00	£90.25

NOTE: Not for use with flammables (f.p.<141°F/60.5°C). For chemical compatibility call Technical Advice Team at 0800 919 900 or visit www.newpig.co.uk

Now you can easily pour into your IBCs without struggling to reach over the top of the container.

PIG Essentials Poly IBC Funnel — Use this large diameter funnel for clean and easy draining and pouring.

- Large diameter funnel rests on top of your IBC to **minimise drips and spills**
- Fitted with an **85mm diameter stainless steel strainer plate** to capture solid particles larger than 6mm
- **Lift-off lid blocks out dirt and contaminants** whilst still allowing quick access
- **High 7cm sidewalls** add splash protection
- Level inside surface allows **easy draining of containers, parts or filters**
- **10cm long downspout** drains liquids directly into the 15cm diameter top opening on your IBC
- Polyethylene construction **resists corrosion and most chemicals**

PIG® Essentials Poly IBC Funnel

Item #	1-2	3+
DRME400 • Use with 1,000L IBCs • Ext. Dia: 64cm x 15cm H	£112.00	£106.40

NOTE: Not for use with flammables (f.p.<141°F/60.5°C). For chemical compatibility call Technical Advice Team at 0800 919 900 or visit www.newpig.co.uk

DRM459

Optional Strainer lifts in and out of the drum funnel.

DRM672

PIG Poly Drum Funnels — Cover your entire drum top for clean, easy draining and pouring.

Level surface keeps draining containers from tipping. Zig-zag ridges prevent splashes and catch parts.

- **DRM672** features 10cm-high sidewalls for added splash protection; large-diameter funnel fits 210L steel or poly tight-head drums; attached hinged lid keeps out contaminants
- **DRM452** features 6.7cm-high sidewalls for pouring of up to 23 litres; Funnel fits 210L closed-head steel and 115L closed-head or open-head steel drums
- **DRM454** includes all the features of DRM452 with a detached cover
- **DRM459** filters debris from fluid poured into a waste drum

DRM452

DRM454
Funnel with
detached
cover.

PIG® Universal Poly Drum Funnels

Specify Lid Colour: ■ Black ■ Red ■ Yellow

Item #	1-2	3+
DRM672 • Funnel with hinged lid • Ext. Dia. 74cm x 28cm H	£89.00	£84.55
DRM454 • Funnel and detached cover • Ext. Dia. 63cm x 19cm H	£65.25	£61.99
DRM452 • Black Only • Funnel only • Ext. Dia. 60cm x 14cm H	£43.25	£41.09

NOTE: Not for use with flammables (f.p.<141°F/60.5°C). For chemical compatibility call Technical Advice Team at 0800 919 900 or visit www.newpig.co.uk.

PIG® Poly Drum Funnel Strainer

Item #	1-2	3+
DRM459 • 7.5 cm Dia.	£15.00	£14.25

PIG® Burpless Poly Drum Funnels — Drains as fast as you can pour without burps or splashbacks.

- Burpless design **vents during pouring** for fast, smooth flow with no dangerous splashback; pour without venting through 3/4" bung
- Thick-wall, **100% polyethylene construction** resists UV rays, rust, corrosion and most chemicals
- **Lockable** to prevent unauthorised access
- **Multiple lid colour options** let you segregate drums
- Attached hinged lid **won't get lost or separated** from funnel
- **DRM1680** includes overfill preventer that **acts as a shutoff valve** that tells you to stop pouring

- **DRM1680** includes PTFE tape to **provide an excellent seal** between funnel and drum

PIG® Burpless® Poly Drum Funnels

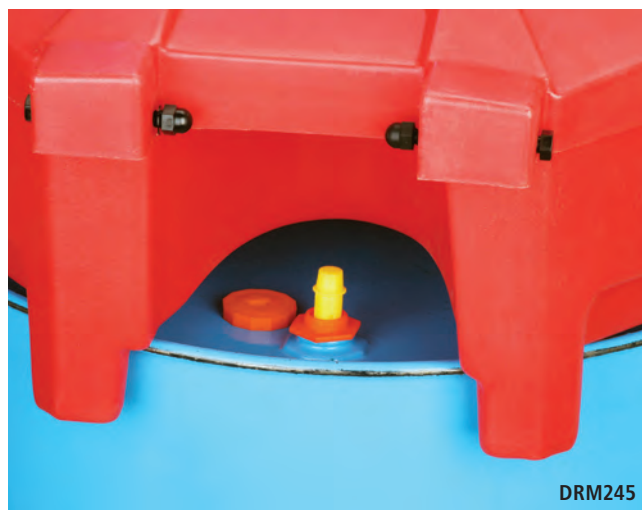

Specify Lid Colour: Black Red Yellow

Item #	1-2	3+
DRM1680 • Standard w/Overfill Preventer • Use with 115L and 210L Steel and Poly Drums w/ 2" BSP • 23cm Dia. x 17cm H	£69.00	£65.55
DRM138 • Large • Use with 115 and 210 ltr. Steel Drums w/ 2" BSP Bung 56cm Dia. x 29cm H	£91.50	£86.93

NOTE: Not for use with flammables (f.p.<141°F/60.5°C). For chemical compatibility call Technical Advice Team at 0800 919 900 or visit www.newpig.co.uk Patent 5,676,185 / 5,402,835

Pop-Up Fill Gauges — Signals when drum is nearly full. Never overfill a drum again.

- Gauges fit in the 3/4" bung of steel 115L and 210L drums; **"pops-up"** when drum is nearly full; gives time to slow pouring and prevent overfilling
- Made of **corrosion-resistant polyethylene**

Corrosive Liquids Pop-Up Drum Gauges

Item #	1-2	3+
DRM245 • 13cm L • Use with 210L and 115L drums with 3/4" bung	£15.75	£14.96
DRM317 • 28cm L • Use with 210L and 115L drums with 3/4" bung	£17.00	£16.15

NOTE: If using this product with flammable liquids, please consider the regulations that apply to storage and handling of flammable liquids and the safety of this application, specifically flammable vapours, static discharge and heat sources. For further assistance, please call Technical Services.

PIG Burpless Funnels — Clean pouring, no splashback and a one-handed latch that seals tight.

- **Patented Burpless internal vent tubes** prevent pressure buildup, splashback and “burping” back
- **Convenient, single-handed latching lid** opens and closes quickly and easily; seals tight
- Nitrile gasket and locking mechanism **seals lid securely** to help reduce vapour emissions; available in multiple colours for colour coding
- NPT/BSP threads screw into **standard 2" bung openings**; bung does not need to be removed for venting
- **DRM1127** includes Overfill Preventer to close off drum when nearly full; FM approved when used with flame arrestor
- **DRM617**: Spark-snuffing insert makes it safer to funnel flammable liquids; FM approved for use in temporary drum fills

PIG® Burpless® One-Hand Sealable Drum Funnels

Specify Lid Colour: Black Red Yellow

Item #	1-2	3+
DRM1125 • 2" NPT/BSP thread • 29cm W x 38cm L x 33cm H	£238.00	£226.10
★ DRM1127 • w/ Overfill Preventer • 2" NPT/BSP thread • 29cm W x 38cm L x 33cm H	£315.75	£299.96

Patent 5,676,185

PIG® Drum Funnel Flame Arrestor

Item #	1-2	3+
DRM617 • 15cm L • Use with DRM1125 & DRM1127	£107.50	£102.13

Drum Adaptors and The Wedge — Get the most out of your drums.

- Adaptor converts 2" BSP threads to other thread styles; choose **DRML400** to convert to 2" Trisure, **DRML401** to convert to 2" Mauser or **DRML402** to convert to Din 61
- Economical Wedge **fits under the edge** of 210L and 115L drums stored vertically
- **DRM299** contains **100% recycled polyethylene**

Drum Adaptors

Item #	1-2	3+
DRML400 • Converts 2" BSP to 2" Trisure Buttress M56x4 • Orange	£4.95	£4.70
DRML401 • Converts 2" BSP to 2" Mauser M70x6 • Blue	£4.95	£4.70
DRML402 • Converts 2" BSP to Din 61 • Yellow	£4.95	£4.70

The Wedge

Item #	1-2	3+
DRM299 • 24.5cm W x 30.5cm L x 14cm H	£21.50	£20.43

DRM299

DRML400

DRML401

DRML402

Drum Wrenches — Open and close almost any drum.

- **Drum Wrench for Bungs & Bung Adaptors** (DRME108) are made of heavy-duty plastic that is strong, durable, and non-sparking. Fits all 2" drum adaptors to easily tighten or unscrew
- **Universal Drum Plug Wrench** (DRM315) is made of durable cast iron with a zinc-plated finish; provides fast, inexpensive drum access
- **Deluxe Drum Plug Wrench** (DRME1020) has an elongated handle for extra leverage and knuckle protection; non-sparking bronze alloy construction is great for use around flammables; also works on rings and taps

Drum Wrench for Bungs & Adaptors

Item #	1-2	3+
DRME108 • 25cm L	£19.95	£18.95

Universal Drum Plug Wrench

Item #	1-2	3+
DRM315 • 6.4cm W x 30cm L	£33.50	£31.83

Deluxe Drum Plug Wrench

Item #	1-2	3+
DRME1020 • 31cm L	£35.00	£33.25

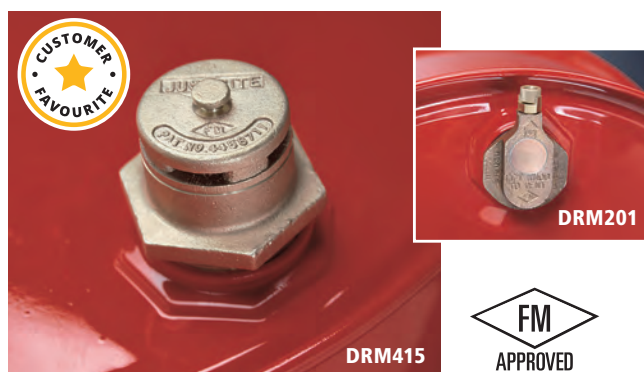

Round Bottom Drum Liners — Lets you reuse drums and save on cleaning costs.

- **Reduces the cost** associated with cleaning, reconditioning and disposing of used drums
- Polyethylene is **safe for use with food** and cosmetics
- Contoured design is **easy to insert**; won't leave pockets that trap liquid
- **Saves time cleaning** and eliminates residue that could be a source of liability
- **Liners are ideal for storing paints, inks, coatings** and other hard-to-clean materials

Round Bottom Drum Liners

Item #	1-2	3+
DRM923 • 150/box • 57cm dia x 142cm H • Use with 210L drums	£605.00	£574.75
DRME924 • 25/pack • 57cm dia x 142cm H • Use with 210L drums	£101.00	£95.95

Safety Drum Vents —Relieve pressure build-up.

- Automatically **relieves pressure at 5 psig**
- Can **vent manually** to relieve vacuum for fast, easy dispensing
- **Flame arrestor** prevents flashback
- Fits **2" bung openings**
- **Solid cast brass construction** is strong and chemical resistant
- ◆ **Helps you comply** with HS(G) 140

Safety Drum Vents

Item #	1-2	3+
DRM201 • Brass for Horizontal Drums • 6.7cm W x 3.8cm L x 10cm H	£69.75	£66.26
◆ DRM415 • Brass with Buna-N Gasket for Vertical Drums • 8.3cm L x 8.3cm H	£110.00	£104.50

PIG® Latching Drum Lid — Opens and closes with one hand. No nuts, no bolts, no fuss.

- Nitrile gasket and locking mechanism seal lid to **help reduce vapour emissions** and keep drum contents dry and secure
- Latching design **opens and closes with one hand** for easy in-and-out drum access — keep drums covered
- Easy-access **lid closes securely**; multiple lid colour options available
- Hinge stops **keep funnel lid upright when open**
- **Chemical-resistant powder coat** helps ensure long service life
- **Lockable latch** helps prevent unauthorised access
- **Hinge pin is made for easy lid removal** without loosening band around drum

PIG® Latching Drum Lid

Specify Lid Colour: Black Red Yellow

Item #	1-2	3+
DRM659 • Use with 210L Steel Open Top Drums • 59cm W x 68cm L x 11cm H	£248.25	£235.84

Patent 5,676,185

Adjustable tension means the latching handle will close properly every time.

Removable hinge pin lets you remove the lid without loosening the band.

DRM9149

Dust Cap Drum Covers — Economical cap protects open drums from contamination.

- Durable, low-density polyethylene **meets requirements for use in food production environments**
- **Block dirt and moisture** out of containers to keep contents pure
- Clear 4 mil polyethylene **protects contents but makes them easy to inspect**
- **Elastic around the bottom** helps secure cover
- Recommended **for indoor use**

Dust Cap Drum Covers

Item #	1-2	3+
DRM9149 • 100/box • Use with 210L New & Reconditioned Open- & Tight-Head Steel & Poly Drums	£214.25	£203.54
DRME9150 • 20/pack • Use with 210L New & Reconditioned Open- & Tight-Head Steel & Poly Drums	£43.00	£40.85

DRM614

Snap-On Drum Lids — Economical drum protection for open- or tight-head drums.

- Cover and **protect drum heads and contents from dirt and moisture** whilst keeping bungs rust-free
- Black poly drum lids allow you to **write directly on covers to indicate drum contents**
- Durable, rigid construction **can withstand palletised stacking**
- For **inside or outdoor storage**

Snap-On Drum Lids

Item #	1-2	3+
DRM613 • For 210L tight-head drums • 5/box • Int. Dia. 58cm x 2.5cm H	£44.00	£41.80
DRM146 • For 210L tight-head drums • 25/box • Int. Dia. 58cm x 2.5cm H	£206.25	£195.94
DRM614 • For 210L open-head drums • 5/box • Int. Dia. 61cm x 2.5cm H	£44.00	£41.80
DRM147 • For 210L open-head drums • 25/box • Int. Dia. 61cm x 2.5cm H	£206.25	£195.94

Safely dispense liquids with our wide range of Drum Taps.

- Models available for flammable and non-corrosive liquids, viscous heavy fluids and everything in-between
- Control liquid flow to dispense liquids with accuracy
- Decant liquids safely and easily, avoiding leaks or spillages

Brass Self-Closing Drum Tap — Drains non-corrosive liquids from 210-litre drums.

- Able to dispense **non-corrosive liquids heavier than SAE30**

Push Button Drum Tap — Ideal for most flammable and non-corrosive liquids.

- **Self-closing** with nitrile seal to prevent spills
- **Fits 2" BSP bung** for dispensing large volumes of liquid

Steel/Cast Iron Drum Tap — Steel construction with cast-iron outlet.

- **Lockable**; for use with most flammable and non-corrosive liquids

DRME107

Plugless/Molasses Tap —
Dispense heavy oils, treacle
varnish and non-flammable
viscous heavy fluids.

- **Cast iron body** with brass faceplate for perfect seal
- **Lockable** to prevent unauthorised or accidental dispensing

Stainless Steel Drum Tap —
Compatible with corrosives.

- PTFE seal offers **secure, leak-free operation** with a wide range of liquids
- **Lockable**
- **Built-in flame arrestor** prevents ignition
- **DRME103 Screw-on extension** for secure fitment to the drum tap

DRME102

DRME103

Plastic Drum Tap — Durable,
chemical-resistant and easy
to clean.

- Comes with 2" BSP male x 3/4" BSP female **plastic adaptor**
- **Polyethylene material** is durable and chemical-resistant

DRME100

DRM346

Polyethylene Drum Tap —
Ideal for use with non-viscous
adhesives, resins and more.

- **Economic alternative** to steel drum taps to help ensure chemical compatibility
- **For non-viscous, non-corrosive liquids;** for use with 0.75" NPT Bung

DRM347

Polyethylene Drum Tap —
Dispense viscous resins,
adhesives and other liquids.

- **Can be discarded** after dispensing liquids that may harden or gel tap
- **For viscous, non-corrosive liquids;** for use with 2" NPT Bung

DRME101

Alloy Drum Tap — Ideal for
most flammable and
non-corrosive liquids.

- **Self-closing** with nylon seal to prevent spills
- **Lockable** to prevent unauthorised or accidental dispensing

DRME110

Nickel Plated Brass Drum Tap —
Ideal for most flammable and
non-corrosive liquids.

- **Lockable** to prevent unauthorised or accidental dispensing
- **3/4" barbed hose-tail**

DRM244

Non-Adjustable Brass Safety
Drum Tap — Prevents ignition
when dispensing flammables.

- **Built-in flame arrestor** keeps drum contents from igniting; FM approved
- **Self-closing** with a PTFE seal

DRM244-01

Adjustable Brass Safety Drum
Tap — Dispense flammables
without ignition.

- **FM approved** for dispensing flammable liquids; has **built-in flame arrestor**
- Dispenses **non-corrosive, non-viscous liquids**

Drum Taps

Item #	Product Name	Liquids	Bung Fitting	Additional Feature	1-2	3+
DRME105	2" Brass Self-Closing Drum Tap	For Non-corrosive Liquids Heavier than 30 wt. Oil	For 2" NPT/BSP Bung	Self closing	£134.00	£127.30
DRME109	2" Aluminium Push Button Drum Tap	For Flammable & Non-corrosive Liquids	For 2" NPT/BSP Bung	Self closing with Nitrile seal	£13.75	£13.06
DRME104	2" Steel/Cast Iron Drum Tap	For Flammable & Non-corrosive Liquids	For 2" NPT/BSP Bung	Lockable	£96.00	£91.20
DRME107	2" Cast Iron & Brass Plugless/Molasses Tap	For Viscous, Non-corrosive Liquids	For 2" NPT/BSP Bung	Lockable	£58.00	£55.10
DRM346	3/4" Polyethylene Drum Tap	For Non-viscous, Non-corrosive Liquids	For .75" NPT/BSP Bung	Twists open / closed	£5.00	£4.75
DRM347	2" Polyethylene Drum Tap	For Viscous, Non-corrosive Liquids	For 2" NPT/BSP Bung	Twists open / closed	£15.25	£14.49
DRME102	3/4" Stainless Steel Drum Tap	For Flammable & Corrosive Liquids	For .75" NPT/BSP Bung	Self closing with PTFE seal	£105.00	£99.75
DRME103	Flexi Extension for 3/4" Stainless Steel Drum Tap	For Flammable & Corrosive Liquids	Use with 3/4" Stainless Steel Drum Tap	Flexible, bend & shape	£17.25	£16.39
DRME101	3/4" Alloy Drum Tap	For Flammable & Non-corrosive Liquids	For .75" NPT/BSP Bung	Self closing with nylon seal	£8.50	£8.08
DRME110	3/4" Nickel Plated Brass Drum Tap	For Flammable & Non-corrosive Liquids	For .75" NPT/BSP Bung	Lockable, with barbed hose-tail	£36.00	£34.20
DRME100	3/4" Plastic Drum Tap with 2" Adaptor	For Non-viscous, Non-corrosive Liquids	For 2" or .75" NPT/BSP Bung	Use in either 2" or 3/4" bungs	£2.50	£2.38
DRM244	3/4" Brass Safety Drum Tap	For Non-viscous, Non-corrosive Liquids	For .75" NPT/BSP Bung	Self closing with builtin flame arrestor	£52.50	£49.88
DRM244-01	3/4" Brass Safety Drum Tap	For Non-viscous, Non-corrosive Liquids	For .75" NPT/BSP Bung	Adjustable, Self closing with builtin flame arrestor	£67.50	£64.13

DRUM PUMPS LEVER ACTION

PMPE126

An excellent option for fast, controlled dispensing.

- No power source required — ideal for applications where you don't have access to electricity or compressed air
- Adjustable suction tube accommodates a range of drum sizes (does not apply to PMPE146 and PMPE129)
- Lightweight designs can be broken down for compact storage or disassembled for easy cleaning
- Typically suitable for low viscosity fluids

Polypropylene Lever Hand Pump — High quality lever action pump is ideal for a wide range of liquids.

- Telescopic suction tube fits 50- to 210-litre drums
- Suitable for diesel, biodiesel B100, petrol, kerosene, light oils, paraffin, antifreeze, water, water-based chemicals, acid and alkaline solutions

PMPE125

Ryton Lever Hand Pump — Chemically resistant lever action pump is ideal for strong chemicals.

- Telescopic suction tube fits 50- to 210-litre drums
- Suitable for strong acids, including nitric and strong alkaline solutions

PMPE126

Metal Lever Hand Pump — Lever action pump is ideal for light industrial use.

- Telescopic suction tube fits 50- to 210-litre drums
- Ideal for light industrial use
- Suitable for diesel, biodiesel up to B30, light oils, transmission and hydraulic fluid, but not water, solvents or corrosives

PMPE114

Heavy-Duty Aluminium Lever Hand Pump — Works for all grades of oil, including heavy gear oils.

- Suitable for all petroleum products, kerosene, oil and lubricants, including heavy gear oils
- Features an inbuilt tray with cover and drip return to hold small containers whilst dispensing

PMPE146

AdBlue Lever Hand Pump — Ideal for dispensing AdBlue and a wide range of liquids.

- Suitable for AdBlue, light oils, kerosene, diesel, mild chemicals and ketones
- Capable of delivering up to 500mL per stroke

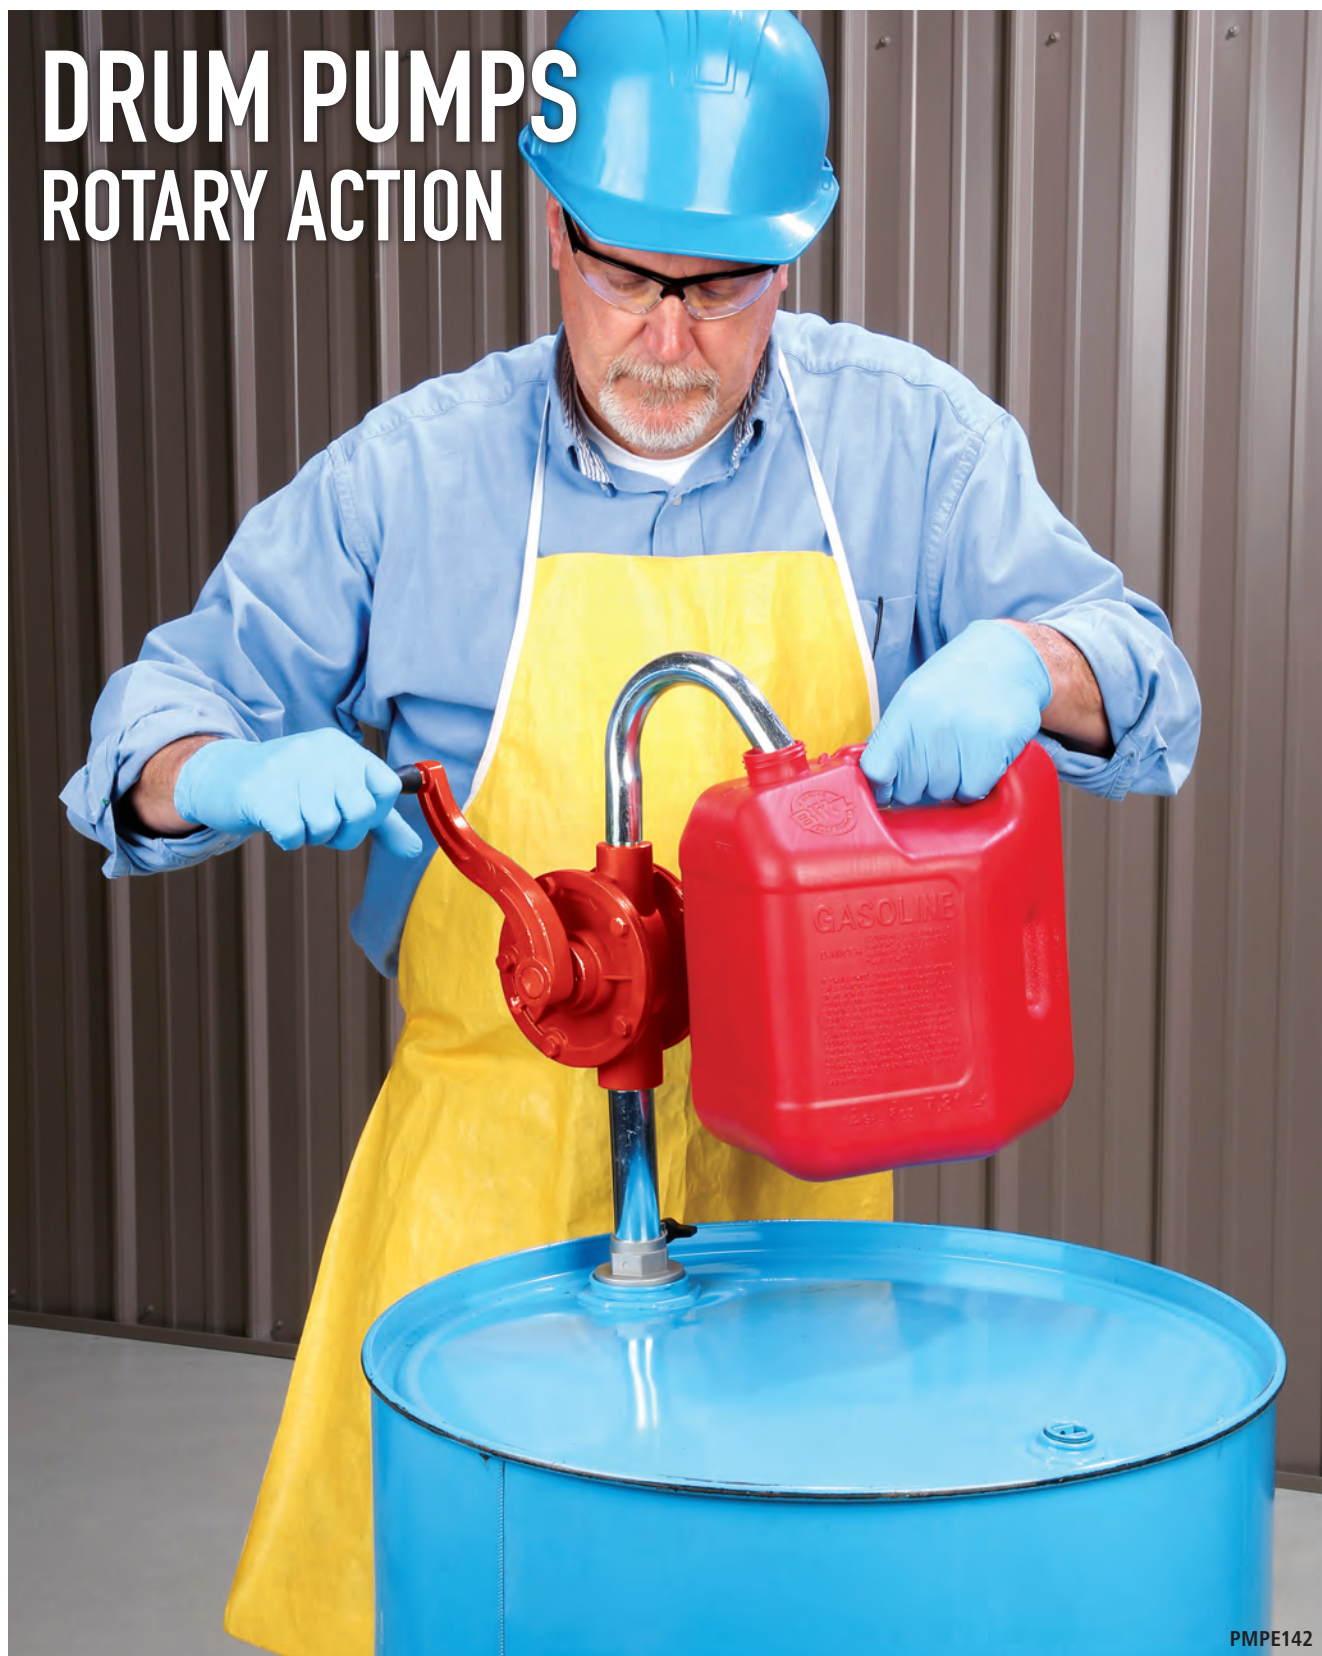

PMPE129

Lever Action Drum Pumps

Item #	Use with	Fits	Outlet	Max. Flow	Max. Liquid Viscosity	Composition / Wetted Parts	1-2	3+
PMPE125	Oil Based Liquids & General-Purpose Chemicals	50 to 210 ltr. Drum w/ 2" NPT/BSP Bung	23mm OD	500mL/Stroke	240 cSt, or SAE 20W Oil (@ 40°C)	Polypropylene, 304 Stainless Steel, Viton	£44.75	£42.51
PMPE126	Acids, Alkali Solutions, and Nitric Acid	50 to 210 ltr. Drum w/ 2" NPT/BSP Bung	23mm OD	500mL/Stroke	240 cSt, or SAE 20W Oil (@ 40°C)	Ryton, Stainless Steel, Viton	£65.50	£62.23
PMPE114	Oil Based & Flammable or Combustible Liquids	50 to 210 ltr. Drum w/ 2" NPT/BSP Bung	20mm OD	300mL/Stroke	240 cSt, or SAE 20W Oil (@ 40°C)	Steel, Aluminium, Nylon	£38.50	£36.58
PMPE146	Oil Based & Flammable or Combustible Liquids	210 ltr. Drum w/ 2" NPT/BSP Bung	20mm OD	600mL/Stroke	1000 cSt, or SAE 50+W Oil (@ 40°C)	Aluminium, Plated Steel, NBR, Acetal, Polyethylene	£77.50	£73.63
PMPE129	AdBlue, Diesel, Light Oils, and Mild Acids & Caustics	210 ltr. Drum w/ 2" NPT/BSP Bung	23mm OD	500mL/Stroke	240 cSt, or SAE 20W Oil (@ 40°C)	Polypropylene, 316 Stainless Steel, Viton	£29.00	£27.55

DRUM PUMPS ROTARY ACTION

PMPE142

For fast, easy dispensing of large volumes of liquid.

- Rugged and hard wearing for frequent use
- No power source required — ideal for applications where you don't have access to electricity or compressed air
- Lightweight designs can be broken down for compact storage or disassembled for easy cleaning

Hi-Flow Petrol & Diesel Rotary Hand Pump — Perfect for use for refuelling in garage or fleet areas.

- Delivery hose and nozzle are **perfect for use for refuelling in garage or fleet areas**
- Built-in #80 mesh strainer at inlet **removes fibre or particle contamination**

Cast Iron Rotary Pump — Stands up to everyday use.

- Heavy-duty cast iron construction enables Pump to **withstand heavy, frequent use**
- Excellent for use with **light oils, diesel and other non-corrosive fluids**

Corrosion-Resistant Rotary Pump — For light oils, solvents and water-based chemicals.

- **Low cost corrosion-resistant** Rotary Pump is ideal for light oils, solvents and water-based chemicals

Polypropylene and Ryton Rotary Pumps — Highest quality construction provides excellent chemical resistance.

- **PMPE137** Suitable **for water based solutions** of acids, alkalis and salts, some organic solvents, water and all petroleum products
- **PMPE138** Suitable **for aggressive chemicals** such as chlorinated solvents, aromatic and aliphatic hydrocarbons

Stainless Steel Rotary Pumps — Made for specialised applications.

- **PMPE139** A high quality, technical rotary drum pump **for specialised applications using Aggressive Chemicals and Solvents**. Suitable for corrosive chemicals, solvents, oils, and liquid foodstuffs such as juice, milk, wine, cooking oils, water, vinegar, liquid additives and more
- **PMPE140** Stainless steel and Teflon components **for the highest level of chemical resistance**. Suitable for chemicals and solvents including acids, acetones, alcohols, mineral oils, sodium solutions and more

Rotary Drum Pumps for 210 ltr. Drum with 2" NPT/BSP Bung

Item #	Use with	Outlet	Max. Flow	Max. Liquid Viscosity	Composition / Wetted Parts	1-2	3+
PMPE147	For Oil Based & Flammable or Combustible Liquids	32mm OD w/2m Hose	100 ltr./Min.	110 cSt, or SAE 10W Oil (@ 40°C)	Aluminium, Iron, Stainless Steel, NBR, Vinyl, Polyethylene Hose	£223.00	£211.85
PMPE142	For Oil Based & Flammable or Combustible Liquids	25mm OD	27 ltr./Min.	440 cSt, or SAE 30W Oil (@ 40°C)	Iron, Steel, Nitrile	£42.50	£40.38
PMPL107	For Oil Based Liquids, Detergents & Mild Corrosives	25mm OD	27 ltr./Min.	200 cSt, or SAE 20W Oil (@ 40°C)	PVC, PTFE, Stainless Steel	£57.00	£54.15
PMPE137	For Oil Based Liquids, Detergents & Mild Corrosives	25mm OD	35 ltr./Min.	440 cSt, or SAE 30W Oil (@ 40°C)	Polypropylene, Ryton, Viton, Polyethylene	£82.00	£77.90
PMPE138	For Aggressive Chemicals & Solvents	25mm OD	35 ltr./Min.	440 cSt, or SAE 30W Oil (@ 40°C)	Ryton, Viton, PTFE	£102.00	£96.90
★ PMPE139	For Aggressive Chemicals & Solvents	25mm OD	25 ltr./Min.	440 cSt, or SAE 30W Oil (@ 40°C)	Ryton, 304 Stainless Steel, PTFE	£169.50	£161.03
PMPE140	For Aggressive Chemicals & Solvents	25mm OD	25 ltr./Min.	440 cSt, or SAE 30W Oil (@ 40°C)	304 Stainless Steel, PTFE	£469.00	£445.55

DRUM PUMPS LIFT / SYPHON

PMPE141

T-handle design is easy to operate and ideal for applications where you don't have access to electricity or compressed air.

Stainless Steel and PTFE Pumps — Resist chemicals.

- Stainless steel and Teflon components for the **highest level of chemical resistance**
- **Compatible with highly aggressive chemicals and solvents** with concentrations up to 100%, acids, alkalis, de-greasers and AdBlue

PMPE141

Dual Purpose PVC and Nylon Syphon/Lift Pumps — High output for a range of fluids.

- Dual purpose pump for can be used as conventional lift pump for drums or to **syphon fluids from boats, sumps, tanks, vats and more**
- Suitable for **light oils, water, diesel, non-corrosive chemicals and detergents**
- **PMPE135** composed of **PVC, polypropylene and polyethylene**
- **PMPE136** composed of **nylon, polypropylene and polyethylene**

PMPE135

Lift Drum Pumps

Item #	Use with	Fits	Outlet	Max. Flow	Max. Liquid Viscosity	Composition / Wetted Parts	1-2	3+
PMPE141	For Aggressive Chemicals & Solvents	50 to 210 ltr. Drum w/ 2" NPT/BSP Bung	19mm OD	500mL/Stroke	240 cSt, or SAE 20W Oil (@ 40°C)	316 Stainless Steel, PTFE	£118.00	£112.10
DRM343	For Aggressive Chemicals & Solvents	50 to 210 ltr. Drum w/ 2" NPT/BSP Bung	19mm OD	500mL/Stroke	240 cSt, or SAE 20W Oil (@ 40°C)	316 Stainless Steel, PTFE	£118.00	£112.10
PMPE135	For Oil Based Liquids & General-Purpose Chemicals	210 ltr. Drum w/ 2" NPT/BSP Bung	38mm OD w/135cm Hose	250mL/Stroke; 30 ltr/Minute (as syphon)	440 cSt, or SAE 30W Oil (@ 40°C)	PVC, Polypropylene, Polyethylene	£28.50	£27.08
PMPE136	For Oil Based Liquids & General-Purpose Chemicals	210 ltr. Drum w/ 2" NPT/BSP Bung	38mm OD w/135cm Hose	250mL/Stroke; 30 ltr/Minute (as syphon)	440 cSt, or SAE 30W Oil (@ 40°C)	Nylon, Polypropylene, Polyethylene	£28.50	£27.08

SMALL CONTAINER PUMPS

PMPL117

Capable of moving liquids from small 25-litre containers or emptying liquids from containment pallet sumps without removing the grates.

Nylon Lift Pump for 25-Litre Drums — A versatile lift pump for 20- and 25-litre drums.

- Fitted with a universal, internal-clamp adaptor to **fit into all 2" drum openings**
- Suitable for **light to medium oils, diesel, kerosene, solvents and some chemicals**

PMPE145

Stainless Steel and PTFE Pump — Resists chemicals.

- Stainless steel and Teflon components for the **highest level of chemical resistance**
- Includes an **extension hose for easy dispensing**

PMPL117

Battery Operated Syphon Pump — Low-cost, compact solution for liquid transfer.

- Battery operated Pump for a **low-cost, compact solution for liquid transfer** from small containers
- Can be used with a variety of **non-corrosive liquids like water, light oils, diesel, kerosene and detergents**

PMPE101

Pumps for Smaller Containers

Item #	Use with	Fits	Outlet	Max. Flow	Max. Liquid Viscosity	Composition / Wetted Parts	1-2	3+
PMPE145	For Light to Medium Oils	Drums/Containers up to 25 ltr.	16mm OD	100mL/Stroke	240 cSt, or SAE 20W Oil (@ 40°C)	Nylon, Viton, Stainless Steel	£29.50	£28.03
PMPL117	For Aggressive Chemicals & Solvents	25 ltr. Drum w/ 2" NPT/BSP Bung	500mm Hose	200mL/Stroke	1000 cSt, or SAE 50+W Oil (@ 40°C)	316 Stainless Steel, PTFE	£85.00	£80.75
PMPE101	For Water and Non-Corrosive Liquids	Drums/Containers up to 400mm depth	580mm Hose	10 ltr./Minute	50 cSt, or SAE 10W Oil (@ 40°C)	Polyethylene, Polypropylene & Steel	£17.00	£16.15

Seal-less Drum Pump — An ideal combination of value and performance.

- **Pump motor is double insulated and splashproof (IP24)** making it suitable for use indoors or outdoors; will also handle liquids up to 66°C
- Powerful 1/3rd horsepower (230-250W) continuous duty motor **transfers up to 64 ltrs/min** utilising a two speed switch for control of the fluid flow
- Supplied with a **102cm long intake tube** to accommodate two 10-litre drums
- **Integrated hose and cord clip** on pump tube keeps hose and plug off the floor

EF Series Drum Pump System

Specify: 110 volt or 240 volt

Item #	1-2	3+
PMPE118 • Motor Power: 230-250W • 6.1m Max Head • 200cm L x 1.9cm ID PVC output hose	£735.00	£698.25

Electric Pump — Designed for container-to-container transfer of liquids.

- Pumps up to **151 litres per minute**
- **Pump motor is double insulated and splashproof (IP24)** making it suitable for use indoors or outdoors
- Quick connection of motor to pump tube with unique collet design — **no tools required**
- **Infinitely variable electronic speed control** for 3,500–10,000 rpm speed
- Double wall thermoplastic motor housing **reduces noise and vibration**

PF Series Drum Pump System

Specify: 110 volt or 240 volt

Item #	1-2	3+
PMPL102 • Motor Power: 650W • 24m Max Head • 200cm L x 1.9cm ID PVC output hose	£1289.00	£1224.55

IBC Gravity Feed Kit — Ideal for filling smaller drums and containers.

- 3-metre long dispensing hose fitted with **trigger nozzle to control liquid flow**
- Trigger can be latched open providing a **flowrate of up to 30 litres per minute**
- **Uses gravity** to dispense into containers positioned lower than the IBC
- Swivel hose fitting **threads onto the 2" outlet valve** on your IBC

IBC Gravity Feed Kit

Item #	1-2	3+
PMPE127 • For 1,000L IBC w/2" outlet valve	£51.00	£48.45

Manual Syphon Pumps — Help save time and reduce liquid waste.

- **Chemical-resistant** and durable construction maximises life of pump
- **PMPL100** has a 380mm L suction tube for drums up to 25L
- **PMPE104** has a 590mm L suction tube for drums up to 60L
- **PMPL105** has an 850mm L suction tube for drums up to 210L
- Efficient pump delivers **mild solvents, light oils, corrosives, disinfectants, diluted acids/caustics and liquid waxes**

Manual Syphon Pumps

Item #	1-2	3+
PMPL100 • 380mm L suction tube • For drums up to 25L	£5.75	£5.46
PMPE104 • 590mm L suction tube • For drums up to 60L	£13.50	£12.83
★ PMPL105 • 850mm L suction tube • For drums up to 210L	£18.50	£17.58

CAN140

Oily Waste Cans — Prevent fires started by oily solid waste.

- **Foot operated cover** allows easy access
- Oily Waste Cans are available in **23, 38, 53 and 79 litre** sizes
- Elevated can bottom with air vents; **disperses heat**
- **Stores oily rags and cloths** safely
- **Label** reads: "Empty Every Night"

Oily Waste Cans

Item #	1-2	3+
CAN138 • 23 Litres • 40cm H x 32cm ext. Dia	£89.00	£84.55
CAN139 • 38 Litres • 46cm H x 35cm ext. Dia	£103.00	£97.85
CAN140 • 53 Litres • 51cm H x 41cm ext. Dia.	£117.00	£111.15
CAN141 • 79 Litres • 60cm H x 47cm ext. Dia.	£189.00	£179.55

CAN166

CAN167

Drain Can — Makes solvent collection easier and neater.

- Wide-mouth funnel top **minimises drainage drips and splashes**
- **Built-in flame arrestor** prevents ignition
- **100% leak-tested** and fully FM compliant construction
- Durable galvanised steel construction with powder-coated finish **helps prevent corrosion**
- **CAN167 protects contents** when can is not in use
- ◆ **Helps you comply** with HS(G) 140

Drain Cans

Item #	1-2	3+
★ CAN166 • 19 Litre capacity	£145.00	£137.75
CAN167 • Cover only	£42.00	£39.90

UN-Approved Drums — Ideal for storage and shipping a wide variety of chemicals.

- **Tight Head Poly Drums** are manufactured from heavy-duty, food-grade polyethylene and resist a wide variety of chemicals; threaded 2" Trisure Buttress M56x4 Thread allows a tap or pump to be attached to drum
- **Open Top Poly Drums** are manufactured from heavy-duty, food-grade polyethylene and resist a wide variety of chemicals; removable lid, internal gasket and steel closure ring with toggle action handle
- **Open Top Steel Drums** have a removable lid with external lever closure ring and internal gasket; **DRME309** has an internal lacquer coating for added resistance to rusting; **DRME310** has an internally plain finish
- **Tight Head Steel Drums** are fitted with internally threaded 2" and 3/4" Trisure BSP bungs for a tap, pump, fill gauge or vent; **DRME312** has an internal lacquer coating adds resistance to rusting; **DRME313** has an internally plain finish

Tight-Head Poly Drums

Item #	1-2	3+
DRME302 • 60L capacity • 38cm dia x 56cm H • UN 1H1/Y2.1	£41.00	£38.95
DRME303 • 120L capacity • 50cm dia x 79cm H • UN 1H1/Y1.4	£65.00	£61.75
DRME304 • 210L capacity • 57cm dia x 93 cm H • UN 1H1/Y1.5	£77.00	£73.15

Open-Top Poly Drums

Item #	1-2	3+
DRME305 • 30L capacity • 31.5cm Dia x 52cm H • UN 1H2/X55/S	£30.50	£28.98
DRME306 • 60L capacity • 40cm dia x 62cm H • UN 1H2/X95/S	£42.50	£40.38
DRME307 • 120L capacity • 50cm dia x 79cm H • UN 1H2/Y221/S	£61.00	£57.95
DRME308 • 220L capacity • 59cm dia x 98cm H • UN 1H2/X333/S	£86.50	£82.18

Tight-Head Steel Drums

Item #	1-2	3+
DRME312 • 210L capacity • Internal lacquer • 57cm dia x 87cm H • UN 1A1/X	£115.00	£109.25
DRME313 • 210L capacity • Internally plain • 57cm dia x 87cm H • UN 1A1/X Colour is black or blue, depending on availability	£112.00	£106.40

Open-Top Steel Drums

Item #	1-2	3+
DRME309 • 205L capacity • Internal lacquer • 57cm dia x 87cm H • UN 1A2/Y1/100	£133.00	£126.35
DRME310 • 205L capacity • Internally plain • 57cm dia x 87cm H • UN 1A2/Y1/100 Colour is black or blue, depending on availability	£131.00	£124.45

Dolly makes it easy to wheel your drum or overpack to any location.

pig Drum Dolly — Expands for a precise fit on drums/overpacks up to 67cm diameter.

- **Heavy-duty 5mm steel frame** adjusts in minutes with bolts and lock nuts
- Curved ends **hold drum tight**
- Wide, stable wheelbase helps **prevent tipovers**
- Hard rubber casters for **smooth rolling**
- **All four casters have brakes** to offer secure positioning and keep dolly from moving
- Built strong to **hold up to 363kg**

PIG® Drum Dolly

Item #	1-2	3+
DLY301-01 • 363kg load capacity • Ext. Dia. 67cm x 10cm H	£197.25	£187.39

1,000-Litre IBC with Plastic Pallet — Store liquids in bulk in this durable IBC unit in a steel cage.

- 1,000-litre Intermediate Bulk Container **replaces five 200-litre drums, saving space and reducing costs** associated with filling, dispensing, handling and disposal
- **UN-certified** IBC meets storing and shipping requirements
- **Steel cage surrounds and protects** inner polyethylene tank
- Attached **support pallet adds strength** and manoeuvrability
- **Forklift entry** for quick and easy transportation, even when full
- High Density Polyethylene (HDPE) tank is **chemical-resistant and lightweight**
- **2" outlet valve** is fitted at IBC's base for easy dispensing

IBC with Plastic Pallet

Item #	1-2	3+
★ DRME300 • White • 1,000L capacity • 100cm W x 120cm L x 119cm H • UN Y1.5	£365.00	£346.75

ACID SPILLS? THINK PINK!

Only PIG HazMat Chemical Absorbents are designed to absorb high concentration chemicals — even 98% sulfuric acid.

**SHOP FROM OUR HAZMAT
RANGE ON PAGES 70-79.**

Multi-Purpose Drum Truck — Acts as a cradle, too.

- Drum Truck tips for **easy dispensing into a 19-litre bucket**
- Nose prongs and rim hook **hold drum securely in place by its top rim**
- Durable **2.5cm steel pipe construction**
- **Stores upright with kickstand**; 4 rubber wheels for a smooth ride
- When standing on all four wheels, the **nose prongs will reach over a 14cm high wooden pallet**, allowing the user to lever the drum truck vertical and position a drum onto a pallet

Multi-Purpose Drum Truck

Item #	1-2	3+
DLY303 • 41cm W (at nose), 42cm drain height • Load capacity 454kg 54cm W x 61cm L x 144cm H	£424.00	£402.80

Drum Caddy — Low-profile Drum Caddy is ideal for use with 210-litre steel or plastic drums.

- **450kg load capacity** is strong enough to easily handle a standard 210-litre drum
- Drum caddy's **removable handle doubles as a drum tilter** to facilitate easy loading
- Handle incorporates **drum opening lugs for 2" and 3/4" bungs**
- Two fixed wheels and rear castor for **complete manoeuvrability** when loading or unloading drums

Drum Caddy

Item #	1-2	3+
DRME201 • Yellow • Load Capacity 450kg • 97cm W x 88cm H x 58cm D	£159.00	£151.05

Drum Truck — Spring-loaded axle easily lifts drums up to 454kg.

- **Load and wheel drums** weighing up to 454kg
- Nose prongs and slide hook **hold drum securely in place by its top rim**
- Spring-loaded floating axle provides **easy tilting action**
- **Moulded rubber wheels** for smooth travel
- Heavy-duty **2.5cm steel pipe construction**
- Drum Truck **stores upright with kickstand**; tips for easy dispensing
- **56cm wide** from wheel to wheel

Drum Truck

Item #	1-2	3+
DLY306 • 42cm W (at nose) • Load Capacity 454kg • 56cm W x 155cm H	£481.50	£457.43

Hydraulic Drum Truck with 90-degree Legs — Load and unload drums on and off pallets of all sizes.

- **Maximum lift height of 50cm** accommodates pallets and drum sumps of all sizes
- **Automatic drum grip** lifts the drum by its rim
- **Foot operated hydraulic pump** lifts drum with ease; pedal folds up when not in use
- Certified **lifting capacity of 450kg**
- Use with **210-ltr. steel tight-head drums**

Hydraulic Drum Truck with 90-degree Legs

Item #	1-2	3+
DRME203 • Yellow • Load Capacity 450kg • 102cm W x 125cm H x 90cm D	£1125.00	£1068.75

Dolly features a rugged polyethylene with UV inhibitors for indoor or outdoor use.

DRM664

PIG® Mobile Dispensing Dollies — Do-it-all dollies transport, dispense and contain.

- **Transports** 210-litre drums; **tilts** to create a dispensing station; **acts as secondary containment**
- Dispensing well contains minor leaks and drips from a drum tap — **cleans easily before liquid enters main sump**
- One-piece polyethylene construction with UV inhibitors — **corrosion-proof, durable, won't degrade in sunlight**
- **DRM662** features poly wheels for smooth transport; **DRM664** features hard rubber wheels for rough terrain
- ◆ **Helps you comply** with the Control of Pollution (Oil Storage) (England) 2001, The Water Environment (Oil Storage) (Scotland) Regulations 2006, and The Control of Pollution (Oil Storage) Regulations (Northern Ireland) 2010

Dispense liquids without removing the drum.

PIG® Mobile Dispensing Dollies

Item #	1-2	3+
DRM662 • Poly wheels for smooth transport • 272kg load capacity 265L sump capacity • 83cm W x 175cm L x 67cm H	£679.00	£645.05
DRM664 • Hard rubber wheels for rough terrain • 272kg load capacity 265L sump capacity • 83cm W x 175cm L x 67cm H	£779.00	£740.05

NOTE: If using this product with flammable liquids, please consider the regulations that apply to storage and handling of flammable liquids and the safety of this application, specifically flammable vapours, static discharge and heat sources. For further assistance, please call Technical Services.

UV Resistant Bucket & Lid — Store, transfer and ship solids with confidence.

- **Built-in locking mechanism** lets you close lid simply and securely
- Open-head container **can store solid or liquid materials**
- Durable HDPE construction is **chemical resistant**
- **UN Rated** for storing or transporting solid materials

UV Resistant Bucket & Lid

Item #	1-2	3+
DRME329 • 25L capacity • 36cm Dia. x 45cm H • UN 1H2/Y30/S • UN 1H2/X11.5/S	£29.00	£27.55

PIG Aerosol Can Recycler — Avoid the hassle and expense of haz waste handling.

- Recycling system easily punctures aerosol cans, rendering them **exempt from hazardous waste regulations** when properly emptied
- **Eliminates the risks** associated with illegal aerosol disposal and the expense of hazardous waste handling
- **Minimises worker injuries** caused by fire, explosion or VOC release from improperly emptied cans
- System works with **domed mini, standard and jumbo aerosol cans**
- Improved one-piece filter system **captures odours and potentially harmful VOC's** released by punctured aerosol cans
- **Timestrip indicator** eliminates the guesswork of carbon cartridge changeouts
- **Unit mounts directly into 2" bung** on a 115- or 210-litre closed-head drum; residual liquids drain directly into drum (not included). Drum should not be filled more than 70% full to provide proper displacement for released contents
- **Included ground wire** helps prevent static electricity build-up
- **Replacement filter** sold separately (DRM1265); coalescing filter life is six months

PIG® Aerosol Can Recycler

Item #	1-2	3+
DRME1266	£577.25	£548.39
DRME1266 Contents • 1 Puncture Unit • 1 Goggles • 1 Instruction Sign 1 Plastic Sleeve • 1 Combination Filter • 1 Grounding Wire • 8 Gaskets (Various sizes)		
DRM1265 • PIG® Combination Coalescing/Carbon Filter	£158.75	£150.81

REDUCE YOUR HAZ WASTE **18x**

1 DRUM

USING A PIG AEROSOL CAN RECYCLER

One 210-litre drum can hold the residual liquid from 4,200 emptied cans. The cans can then be recycled or sold for scrap metal.

DRUMS OF HAZ WASTE = 1
RECYCLABLE CANS = 4,200

VS

18 DRUMS

Without puncturing cans, you'd fill eighteen 210-litre drums with waste, and they would all have to be disposed of as hazardous if not completely emptied.

DRUMS OF HAZ WASTE = 18
RECYCLABLE CANS = 0

NOTE: Be sure to check applicable regulations.

When you consider drum prices, haz waste disposal costs, transportation costs, labour costs, storage space and environmental impact, can you really afford **NOT** to empty your aerosol cans? **PIG AEROSOL CAN RECYCLER IS A NO-BRAINER!**

Oil Safe Containers — Store and dispense your lubricants, and choose from six lid colours to help prevent contamination.

These compact, ergonomically designed containers are available in 3 sizes — all have a wide-mouth opening, so you can fill them quickly without spilling.

- Made of industrial grade HDPE, Oil Safe Containers are **heat and contamination resistant** and treated with UV stabilisers and anti-static additives
- Choose from several lid styles. **"Quick-twist" spouts completely seal container** and open for dispensing
- See-through containers are **marked with both litre and quart measurements** and include labels to identify contents
- Containers have standard neck sizes, so **all lids fit all containers**. Vent button on spout lids restricts flow until depressed
- Add Pumps **GLE0008** or **GLE0018** to your oilsafe system to dispense lubricants in hard-to-reach spots

Lids and premium pump available in 6 colours:

Oil Safe® Lids & Attachments

Specify lid colour for GLE0017, GLE0014, GLE0011, GLE0015, GLE0016: Black, Blue, Green, Orange, Red or Yellow

Item #	1-2	3+
GLE0017 • Utility Lid	£32.00	£30.40
GLE0014 • Storage Lid	£28.00	£26.60
GLE0011 • Mini Spout Lid	£61.00	£57.95
GLE0015 • Stretch Spout Lid	£57.00	£54.15
GLE0016 • Stumpy Spout Lid	£77.00	£73.15
GLE0013 • Stumpy Spout Hose Extension	£31.50	£29.93
GLE0006 • Stretch Spout Hose Extension	£23.50	£22.33

Oil Safe® Containers

Item #	1-2	3+
GLE0002 • 3L capacity	£29.50	£28.03
GLE0003 • 5L capacity	£33.50	£31.83
GLE0004 • 10L capacity	£52.00	£49.40

Oil Safe® Pump

Item #	1-2	3+
GLE0008 • Fits GLE0002, GLE0003 and GLE0004 only	£99.95	£94.95

Oil Safe® Premium Pump

Specify lid colour: Black, Blue, Green, Orange, Red or Yellow

Item #	1-2	3+
GLE0018 • Fits GLE0002, GLE0003 and GLE0004 only	£153.00	£145.35

NOTE: GLE0008 and GLE0018 requires GLE0017 to attach to drum.
Oil Safe® is a registered trademark of Oil Safe Systems, Pty Ltd.

Stretch spout extension (GLE0006) reaches tough places; replaces tip of stretch spout lid.

Storage lid (GLE0014) with moulded handle fits all containers; prevents contamination.

Utility lid (GLE0017) with screw cap allows you to pour without removing lid; also accepts pump.

Stretch spout lid (GLE0015) has a twist-open valve to regulate flow of low-viscosity liquids.

Stumpy spout lid (GLE0016) is great for high-volume delivery of lubricants.

Pump (GLE0008) dispenses liquids in difficult places; requires utility lid (GLE0017).

PIG Essentials UniKart — Mobile bin suitable for indoor and outdoor storage.

- Made from polyethylene, it's **strong, durable**, has good impact resistance and is easy to clean
- Large capacity is **ideal for storing grit, sand or absorbents**
- **Compact and space-saving design** easily fits through standard doorways
- Robust rubber wheels and slanted lid are **ideal for outdoor use and storage**

PIG® Essentials Unikart

Item #	1-2	3+
PAKE260 • 59cm W x 43.5cm D x 107cm H • 75L capacity	£119.00	£113.05

SPILL CONTAINMENT

With spills, secondary containment comes first.

PREVENT SPILLS AND KEEP LIQUIDS IN THEIR PLACE

Comply with regulations and avoid fines with PIG-proven solutions to control, confine and contain.

Most workplaces handle hazardous liquids in some capacity. If you're one of them, you know proper transport, organisation, storage, and training are essential — all easier said than done in a busy workplace, right? That's where no-nonsense **PIG Containment Pallets, Decks** and more can help.

Keep liquids secure — no matter the conditions.

PIG Spill Containment products are tested and workplace-proven to handle real-world abuse and harsh weather, year after year. Perfect for helping you store and secure liquids in drums, IBCs and tanks safely — no matter the conditions.

Our range includes **PIG Heavy-Duty Spill Pallets** - featuring the toughest grates and the lowest profile of any pallet on the market, while our **Drum and IBC Storage Units** are built to handle up-to 96 drums of your liquid.

We also offer **Collapsible Containment**, featuring patented designs and offering portable, quick-deploy solutions with capacities from 29 to over 2800 litres.

New Pig has you covered.

Precautions are a necessity when storing drums outdoors. Without containment, your leaks and spills are direct contaminants to the environment. Even regular pallets don't cut it — they just fill up with rainwater and spill out.

PIG Roll Top Hardcovers are a customer favourite for oil containment indoors or out. They stand up to even the toughest conditions, keeping liquids in and the elements out.

You can find out more about how our range of **Spill Containment** helps you **comply with regulations** and which products are manufactured using **recycled content** — just look out for the icons in this section.

PAK792

PIG Collapse-A-Tainer Spill Containment Berms — Affordable drive-in containment sets up quickly anywhere you need it.

- Re-engineered to provide exceptional value whilst maintaining the **quality and performance** you expect from PIG Collapse-A-Tainers
- Durable, coated geomembrane **resists chemicals, abrasion and tearing**
- **Folds to a compact size** for easy handling and storage
- Ideal for use under storage tanks, tote tanks, pillow tanks, pallets loaded with drums and more; **can be stowed in a vehicle for containment in remote locations**
- **One-piece design** requires no additional parts or tools
- ◆ **Helps you comply** with all current UK Oil Storage Regulations — see page 235 for full details

Quick setup — just pull out one support and the entire wall takes shape.

PIG® Collapse-A-Tainer® Spill Containment Berms

Item #	1-2	3+
PAK793 • Sump dimensions: 305cm W x 305cm L x 30cm H Overall dimensions: 365cm W x 365cm L • Sump Capacity: 2,831L	£1252.00	£1189.40
★ PAK792 • Sump dimensions: 183cm W x 244cm L x 30cm H Overall dimensions: 244cm W x 305cm L • Sump Capacity: 1,359L	£826.00	£784.70
PAK791 • Sump dimensions: 122cm W x 183cm L x 30cm H Overall dimensions: 183cm W x 244cm L • Sump Capacity: 678L	£637.00	£605.15

NOTE: Not suitable for temperatures over 65°C/150°F.

Sides easily fold down to allow pallet jacks and forklifts to be driven into and out of containment.

Folds to a size that's easy to handle, carry and store.

PIG® Accessories for Collapse-A-Tainer Containment Berms — Extras can help extend product life.

These helpful accessories can enhance the life and durability of your Collapse-A-Tainer containment system. Maximise the service life of your system by giving it the care it deserves.

1 Track Belting on the floor of a Collapse-a-Tainer System offers heavy protection against lorry tyres. **Sold in 30cm length increments.**

2 Ground Mat is a thick protective underlayer; made of PVC-coated polyester for unpaved surfaces. **Sold in 30cm length increments.**

3 Ground Tarp provides extra puncture resistance on paved surfaces.

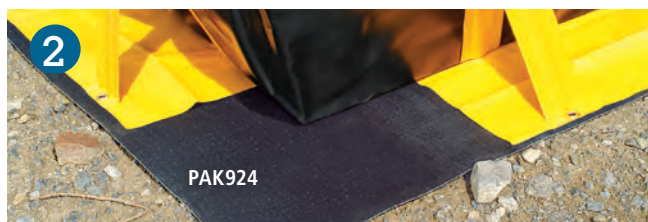

PIG® Accessories for Collapse-a-tainer® Containment Berms

Cost per 30cm length increment • Please specify total length when ordering

Item #	1-2	3+
PAK595 • Heavy-Duty Track Belting • 91.4cm W x 1.7mm H • Sold in 30cm lengths	£18.00	£17.10
PAK924 • Heavy-Duty Ground Liner • 183cm W x 1.7mm H • Sold in 30cm lengths	£23.50	£22.33
PAK594 • Ground Tarpaulin • 3.4m W x 3.4m L x 0.5mm H	£277.75	£263.86

NOTE: Minimum order length for a single piece of PAK595 and PAK924 is 180cm long, maximum length is 91m.

Pallet jacks roll right in for easy loading and unloading.

PIG® Collapse-A-Tainer IBC Containment Berm — IBC spill containment has never been easier.

- **Helps meet secondary containment regs** with a small footprint
- **Easy to set up and tear down**; lightweight and portable for on-the-go containment of IBCs at job sites
- **Sidewalls collapse completely flat** for fast and easy forklift access to your IBC
- **No assembly required**; collapsible sidewalls have attached skirt with outside aluminium-reinforced supports that help the walls stay rigid and upright
- One-piece design requires **no additional parts or tools**
- Constructed of a durable, coated geomembrane that **resists chemicals, abrasion and tearing**
- **Folds up flat** for easy storage and transport
- **Can be held in place** with sandbags or with stakes through attached grommets
- ◆ **Helps you comply** with all current UK Oil Storage Regulations — see page 235 for full details

PIG® Collapse-A-Tainer® IBC Containment Berm

Item #	1-2	3+
IBC300 • Sump dimensions: 122cm W x 183cm L x 58cm H Overall Floor Space Required: 188cm W x 246cm L • Sump Capacity: 1,476L	£622.25	£591.14

NOTE: Not suitable for temperatures over 65°C/150°F.

PIG® Collapse-a-tainer Lite Spill Containment Berms — Easy-to-handle containment for small jobs.

- Made of durable high-visibility yellow vinyl — **lightweight, easy to handle, chemical resistant**
- **No assembly required** — compact and easy to deploy; provides portable containment when space is limited
- **20cm sidewalls** — standard “step-over” height makes entrances and exits easy; ideal as a decontamination station
- **Folds easily** for carrying or storing
- ◆ **Helps you comply** with all current UK Oil Storage Regulations — see page 235 for full details

PAK721

Note: Not intended for larger vehicle traffic such as cars, vans or trucks

YOU CAN'T BUY A STRONGER PALLET OR DECK.

Containment products are your last line of defence against nasty liquids — so failure is not an option. That's why PIG makes the best pallets and decks you can buy.

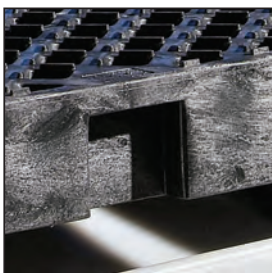

Extreme measures for extreme strength

We built the hulking machine shown on this page to push the limits of our decks and pallets. It can easily simulate your real-world applications, but that's just the beginning. We crank up the pressure — and keep it there for months — to ensure performance when it counts. So whatever you do to your PIG Pallets, we've torture-tested ours even more.

Don't waste your money on products that can't take the pressure. PIG Decks and Pallets are designed, tested and guaranteed not to fail.

Thickest grates on the market

Anti-slip structural grates on our heavy-duty pallets add incredible strength, provide enhanced foot traction.

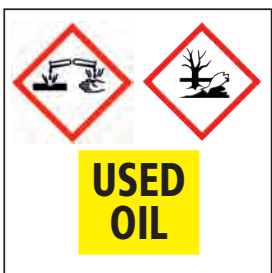

Lowest Loading Height

A low pallet height means less effort to load and unload drums safely on and off the drum pallet.

Proven chemical compatibility

Steel and poly pallets are compatible with every type of liquid you need to store, whether it's flammable or hazardous.

Fireproof painted steel

Our rugged steel pallets provide safe, ultra-duty storage for flammable liquids. They're tough, groundable for extra safety and painted for rust-resistant durability.

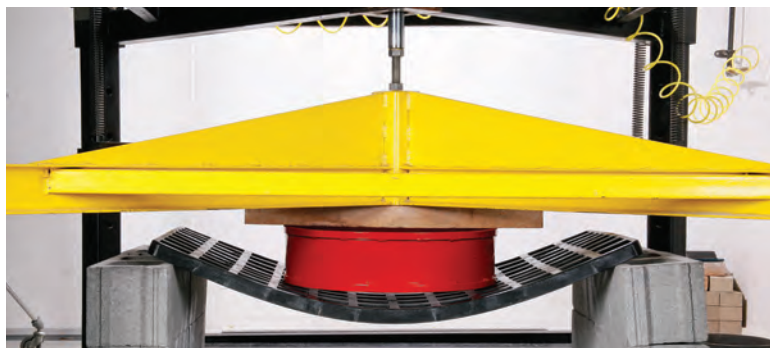

Designed
& Tested
PIG
TOUGH

PASS! PIG grates can take the pressure.

Our compression tester simulates long-term, full-capacity drum storage. PIG Decks and Pallets pass the test with flying colours.

FAIL! Other brands bend and bow.

Anything less than level is an accident waiting to happen. Why risk it? Play it safe with stronger grates from PIG.

NEED CONTAINMENT?

LET US HELP YOU CHOOSE THE RIGHT TYPE.

PALLET OR DECK?

PAK210
PIG Poly Spill Containment Pallet
See page 237

PAK531
PIG Poly Modular Spill Deck
See page 243

Pallets are best when:

- **You need full containment** for your drum storage area to meet regulations; Spill Pallets have larger sumps to accommodate the number of drums they're intended to be used with
- **You need to move your containment** with a forklift; most models can only be moved without drums, but our Heavy-Duty Pallets can be moved fully loaded (see page 239)
- **You don't have enough floor space** to build a modular drum storage system; pallets are taller, making them a better choice when you can't build outward

Decks are ideal when:

- **You need to store drums of non-hazardous liquids** in order to catch leaks and drips, but compliance is not required
- **You need to store smaller containers** of hazardous liquids in full containment to meet regulations; as long as the math works out, decks can help you meet regs, but not as efficiently as pallets (call us on 0800 919 900 for help if you're not sure).
- **You need easier access** to your drum tops or containers; decks are lower profile than pallets, keeping stored items closer at hand
- **You need to connect multiple units** with shared sumps

◆ HELPS YOU COMPLY

Anyone storing > 200l of oil must comply:

- ◆ **The Control of Pollution (Oil Storage) (England) 2001.**
- ◆ **The Water Environment (Oil Storage) (Scotland) Regulations 2006**
- ◆ **The Control of Pollution (Oil Storage) Regulations (Northern Ireland) 2010**
- ◆ **The Water Resources (Control of Pollution) (Oil Storage) (Wales) Regulations 2016**

You must follow the regulations for businesses if your oil container can hold more than 200 litres of oil and oil based liquids. They state that bunds or drip trays are required to prevent pollution, and bunds must have a 110% capacity of the largest container, or 25% of the total volume being stored, whichever is the greatest.

You might also need to consider:

- ◆ **The Control of Substances Hazardous to Health Regulations (COSHH) 2002** are designed to protect people from hazardous substances used at work.

When compliance is a must, put your trust in PIG. Look for the blue diamond.

◆ HSG 51 The Storage of Flammable Liquids in Containers

Provides guidance on the safe storage of flammable liquids establishes steps which can be taken to control the risks of fire and explosion.

- ◆ **The Dangerous Substances and Explosive Atmospheres Regulations 2002 (DSEAR)** places duties on employers to protect people from safety risks due to fires, explosions and similar events in the workplace. This includes any substances that could, if not properly controlled, harm people as a result of a fire or explosion. They include such things as solvents, paints, varnishes, flammable gases and LPG.

ISO14001 Compliance

ISO14001 is an international standard which specifies the requirements for an environmental management system (EMS) that an organisation can use to enhance its environmental performance.

Just look for the ISO14001 icon throughout this section to find PIG products that help.

PIG Essentials Poly Spill Containment Pallets — Affordable containment for everyday drum storage.

- 1-, 2- and 4-drum spill containment pallets
- Moulded-in sump catches leaks, drips and spills to help you comply with regulations and **keep your storage areas clean and safe**
- Polyethylene construction **resists UV rays, rust, corrosion and most chemicals**
- Lift out grate for **easy sump access and inspection**
- **2-way forklift entry for PAKE231 and 4-way forklift entry for PAKE232** allow easy movement from either direction (unloaded only)
- ◆ **Helps you comply** with all current UK Oil Storage Regulations — see page 235 for full details

BETTER THAN CLAY IN EVERY WAY

New Pig's loose absorbents are lighter,
more absorbent and clean-up better
than clay ever could.

SHOP FULL RANGE ON PAGES 40-42, 67 & 79.

Poly Modular Spill Decks — Build up to your required sump capacity with our connectable, sump-sharing decks.

Our 15cm High Modular Decks feature our patented bulkhead fittings with pre-drilled ports to easily connect deck sections. Each deck comes with everything you need to use it alone or connect it to other decks — cheaper than concrete containment walls.

- Patented **flow-through sump design** lets liquid pass from one sump to another; helps you meet containment regs
- Made of 100% polyethylene **treated with UV inhibitors**
- Built to last with thick grates set on moulded supports; **ideal for drums**
- **Special tools and hardware** to connect sections included
- **Mix and match the sections you need** to fit your space and help meet sump capacity requirements
- **Textured grating** adds traction and lifts out for easy sump access
- Low-profile 15cm high design is **easy to load or unload**; pumps and funnels are easy to access
- Translucent white sidewalls allow **easy visual inspection**
- **PAK524 contains 39% post-industrial recycled polyethylene**
- **PAK529 contains 43% post-industrial recycled polyethylene**
- **PAK531 contains 48% post-industrial recycled polyethylene**
- ◆ **Helps you comply** with all current UK Oil Storage Regulations when configured accordingly — see page 235 for full details

PAK524

Our patented bulkhead fittings let liquids from leaking drums flow from one connected deck to another.

PAK529

Removing the predrilled ports lets you connect deck sections, creating a larger storage or work area and increasing sump capacity.

PAK529

PAK524

PAK531

PIG® Poly Modular Spill Decks

Item #	1-2	3+
PAK524 • 1-Drum • 680kg load capacity • 42L sump capacity 66cm W x 66cm L x 15cm H	£153.25	£145.59
PAK529 • 2-Drum • 1,360kg load capacity • 83L sump capacity 66cm W x 132cm L x 15cm H	£256.00	£243.20
PAK531 • 4-Drum • 2,722kg load capacity • 167L sump capacity 132cm W x 132cm L x 15cm H	£391.50	£371.93

NOTE: If using this product with flammable liquids, please consider the regulations that apply to storage and handling of flammable liquids and the safety of this application, specifically flammable vapours, static discharge and heat sources. For further assistance, please call Technical Services.

UK Patent 2,300,847 and other Foreign Patents

DID YOU KNOW?

Uniform Distribution Load (UDL) refers to the amount of weight a product can handle over its entire surface. For example, a unit with a 2,722kg UDL capacity will not be able to support the weight of a 2,722kg tank on four legs. The weight needs to be evenly distributed over the entire surface.

Combine sections to create a custom containment area:

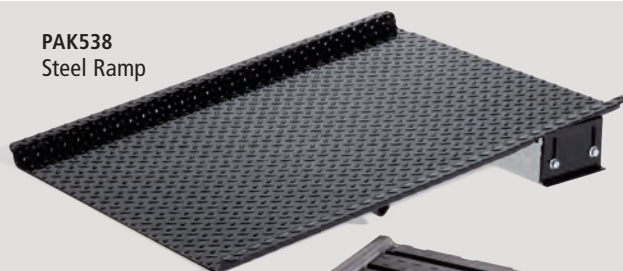

Configure to tight spaces easily.

Create a 6-drum deck that complies — with just 2 sections.

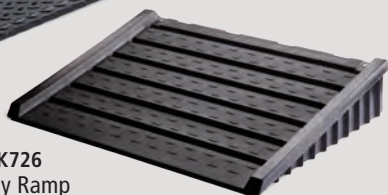

Create a linear storage area.

PAK538
Steel Ramp

PAK726
Poly Ramp

PIG® Loading Ramps — Add a ramp to make drum loading and unloading easier.

- A poly ramp (PAK726) is easy to handle and more economical
- A steel ramp (PAK538) has a heavier weight capacity

PIG® Poly Loading Ramp

Item #	1-2	3+
PAK726 • For 15cm high Decks • 272kg load capacity • 89cm W x 63cm L x 15cm H	£150.25	£142.74

PIG® Adjustable Steel Loading Ramp

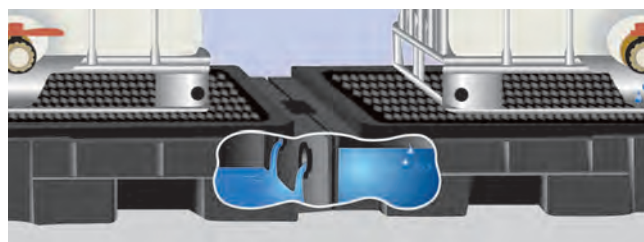

Item #	1-2	3+
PAK538 • For 11-15cm high Decks • 454kg load capacity • 75cm W x 97cm L	£399.00	£379.05

Three-IBC Pallet (PAKE131) includes three pallet sections and two expansion tanks. (IBCs not included).

PIG® Modular IBC Spill Pallets — Create a low-profile, expandable storage system.

- Expandable system allows you to add sump capacity with additional **Pallet sections** (PAK672) and **Expansion Tanks** (PAK116) as your storage needs change; pallet sections accommodate all 1,000-litre IBCs
- Provides capacity more economically than individual storage units; 5.7cm flow-through bulkhead fittings **let your pallets share sump capacity** (additional **Bulkhead Fittings** sold separately as PAK118)
- Easy-to-assemble systems include a specially designed **Tool Kit** (also sold separately as PAK117)
- **PAK672 contains 48% post-industrial recycled polyethylene**
- ◆ **Helps you comply** with all current UK Oil Storage Regulations — see page 235 for full details

Flow-through connections let system components share sump capacity to help you meet regulations.

Each system includes the pallets, expansion tanks and bulkhead fittings to create your IBC storage area.

NOTE: If using this product with flammable liquids, please consider the regulations that apply to storage and handling of flammable liquids and the safety of this application, specifically flammable vapours, static discharge and heat sources. For further assistance, please call Technical Services.

NOTE: Assembly required.

CHOOSING THE RIGHT IBC PALLET SYSTEM IS EASY.

Two-IBC pallet (PAKE130)

Includes: 2 pallets, 3 expansion tanks • Capacity: 1,306L
Provides secondary containment for two 1,000-litre IBC units.

Three-IBC pallet (PAKE131)

Includes: 3 pallets, 2 expansion tanks • Capacity: 1,344L
Provides secondary containment for three 1,000-litre IBC units.

Four-IBC pallet (PAKE132)

Includes: 4 pallets, 1 expansion tank • Capacity: 1,382L
Provides secondary containment for four 1,000-litre IBC units.

Five-IBC pallet (PAKE133)

Includes: 5 pallets • Capacity: 1,420L
Provides secondary containment for five 1,000-litre IBC units.

Anti-slip grate surface provides secure footing.

PAK736

2-way forklift entry for easy movement when not loaded.

Poly IBC Containment Units — Your heavy IBC is no problem for our 3,632kg capacity pallet.

- **Strong enough for long-term storage of IBCs**, this innovative design transfers weight to load bearing channels to maximise capacity
- Moulded-in sump catches leaks, drips and spills to **help you comply with regulations** and keep storage areas clean
- Low-density polyethylene (LDPE) construction **resists UV rays, rust, corrosion and most chemicals**
- Textured grating holds a variety of IBC sizes; lifts out for **easy access to sump**
- **Low profile** for easy access to and dispensing from IBC tanks
- **2-way forklift entry** for easy movement when not loaded
- Add a **PIG IBC Cover** (PAK753) for outdoor storage; keeps out rainwater whilst diverting leaks into sump
- **PAK735 contains 27% post-industrial recycled polyethylene**
- **PAK736 contains 26% post-industrial recycled polyethylene**
- ◆ **Helps you comply** with all current UK Oil Storage Regulations — see page 235 for full details

PAK753
Keep rainwater out of your sump with this affordable cover for outdoor storage.

PIG® Poly IBC Containment Units

PIG® Essentials Twin IBC Poly Pallet without Deck — Easy access to two IBC units whilst catching stray liquids from errant pouring or dispensing.

PAKE740

PAKE741

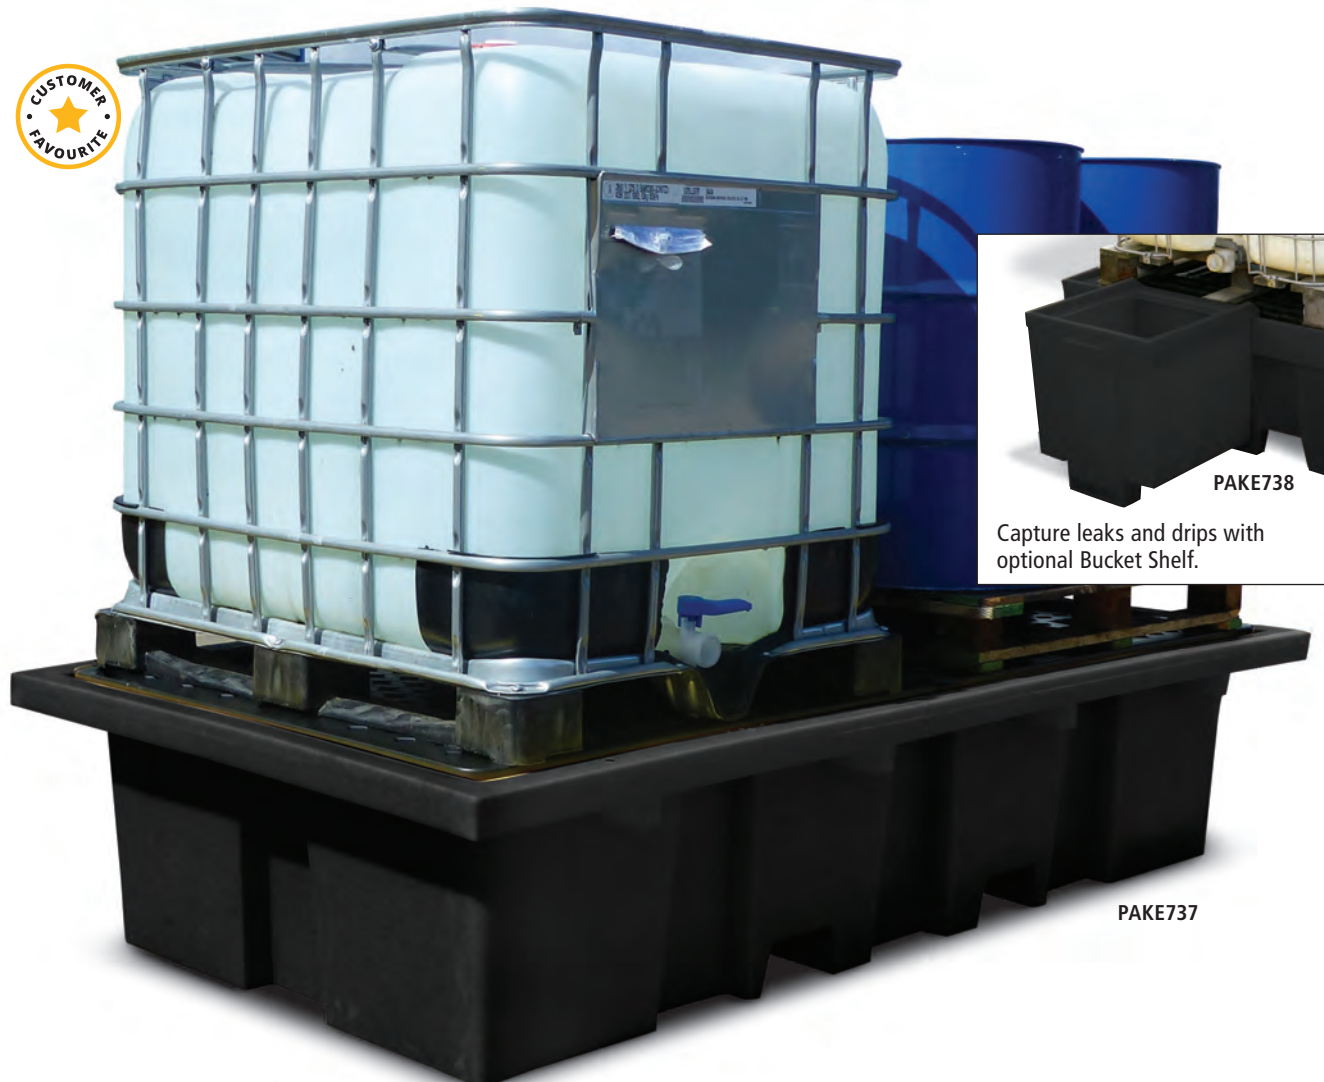

- Low-profile Twin IBC Pallet features a **52cm height for easier access and dispensing**
- **Open top with integrated support columns** provides easy sump access and inspection
- 2,800kg UDL weight capacity is **strong enough to support two fully-loaded IBCs**
- All-poly construction **resists chemicals, rust and corrosion**
- Moulded-in sump catches leaks, drips and spills to **help you comply with regulations** and keep storage areas clean and safe
- Add Dispensing Bucket (PAKE741) to **create a contained dispensing station**
- ◆ **Helps you comply** with all current UK Oil Storage Regulations — see page 235 for full details

PIG® Essentials Twin IBC Poly Pallet without Deck

Item #	1-2	3+
PAKE740 • 2800kg load capacity • 1150L sump capacity 234cm W x 136cm L x 52cm H	£775.00	£736.25
PAKE741 • Dispensing Bucket • 86L sump capacity • 52cm W x 53cm L x 53cm H	£125.00	£118.75

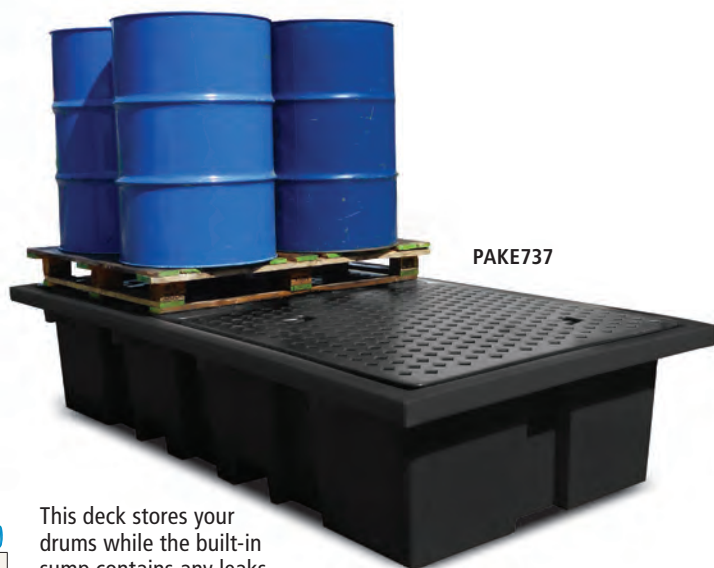

NOTE: If using this product with flammable liquids, please consider the regulations that apply to storage and handling of flammable liquids and the safety of this application, specifically flammable vapours, static discharge and heat sources. For further assistance, please call Technical Services.

NOTE: Remove all drums & containers from the pallet before moving.

pig Twin Poly IBC Containment Unit — Get easy access to two IBC units and catch stray liquids from errant pouring or dispensing.

- Low-profile deck surface provides **easy access for filling and dispensing**
- All-poly construction **resists chemicals, rust and corrosion**
- Full, flat-grate deck surface makes it **easy to position IBCs**
- **2,500kg UDL weight capacity** is strong enough to hold two fully-loaded IBCs
- **1,140-litre sump capacity** helps you comply with regulations
- **Bucket Shelf (PAKE738)** can be bulkheaded to main sump to drain away drips and splashes
- ◆ **Helps you comply** with all current UK Oil Storage Regulations — see page 235 for full details

This deck stores your drums while the built-in sump contains any leaks, spills or drips.

◀◀ **NEED AN IBC? SEE DRME300 ON PAGE 221**

PIG® Soft-Top 4-Drum Spill Pallet — Soft-top spill pallet provides all-weather protection and liquid containment for your drums.

- **Zipper doors on front and rear** allow easy access to drum tops while the rest of the unit stays closed; store drums with pumps or funnels in place
- **Low-profile pallet with sump** catches leaks, drips, and spills while keeping drum tops and accessories within reach
- **Weather-resistant design** prevents contaminants from entering stormwater
- **Heavy-duty construction** allows entire unit to be lifted by forklift with drums in place; loaded drums must be properly secured before moving
- 18 oz. vinyl-coated fabric with UV inhibitors **resists UV rays, rust, corrosion and most chemicals**
- **Hook and loop closures** on the doors and sidewalls allow doors to stay open when loading and unloading drums
- ◆ **Helps you comply** all current UK Oil Storage Regulations — see page 235 for full details

PIG® Soft-Top 4-Drum Spill Pallet

Item #	1-2	3+
PAK6000 • 4082kg load capacity • 284L sump capacity 159cm W x 159cm L x 251cm H	£1349.00	£1281.55
Contents • 1 Heavy-Duty 4-Drum Poly Spill Containment Pallet • 1 Soft-Top Spill Pallet Cover		

NOTE: If using this product with flammable liquids, please consider the regulations that apply to storage and handling of flammable liquids and the safety of this application, specifically flammable vapours, static discharge and heat sources. For further assistance, please call Technical Services.

PIG® Soft-Top IBC Spill Pallet — Load your IBC into this soft-top spill pallet for all-weather protection and liquid containment.

- **Provides protected storage and liquid containment** for IBC up to 1,249 litres
- **Zipper doors on front and rear** allow easy access to IBC while the rest of the unit stays closed; store IBC with pump or funnel in place
- **Containment pallet with sump** catches leaks, drips, and spills
- Weather-resistant design **prevents contaminants from entering stormwater**
- **Heavy-duty construction** allows entire unit to be lifted by forklift (unloaded only)
- 18 oz. vinyl-coated fabric with UV inhibitors **resists UV rays, rust, corrosion and most chemicals**
- **Hook and loop closures** on the doors and sidewalls allow doors to stay open when loading and unloading IBCs
- ◆ **Helps you comply** all current UK Oil Storage Regulations — see page 235 for full details

PIG® Soft-Top IBC Spill Pallet

Item #	1-2	3+
IBC6000 • 3632kg load capacity • 1363L sump capacity 159cm W x 159cm L x 251cm H	£1999.00	£1899.05
Contents • 1 Poly IBC Containment Unit • 1 Soft-Top Spill Pallet Cover		

NOTE: If using this product with flammable liquids, please consider the regulations that apply to storage and handling of flammable liquids and the safety of this application, specifically flammable vapours, static discharge and heat sources. For further assistance, please call Technical Services.

PIG® Single Drum Pallet Roll Top Hardcover — Protected storage and liquid containment for a frequently accessed drum.

- **Three-piece design** provides protected storage and liquid containment for a frequently accessed drum
- **Extra high and extra wide design** allows drum to be stored with a pump or funnel in place; heavy-duty bottom poly pallet captures leaks, drips and spills
- Heavy-duty bottom poly pallet is **ideal for capturing leaks, drips and spills**
- Weather-resistant design **prevents contaminants from entering storm water**
- Low-density polyethylene (LDPE) with UV inhibitors **resists UV rays, rust, corrosion and most chemicals**
- Contains **12% post-industrial recycled polyethylene**
- ◆ **Helps you comply** with all current UK Oil Storage Regulations — see page 235 for full details

PIG® Single Drum Pallet Roll Top Hardcover

Item #	1-2	3+
PAK150 • 1-Drum • 231L sump capacity 363kg load capacity • 102cm W x 102cm L x 203cm H	£859.00	£816.05

NOTE: If using this product with flammable liquids, please consider the regulations that apply to storage and handling of flammable liquids and the safety of this application, specifically flammable vapours, static discharge and heat sources. For further assistance, please call Technical Services.

Setup is simple. Just load a drum on the pallet, drop sleeve over drum and attach roll top hardcover.

Removable top lets you insert and replace drums.

PIG® Poly Loading Ramp — Make loading and unloading easier.

- **Lightweight polyethylene construction** is chemical-resistant and easy to position
- **Edge guards guide drum trucks** and help prevent them from rolling off the sides
- **Ribbed surface provides traction** for added safety
- Metal plate **secures ramp to pallet or deck** and provides a smooth transition for loading and unloading
- Compatible with Pallets: **PAK210** (Page 237), **PAK672** (Pages 239, 244) and **PAK213** (Page 239)
- Compatible with Roll Tops **PAK601** and **PAK901** (Page 251)

PIG® Poly Loading Ramp

Item #	1-2	3+
PAK734 • For 22cm to 25cm high pallets 317.5kg load capacity • 72cm W x 139cm L x 22cm H	£260.50	£247.48

PIG® Roll Top Hardcovers — Outdoor storage that helps you comply with environmental regulations.

PAK901

- Ergonomically designed roll top only goes down to waist height to **eliminate bending and stretching**
- Roll top slides up for **easy access to drum tops** whilst the rest of the unit stays closed; store drums with pumps or funnels in place
- **Low-profile pallet with sump** catches leaks, drips and spills whilst keeping drum tops and accessories within reach
- Heavy-duty construction allows hardcover and pallet to be lifted by a forklift **with drums in place**
- **PAK901 contains 17% post-industrial recycled polyethylene**
- **PAK601 contains 13% post-industrial recycled polyethylene**
- ◆ **Helps you comply** with all current UK Oil Storage Regulations — see page 235 for full details

Hardcover and pallet can be lifted by a forklift with drums in place. No need to unload them.

Ramp (PAK734) makes drum loading and unloading easier. See pages 237, 250.

PIG® Roll Top Hardcovers

Item #	1-2	3+
PAKE224 • 8-Drum or 2-IBC • 2500kg load capacity 1140L sump capacity • 256cm W x 135cm D x 221cm H	£2055.00	£1952.25
PAKE234 • 1-1000L IBC • 1500kg load capacity 1100L sump capacity • 135cm W x 176cm L x 241cm H	£1785.00	£1695.75

NOTE: If using this product with flammable liquids, please consider the regulations that apply to storage and handling of flammable liquids and the safety of this application, specifically flammable vapours, static discharge and heat sources. For further assistance, please call Technical Services

NOTE: Flat packed. Self-assembly required.

PIG Essentials 2- and 4-Drum Hard Top Containment Pallets — Roomy all-weather protection and liquid containment.

- **Rigid, double walled construction** is ideal for the storage of chemicals, drum dispensing and hazardous waste collection
- Tall headspace **easily accommodates drums with rotary pump equipment** and conical funnels still in place
- **Pallet sump catches leaks, drips and spills** while keeping drum tops and accessories within reach
- Weather-resistant design **prevents contaminants from entering stormwater** and protects the drums inside
- **PAKE223** has access to both sides (one side at a time) via two, tough, flexible and ribbed easy sliding shutters. **PAKE222** has access, via sliding shutter door, to one side only.
- **Supplied assembled** and ready to use immediately

- **4 recessed external side pockets** for bolting the unit to the ground (bolts not supplied)
- ◆ **Helps you comply** with all current UK Oil Storage Regulations — see page 235 for full details

PIG® Essentials 2- and 4 -Drum Hard Top Containment Pallets

Item #	1-2	3+
PAKE222 • 2-Drum • 650kg load capacity • 250L sump capacity 156cm W x 100cm D x 211cm H	£945.00	£897.75
★ PAKE223 • 4-Drum • 1250kg load capacity • 250L sump capacity 156cm W x 162cm D x 211cm H	£1225.00	£1163.75

NOTE: If using this product with flammable liquids, please consider the regulations that apply to storage and handling of flammable liquids and the safety of this application, specifically flammable vapours, static discharge and heat sources. For further assistance, please call Technical Services.

PIG Essentials IBC Hardtop Containment Pallet — Load your IBCs into a roomy Hardtop Containment Pallet for all-weather protection and liquid containment.

- Rigid, polyethylene construction is **ideal for the storage of chemicals and hazardous waste collection**
- **Ample head space** for IBCs fitted with mixers, funnels or pumps still in place
- **Integrated 2-litre platform spill tray plus 70cm-high pallet sump** catches leaks, drips and spills
- **Two large platform apertures** allow sump inspection to identify if there has been a spill without having to remove the platform
- **Integrated venting panels** allow air circulation through the unit; roof designed for quick rainwater run-off to the rear
- ◆ **Helps you comply** with all current UK Oil Storage Regulations — see page 235 for full details

PIG® Essentials IBC Hardtop Containment Pallet

Item #	1-2	3+
PAKE279 • 1 - 1000L IBC • 2500kg load capacity • 1260L sump capacity 177cm W x 226.5cm H x 177.5cm D	£2195.00	£2085.25

NOTE: If using this product with flammable liquids, please consider the regulations that apply to storage and handling of flammable liquids and the safety of this application, specifically flammable vapours, static discharge and heat sources. For further assistance, please call Technical Services.

NOTE: Remove all drums & containers from the pallet before moving.

NOTE: Flat packed. Self-assembly required.

Double swing doors with three-point locking mechanism (2 keys supplied) for secure storage.

NPL250

Lockable double doors keep drums extra secure.

GENE260

Vents encourage air circulation.

External Drum Store for 25L Drums — High capacity cabinet holds up to 48 25L drums on three levels.

- **Lockable** for added security
- Galvanised grid **flooring removes easily** for inspection and cleaning
- **Vents located on upper and lower half of cabinet** encourage air circulation within the cabinet
- Ideal storing flammables, chemicals and hazardous materials
- Per HSG 51, lightweight roof is designed to be the weakest point to maximise safety; **in case of fire or explosion, the blast will go upwards through the roof instead of blowing the doors or walls outwards**

◆ **Helps you comply** with all current UK Oil Storage Regulations and HSG 51 "The Storage of Flammable Liquids" — see page 235 for full details

External Drum Store for 25L Drums

Item #	Price
NPL250 • For (16) 25L drums • 250L sump capacity • 375kg load capacity 141cm W x 148cm H x 81cm D	Call for a Quote
GENE260 • For (48) 25L drums • 380L sump capacity • 1,500kg load capacity 80cm W x 250cm L x 240cm H	

NPL206

"T" latch lock system prevents unauthorised access.

Relocatable Stores can be moved with a suitable forklift, crane or hi-ab (by using boat slings and spreader bars).

General Purpose Safety Stores — Safely store flammables, chemicals and other hazardous materials.

- Fully welded, **2mm-thick steel construction** with banded base offers increased strength and durability over alternative riveted stores
- **Lightweight, galvanised roof** is pitched to prevent rainwater from puddling and collecting
- Per HSG 51, the roof is designed to be the weak point of the stores; **in the event of a fire or explosion, the blast will go upwards instead of outwards**
- **Removable galvanised grid flooring** for sump inspection and removal of collected liquids
- Fully opening **double doors are lockable** via a drop "T" latch lock (Two keys included)

◆ **Helps you comply** with all current UK Oil Storage Regulations and HSG 51 "The Storage of Flammable Liquids" — see page 235 for full details

CUSTOM SIZES ARE AVAILABLE

General Purpose Safety Stores

Item #	Price
NPL206 • 800L sump capacity • 3,375kg load capacity Ext. dim.: 210cm sq. x 240cm H • Shelf dim.: 50cm W x 200cm L	Call for a Quote
NPL207 • 1300L sump capacity • 5,545kg load capacity Ext. dim.: 250cm W x 290cm D x 240cm H • Shelf dim.: 60cm W x 270cm L	

NOTE: These units are not suitable for temperature-sensitive liquids such as low flash point flammables and paint.

GENE228

Dual-Purpose Storage Units — Secure steel storage units have capacity for both Drums and IBCs.

- **Large sump capacity** captures leaks, drips and spills from Drums or IBCs; helps prevent groundwater contamination
- Per HSG 51, lightweight roof is designed to be the weakest point to maximise safety; **in case of fire or explosion, the blast will go upwards instead of outwards**
- **Fully-welded, 2mm-thick steel construction** offers improved strength and durability over riveted units; ideal for flammable storage
- High- and low-level flame-arrested **vents increase air circulation and help prevent pressure buildup**
- **Chemical- and corrosion-resistant paint** also withstands harsh outdoor conditions
- **GENE229 and GENE230** have sliding doors/access from two sides
- ◆ **Helps you comply** all current UK Oil Storage Regulations and HSG 51 "The Storage of Flammable Liquids" — see page 235 for full details

Dual-Purpose Storage Units

GENE230 • 96 drums or 24 IBCs • Sliding doors on 2-sides • 6,000L sump capacity 36,000kg load capacity • 890cm W x 330cm D x 320cm H	

GENE228

Fixed cross member support beams on both the upper and lower storage levels.

Hazardous Substance Cabinets — Comply with the control of hazardous substances in all working environments.

- Enables the separate storage of hazardous substances as demanded by the **COSHH regulations**
- **"No snag" handles** with 2-point locking
- Spill-retaining, **galvanised shelf is adjustable** to accommodate various container sizes
- **Integral liquid-tight sump** in base of cabinet collects and controls leaks and spills
- **New regulation labels enclosed** allow the cabinet to be identified to suit regulations or liquids
- ◆ **Helps you comply** with HSG 51 "The Storage of Flammable Liquids", The Control of Substances Hazardous to Health Regulations (COSHH) 2002 and The Dangerous Substances and Explosive Atmospheres Regulations 2002 (DSEAR) — see page 235 for full details

Hazardous Substance Cabinets

Item #	Size	1-2	3+
CABB140	Capacity 3L • Single Door • 1 Adjustable shelf 35cm W x 70cm H x 30cm D	£259.00	£246.05
CABB141	Capacity 14L • Double Door • 1 Adjustable shelf 90cm W x 70cm H x 46cm D	£355.00	£337.25
CABB142	Capacity 7L • Single Door • 1 Adjustable shelf 46cm W x 90cm H x 46cm D	£305.00	£289.75
CABB143	Capacity 14L • Double Door • 1 Adjustable shelf 90cm W x 90cm H x 46cm D	£389.00	£369.55
CABB144	Capacity 14L • Double Door • 2 Adjustable shelves 90cm W x 120cm H x 46cm D	£489.00	£464.55
CABB145	Capacity 14L • Double Door • 3 Adjustable shelves 90cm W x 180cm H x 46cm D	£579.00	£550.05
CABB146	Capacity 18L • Double Door • 3 Adjustable shelves 120cm W x 180cm H x 46cm D	£679.00	£645.05

NOTE: 50 litres is the maximum volume of any flammable liquid with a flash point below 32°C that may be stored in a flame-resistant cabinet within a workshop, regardless of the total cabinet capacity.

PIG® Essentials Polyethylene Storage Cabinets — Store 1, 5 and 25 L containers in these robust cabinets.

- **Integral sump** contains any leaks and drips from containers
- Two internal, removable shelves for simple organisation of stored containers (**PAKE265** and **PAKE266** only, not **PAKE269**)
- **Lockable door** provides secure storage
- Made from polyethylene, it's **strong, durable, has good impact resistance, and is easy to clean**
- Suitable for storing **oil, chemicals, batteries** or **paint**

PIG® Essentials Polyethylene Storage Cabinets

Item #	1-2	3+
PAKE265 • 44cm W x 55cm D x 99cm H • 30L sump capacity	£265.00	£251.75
PAKE266 • 57cm W x 65cm D x 165cm H • 70L sump capacity	£435.00	£413.25
PAKE269 • 92cm W x 72cm D x 152cm H • 100L sump capacity	£595.00	£565.25

NOTE: If using this product with flammable liquids, please consider the regulations that apply to storage and handling of flammable liquids and the safety of this application, specifically flammable vapours, static discharge and heat sources. For further assistance, please call Technical Services.

PIG® Essentials Polyethylene Storage Cabinet — Store smaller containers in this robust polyethylene cabinet.

- Integral sump contains any leaks and drips from small containers — **sump is compliant with current oil storage regulations**
- Removable grid gives **easy access to sump** for inspection or cleaning
- **Lockable door** provides secure storage
- Internal, removable shelf for simple organisation of smaller stored containers
- Made from polyethylene, it's **strong, durable, has good impact resistance, and is easy to clean**
- Suitable for storing **oil, chemicals, batteries** or **paint**
- ◆ **Helps you comply** with all current UK Oil Storage Regulations — see page 235 for full details

PIG® Essentials Polyethylene Storage Cabinets

Item #	1-2	3+
PAKE268 • With Shelf • 92cm W x 72cm D x 184cm H • 225Ltrs sump capacity	£575.00	£546.25

NOTE: If using this product with flammable liquids, please consider the regulations that apply to storage and handling of flammable liquids and the safety of this application, specifically flammable vapours, static discharge and heat sources. For further assistance, please call Technical Services.

PIG® Essentials Mobile Poly Spill Tray — Perfect for transporting and storing up to four 25L drums of oil, acid, caustic or other liquid.

- Durable tray **contains liquid messes** from oily parts and leaky containers
- Ideal for **temporary storage of small containers** that may leak or drip liquids onto the floor
- Features **four castors (two lockable)** and **100cm high steel handle** for stability and easy movement
- Strong sidewalls **won't bend or warp**
- Lightweight, chemical-resistant poly **won't rust or corrode** and is easy to clean

PIG® Essentials Mobile Poly Spill Tray

Item #	Size	Sump capacity	1-2	3+
PAKE249	70cm W x 55cm L	100L	£293.00	£278.35

NOTE: If using this product with flammable liquids, please consider the regulations that apply to storage and handling of flammable liquids and the safety of this application, specifically flammable vapours, static discharge and heat sources. For further assistance, please call Technical Services.

PIG® Essentials Poly Spill Trays — Designed to store several small to medium containers of oils, acids, caustics or other liquids.

- Durable, one-piece tray **contains liquid messes** from oily parts and leaky containers
- Ideal for **temporary storage of small containers** that may leak or drip liquids onto the floor
- **Sidewalls won't bend or warp**; containers sit deep into the sump, minimising any potential splashes

PAKE287

PIG® Essentials Poly Spill Trays

Item #	Size	Sump capacity	1-2	3+
PAKE285	73cm W x 73cm L x 29.5cm H	110L	£99.00	£94.05
PAKE286	67cm W x 129cm L x 29.5cm H	230L	£149.00	£141.55
PAKE287	59cm W x 63cm L x 17cm H	45L	£52.50	£49.88

NOTE: If using this product with flammable liquids, please consider the regulations that apply to storage and handling of flammable liquids and the safety of this application, specifically flammable vapours, static discharge and heat sources. For further assistance, please call Technical Services.

PIG® Essentials Poly Spill Tray with Grate — Ideal for storing 25L drums of oil, acid, caustic or other liquid.

- Durable tray **contains liquid messes** from oily parts and leaky containers
- Ideal for **temporary storage of small containers** that may leak or drip liquids onto the floor
- **Removable platform elevates the drums** to keep away from any captured liquids
- Strong sidewalls **won't bend or warp**

PIG® Essentials Poly Spill Trays with Grate

Item #	Size	Sump capacity	1-2	3+
PAKE248	72cm W x 92cm L x 17.5cm H	100L	£155.00	£147.25

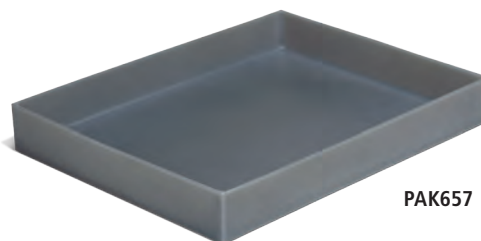

NOTE: If using this product with flammable liquids, please consider the regulations that apply to storage and handling of flammable liquids and the safety of this application, specifically flammable vapours, static discharge and heat sources. For further assistance, please call Technical Services.

Poly Utility Trays — Great for lining your benches and shelving.

PAK656

- Light-coloured, flat-bottom design **makes it easy to see screws, springs and other small parts**
- All-poly construction resists most chemicals; **will not rust or corrode**
- **Rotationally moulded spill tray** is ideal for applications that would compromise injected or thermoformed trays
- **Made from FDA-compliant resins** for containment of food and cosmetic products

PAK657

Poly Utility Trays

Item #	1-2	3+
PAK656 • 27cm W x 38cm L x 2.5cm H	£16.50	£15.68
PAK657 • 41cm W x 51cm L x 6.4cm H	£34.25	£32.54
PAK658 • 43cm W x 61cm L x 5.7cm H	£35.75	£33.96
PAK659 • 75cm W x 75cm L x 5cm H	£48.75	£46.31
PAK661 • 65cm W x 97cm L x 6.4cm H	£65.00	£61.75
PAK662 • 61cm W x 94cm L x 10cm H	£69.50	£66.03

NOTE: If using this product with flammable liquids, please consider the regulations that apply to storage and handling of flammable liquids and the safety of this application, specifically flammable vapours, static discharge and heat sources. For further assistance, please call Technical Services.

Fibreglass Chemical Trays — Catch drips and control messes with seamless trays.

PAK743

- Reinforced Thermoset composite fibreglass resists chemicals; **retains shape even with heavy loads**
- **Moulded edges range from 2.5cm–5cm** in height; safely contains minor spills or leaks from containers or oily parts
- Smooth corners, seamless design; trays **can be steam cleaned or sterilised for repeated use**

PAK742

Fibreglass Chemical Trays

Item #	1-2	3+
PAK739 • 27cm W x 34cm L x 1.8cm H • White	£24.50	£23.28
PAK741 • 41cm W x 56cm L x 1.8cm H • White	£35.50	£33.73
PAK742 • 36cm W x 46cm L x 1.8cm H • White	£29.00	£27.55
PAK743 • 45cm W x 65cm L x 1.8cm H • White	£44.00	£41.80

PIG® Utility Trays — Store batteries, leaky containers and more on this heavy-duty tray.

- Durable tray is great **for temporary storage of leaking parts or cores awaiting degreasing, repair or pick-up**
- **Saves valuable bench space** by allowing you to store large, heavy parts safely on floor
- Polyethylene tray **resists many chemicals**
- **Heavy-duty walls** add strength and prevent warping
- **Ribbed bottom** prevents batteries and containers from resting in spilled liquids
- **PAK112 is designed to fit on top of a pallet** for easy mobility with a forklift

PIG® Utility Trays

Item #	1-2	3+
PAK124 • 64cm W x 125cm L x 5cm H	£70.75	£67.21
PAK918 • 41cm W x 133cm L x 13cm H	£61.25	£58.19
PAK921 • 72cm W x 102cm L x 13cm H	£71.00	£67.45
PAK919 • 72cm W x 133cm L x 13cm H	£76.25	£72.44
PAK922 • 102cm W x 102cm L x 13cm H	£89.75	£85.26
PAK112 • 111cm W x 131cm L x 10cm H	£131.25	£124.69
PAK920 • 86cm W x 132cm L x 13cm H	£106.75	£101.41

NOTE: If using this product with flammable liquids, please consider the regulations that apply to storage and handling of flammable liquids and the safety of this application, specifically flammable vapours, static discharge and heat sources. For further assistance, please call Technical Services.

PIG® Utility Tray with Grate — Creates storage area for batteries or liquid containers.

- **Sump catches leaks and drips** from batteries, liquid containers and more
- **Grate elevates stored objects out of sump** and away from collected liquids to keep them cleaner
- **Heavy-duty walls and ribbed bottom** enhance overall strength
- Polyethylene tray **resists many chemicals**; will not rust or corrode
- Contains **55% post-industrial recycled polyethylene**

PIG® Utility Tray with Grate

Item #	1-2	3+
PAK123 • With grate • Sump Capacity 30L • 64cm W x 125cm L x 8cm H	£128.25	£121.84

NOTE: If using this product with flammable liquids, please consider the regulations that apply to storage and handling of flammable liquids and the safety of this application, specifically flammable vapours, static discharge and heat sources. For further assistance, please call Technical Services.

Grate lifts out for easy access to sump.

PAK1292

pig Collapsible Utility Trays — Fold for compact storage but deploy instantly.

- Collapsible trays **require less storage space**, so it's easy to keep them handy wherever needed to catch leaks and drips
- Easy-to-clean PVC trays are **perfect for small liquid transfers**, maintenance, fluid changing areas, and engine part degreasing and cleaning
- **Deploy quickly and easily** to catch unexpected leaks and drips
- **Rigid corner supports hold shape** when in use

PIG® Collapsible Utility Trays

Item #	1-2	3+
PAK1290 • 25L Capacity • 46cm W x 46cm L x 12cm H	£62.50	£59.38
PAK1291 • 70L Capacity • 76cm W x 76cm L x 12cm H	£97.50	£92.63
PAK1292 • 178L Capacity • 122cm W x 122cm L x 12cm H	£125.75	£119.46

PAKE710

Galvanised Steel Drip Tray and Mesh Cover — Handles leaks and drips of flammable liquids.

- **Galvanised 0.6mm steel construction** with beaded rims and leakproof folded corners provides a heavy-duty tray
- Removable mesh cover **keeps containers out of collected liquids**
- **PAKE710** has a base dimension of 31cm x 50cm
- **PAKE711** has a base dimension of 51cm x 62cm

Galvanised Steel Drip Tray with Mesh Cover

Item #	1-2	3+
PAKE710 • Capacity: 5L • Upper Dimensions mm: 540 L x 350 W x 50 D Base Dimensions mm: 500 L x 310 W	£28.00	£26.60

DRM369

pig Drum Spill Trays — Contain drips and spills from 210L drums.

- Lightweight polyethylene **won't corrode**
- **DRM369** holds 19 litres of liquid with a 210-litre drum in place
- **DRM371** keeps drums out of collected liquids; lift out grates for sump access; pour hole allows you to recapture collected liquids
- **DRM371 contains 40% post-industrial recycled polyethylene**

DRM371 with Grate

DRM787

DRM786

pig Mobile Spill Tray — Simple answer for drum storage and transport holds up to 227kg and includes 42-litre sump.

- Dolly holds **42-litres when empty and 19-litres with a 210-litres drum** in place
- Free-rolling castors and optional **Handle (DRM787)** make moving a drum easy
- Rugged polyethylene with **UV inhibitors for indoor and outdoor use**

TRIED & TRUSTED

More than 300,000 customers worldwide can't be wrong.

SHOP FROM A SELECTION OF UNIVERSAL
PIG ABSORBENT MATS ON PAGES 13-23 & 27-33.

PIG® Utility Pans — Lightweight pans have many uses throughout your workplace.

- Capture drips, temporarily contain greasy parts, organise a workbench and much more
- **Chemical-resistant polypropylene** can be used with a variety of workplace materials
- **Easy to clean** for re-use
- **Nestable** — occupies minimal space for shipping and storing
- Use alone or with PIG Small Pillows (**PIL204**, sold on page 39)

PIG® Utility Pans

Item #	1-2	3+
PAN404 • 12/box • 26cm W x 26cm L x 7.6cm H	£35.75	£33.96

PIG® Single Drum Container — Economical containment for a 210L drum.

- Low-density polyethylene construction **resists UV rays, rust, corrosion and most chemicals**
- Top collar lets you **easily move container with a forklift**
- **Translucent white sidewalls** allow easy visual inspection
- ◆ **Helps you comply** with all current UK Oil Storage Regulations — see page 235 for full details

PIG® Single Drum Container

Item #	1-2	3+
DRM373 • 83cm L x 83cm W x 69cm H 544 kg Load Capacity UDL 265 L Sump Capacity	£166.75	£158.41

NOTE: If using this product with flammable liquids, please consider the regulations that apply to storage and handling of flammable liquids and the safety of this application, specifically flammable vapours, static discharge and heat sources. For further assistance, please call Technical Services.

Oil Drain Pans — Collect drained fluids from multiple points with minimal mess.

- Large collection area and capacity allow you to **drain high volumes of fluids** from multiple sources; simplify maintenance and repairs by using a single pan
- Spout lets you **empty pan without drips or spills**; waste tanks stay clean
- **Moulded-in handles** makes carrying, pouring and storing easy
- **Chemical-resistant**; won't rust or corrode

Oil Drain Pans

Item #	1-2	3+
TLSE152 • 5-litre	£3.30	£3.14
TLSE153 • 12-litre	£11.95	£11.35
TLSE159 • 17-litre	£14.50	£13.78

Oil & Fluid Extractor Drainer — No need to get under vehicles or machines to drain oil.

- **Operates by manual pre-pressurisation**, this device extracts waste oils and fluids simply from dip stick openings, filler cap openings and other apertures
- Suitable for **use on vehicles, marine engines, plant and industrial machinery**; it can be used to extract waste oils, cutting fluids and low viscosity fluids such as water
- Comes with **three suction probes**: 6mm dia x 1140mm L, 9mm dia x 1160mm L; and 10mm dia x 1120mm L

Oil & Fluid Extractor Drainer

Item #	1-2	3+
PMPE128 • Use With Oil Based Liquids Maximum Viscosity 440 cSt, or SAE 50W Oil (@ 40°C)	£95.00	£90.25

PIG EXTRAS

Handy products for general maintenance & repair.

General maintenance is about so much more than just keeping machines running. It's also about keeping your premises and grounds clean and in good repair, and we have a unique selection of handy 'extras' that are a great addition to any toolbox or response kit.

Whether you're looking to make quick repairs using our one-of-a-kind **PIG Putty**, tackle pipe, drum, tank, or IBC leaks quickly with our temporary **PIG Patching Paste** and rupture seal solutions, or even tackle soil and water contamination with our **Liquid Remediact** products you'll find them all (and more) right here at New Pig.

Featured Products

Scoops

Non-sparking tool for safer clean-ups of volatile or flammable waste.

See page 266

Polythene Disposal Bags

Safe, temporary storage of hazardous or contaminated waste.

See page 266

Patching Paste

Ready to use paste instantly stops leaks for up to 2 hours even in cold temperatures.

See page 268

Liquid Remediact

Effective non-toxic microbial remediation that works on soil and water within 60 days.

See page 270

Nonsparking Tools — These tools make it safer to clean up flammable or volatile spill waste.

Shovel comes in two pieces for easy storage.

GEN305

- Made of **durable, corrosion-resistant** polypropylene for excellent chemical resistance
- **Hardwood-core handle** resists hundreds of pounds of pressure
- Shovel is in two pieces for **easy storage**
- Ideal for **use with flammable or volatile chemicals**

Nonsparking Tools

REACO PRODUCTS

Item #	1-2	3+
GEN305 • Shovel • 36cm W x 103cm L	£71.00	£67.45
TLS290 • Scoop • 15cm W x 23cm L x 9cm H	£7.00	£6.65

Foam Rubber Squeegees — Move spills from work areas.

- Straight Squeegee Head is **ideal for clearing liquids from wet work areas**; available in two widths (TLSE315, TLSE316)
- Double-bladed design **wipes floors clean and virtually streak-free**
- **Squeegee head**, with its durable steel fixing clamp, securely holds a squeegee handle (sold separately)
- Heavy-duty, vinyl-coated **Steel Handle** (TLSE317) lasts a lifetime; won't twist or break

Foam Rubber Squeegees

Item #	1-2	3+
TLSE316 • 76cm W	£20.50	£19.48
TLSE315 • 45cm W	£13.50	£12.83
TLSE317 • Handle • 137cm L x 22mm Dia.	£10.50	£9.98

Heavy Duty Barricade Tape — Control access to hazardous or dangerous areas for days.

- **Quickly restrict access** during spill response
- High-visibility barrier tape **warns traffic with a message that repeats along entire length**
- Heavy-duty, 3.5-mil-thick polyethylene tape **resists stretching or easy tearing for up to weeks at a time**
- **Word-printing is sharp and clear** for easier reading

Heavy Duty Caution Barricade Tape

Item #	1-2	3+
PLS3002 • Black on Yellow • "CAUTION DO NOT ENTER" • 8cm W x 305m L	£29.00	£27.55

Poly Disposal Bags — Temporarily store hazardous or contaminated waste safely.

- Durable polyethylene **resists punctures and chemicals**; bright yellow colour with black caution message alerts workers. Self-locking ties included
- **BAG201**, **BAG202** and **BAGE203** feature a thickness of 3 mil/75 microns
- **BAG111** is **twice as thick** at 6 mil/150 microns
- Choose standard **Poly Bags** (BAG201, BAG202 and BAG111) or **Regran Bags** (BAGE203)
- **BAG201** and **BAG202** contain **30% recycled polymer**
- **BAGE203** contains a **100% mixture of pre-and-post consumer recycled plastic**

BAGE203 • "Caution Handle with Care" 50/package • 76cm L x 46cm W		£36.25	£34.44

X-TREME TAPE™ — Military-grade tape seals out air and water permanently up to 204°C.

- Originally developed for military use, this tough **700 PSI tensile strength tape** is a great addition to any toolbox
- Contains no adhesive but **bonds to itself** when wrapped under tension
- Silicone construction **permanently seals out air or water**; thermally resistant tape remains flexible at -45°C to 204°C continuous and -62°C to 260°C intermittent temperatures

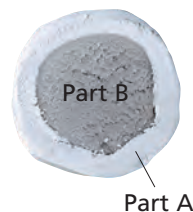

X-TREME TAPE™

Item #	Size	Units	1-2	3+
TLS527	2.5cm W x 11m L	1 roll	£27.50	£26.13

PIG Multi-Purpose Epoxy Putty — Top quality resins bond better and stay stronger so repairs last — we guarantee it.

- Customer-favourite PIG Epoxy Putty **sticks to almost anything and cures fast**
- Made with the highest-quality epoxy resins to bond better and stay stronger; **adheres to steel, glass, masonry and most plastics**
- **Convenient, premeasured epoxy** has Parts A and B in one tube ready for kneading
- **Sets in 20 minutes and cures concrete-hard in 1 hour** for drilling, tapping, sanding or painting
- Nontoxic, VOC- and solvent-free putty **can be used on potable water lines**
- **3- to 5-minute** working time

PIG® Multi-Purpose Epoxy Putty

Item #	1-2	3+
PTY291 • 18cm L • 12/box	£72.50	£68.88
★PTY292 • 18cm L • 6/box	£39.75	£37.76

NOTE: For Repair Purposes Only. Not intended for structural applications.

PIG Plug-N-Seal Patching Paste — Stop leaks now so you can fix them later, even in cold temps.

- **Temporarily stops leaks** from 2 minutes up to 2 hours — even in cold temperatures — until system can be drained or leak source contained
- Bentonite Glycol mix **provides excellent chemical resistance** for fuel leaks
- **Ready to use** without mixing
- **No surface preparation needed**; even works on dirt and rust

PIG® Plug-N-Seal® Patching Paste

Item #	1-2	3+
PTY220 • 454 gram container	£17.00	£16.15

PIG Instant Leak Plugs — Deploys in seconds for a temporary fix.

- **Seals in seconds** — no tools required; Can be used on rough, unclean or splintered surfaces
- Choose **PTY1100** for pipes; **PTY1101-1103** for drums, tanks and IBCs

PIG® Instant Leak Plugs

Item #	For	Size	Unit	1-2	3+
PTY1100	Pipes	Ext. Dia. 2.5cm x 2.5cm H	2/pack	£39.00	£37.05
PTY1101	Drums, Tanks, IBCs	Ext. Dia. 2.5cm x 2.5cm H	1/pack	£29.00	£27.55
PTY1102	Drums, Tanks, IBCs	Ext. Dia. 5cm x 5cm H	1/pack	£35.00	£33.25
PTY1103	Drums, Tanks, IBCs	15cm W x 5cm L	1/pack	£95.00	£90.25

Kibosh Rapid Pipe Repair — Clamp provides fast and effective fix for broken pipes.

- Fits in tight spaces, joist notches and around clipped pipes; can accommodate leaking pipe fittings
- Works on hot or cold pipes; suitable for copper, plastic, metal and multi-layered pipes
- Stops leaks immediately to limit water damage and disruption
- After installation, pipe can function normally, even under pressure up to 10Bar/150PSI, until a permanent repair is arranged
- Clamp is reusable; store in "open" position to preserve sealing gasket
- Easy to install — **no tools required**; open the clamp, place the housing (not attached to latch) behind pipe, slide it over the leak and clamp shut
- Ideal for plumbers, joiners, builders, electricians, carpet fitters, as well as maintenance, service, janitorial, DIY and more

Clamps stop leaks immediately to limit water damage and disruption.

Kibosh Rapid Pipe Repair Clamps for Pipes

Item #	Use With	1-2	3+
TLSE250	15mm metal, plastic, and multi-layer pipes	£14.50	£13.78
TLSE251	22mm metal, plastic, and multi-layer pipes	£15.95	£15.15

Kibosh Rapid Pipe & Leak Repair Kit

Item #	Use With	1-2	3+
TLSE255	15mm & 22mm metal, plastic, and multi-layer pipes	£39.50	£37.53

Contents • 1 - 15mm Pipe Repair Clamp • 1 - 22mm Pipe Repair Clamp • 2 PTFE Tape Rolls • 1 Instructions
1 Carry Case

[VISIT NEWPIG.CO.UK TO LEARN MORE](http://www.newpig.co.uk)

TLSE255
Kit comes with clamps, tape and carrying case.

Kibosh FastFreeze Clamps — The fast and efficient pipe freezing solution.

- Freeze spray is injected into the clamp to create an isolating ice plug within the pipe
- Contact foam inside the clamp cavity absorbs freeze spray (TLSE270) and allows it to slowly evaporate through the vent hole
- Uses less freeze gas than traditional foam sleeves to create and maintain an isolating ice plug
- Suitable for copper, steel, plastic, lead or iron pipes
- When clamps and spray are used together, they will freeze to -30°C, and will typically freeze a 15mm copper pipe in 3-5 minutes

Kibosh FastFreeze Clamps for Pipes

Item #	Use With	1-2	3+
TLSE260	15mm metal, plastic, and multi-layer pipes	£15.95	£15.15

Contents • 1 - 15mm FastFreeze Pipe Clamp • 2 - Contact Foam Pads • 4 - 8-10mm Pipe Reducers
1 - Fluid Insert Straw • 1 - Instructions

Item #	Use With	1-2	3+
TLSE261	22mm metal, plastic, and multi-layer pipes	£16.95	£16.10

Contents • 1 - 22mm FastFreeze Pipe Clamp • 2 Contact Foam Pads • 1 Fluid Insert Straw • 1 - Instructions

Kibosh FastFreeze Kit

Item #	Use With	1-2	3+

Kit comes with clamps, spray, foam pads, pipe reducers, straw and carrying case

BIOREMEDIATION: WHAT IS IT?

Bioremediation is the process of using micro-organisms to digest harmful contaminants and turn them into non-toxic compounds. Nature will heal itself, but it often takes a great amount of time. Using microbes helps speed up this process by concentrating the number of helpful micro-organisms within a given area.

What are oil-eating microbes?

Commonly known as "bio-bugs," these microscopic, single-celled organisms digest hydrocarbons and transform them into harmless carbon dioxide and water. Microbes are found naturally everywhere in the world and are collected from sources such as soil and water.

What are the advantages?

Bioremediation is a safe, natural process that produces no harmful by-products. Since it can be done on-site, it is often more cost effective than having soil or water hauled away for burning or other reclamation. It is also safer for workers, because no harmful chemicals are used in the process.

Is bioremediation safe?

Bioremediation is very safe because it uses the same microbes that already naturally occur in soil or water; this process simply adds more of these organisms to those already present. No dangerous chemicals are used in the process, and harmful contaminants are completely destroyed.

How long does it take?

Although they start to work immediately, bio-bugs, unlike humans, aren't in a big hurry. They do take some time to work. The time it takes for complete remediation depends on the types and amounts of contamination present, the size and depth of the polluted area, the type of environment and other conditions present. So, results will vary from site to site.

What happens to the microbes after the oil has been consumed?

Like any living creature, if there is no food source, bio-bugs will die out. When this happens, their final by-products are carbon, carbon dioxide and water.

Liquid Remediate — Soil and water contamination? This effective microbial remediation that works within 60 days.

- Solve soil and water contamination problems with one product and **economically dispose of potentially hazardous waste**; helps you comply with ISO 14001 and provides effective microbial remediation within 60 days
- **Oxidises and unadheres hydrocarbons from soil** to quickly tackle contamination
- **Highly concentrated**; dilute with water to treat over 50 tons of soil
- **Environmentally friendly micro-organisms** are obtained from natural and sustainable sources
- Solvent-free, pH-neutral product is **not toxic or hazardous**

Liquid Remediate™

Item #	1-2	3+
CLNE203 • 2 - 10-litre bottles	£645.00	£612.75

NOTE: Treated spillages should always be checked before discharge into the environment to ensure effective remediation has taken place.

FleetKleen Cleaner & Degreaser — Clean and degrease hard surfaces, parts and tools without harsh solvents.

- **Eats grease and oil** for economical disposal of potentially hazardous waste; helps you comply with ISO 14001 and **eliminates hydro-carbon pollution** and leaves surfaces slip free
- **Effective on workplace surfaces, tools and more**; even works on oily rags, allowing disposal with normal waste
- **Highly concentrated**; dilute with water 20:1 for heavy-duty tasks, 50:1 for routine maintenance or 75:1 for use in scrubber/dryer floor machines
- **Cleans and pulls oils out of concrete surfaces**; dilute with water 20:1 and allow to soak for at least 10 minutes before scrubbing

FleetKleen™ Cleaner & Degreaser

Item #	1-2	3+
CLNE200 • 2 - 10-litre bottles	£225.00	£213.75

NOTE: Treated spillages should always be checked before discharge into the environment to ensure effective remediation has taken place.

Terms and Conditions of Sale

TERMS & CONDITIONS OF SALE

New Pig advises the Buyer to read these Terms and Conditions carefully, prior to placing an order, and to save a copy for future reference. By ordering from New Pig the Buyer agrees to be bound by these Terms and Conditions (including terms and conditions referred to in them).

New Pig may amend or update these Terms and Conditions from time to time without notice to the Buyer to comply with law or otherwise as required by New Pig. Any updates or amendments will be posted on the Website at www.newpig.co.uk. The Buyer confirms that it is not dealing as a consumer (i.e. acting otherwise than in the course of business), and that any order it places shall be on a business-to-business basis. Anyone wishing to purchase Goods from New Pig as a consumer must contact New Pig for formal written approval in the first instance. New Pig will not supply Goods to any person under the age of 18, and can only deliver Goods to an address within the United Kingdom.

1. INTERPRETATION

In these Conditions:

(a) the following words have the following meanings:

The Buyer/you: the person, firm or company who purchases the Goods from New Pig;

New Pig/we/us/the Seller: New Pig Limited, a company incorporated in Scotland under the Companies Acts (Company Number SC141633), with its registered office at Hogs Hill, Watt Place, Hamilton International Technology Park, Blantyre, Glasgow, G72 0AH;

Contract: any contract between New Pig and the Buyer for the sale and purchase of the Goods, which contract shall incorporate these Conditions;

Delivery Point: the place where delivery of the Goods is to take place under condition 4;

Goods: any goods agreed in the Contract to be supplied to the Buyer by New Pig (including any part or parts of them);

(b) references to any statute or statutory provision shall, unless the context otherwise requires, be construed as a reference to that statute or statutory provision as from time to time amended, consolidated, modified, extended, re-enacted or replaced;

(c) references to one gender include the other genders and to the singular include the plural and vice versa as the context admits or requires; and

(d) headings are for reference only and will not affect the construction or interpretation of these Conditions.

2. APPLICATION OF TERMS

Subject to any variation permitted under this condition 2, the Contract will be on these Conditions to the exclusion of all other terms and conditions (including any terms or conditions which the Buyer purports to apply under any purchase order,

confirmation of order, specification or other document). The Buyer acknowledges that no representations have been made or relied upon other than those expressly set out herein.

No terms or conditions endorsed upon, delivered with or contained in the Buyer's purchase order, confirmation of order, specification or other document will form part of the Contract simply as a result of such document being referred to in the Contract.

These conditions apply to all New Pig's sales and any variation to these Conditions and any representations about the Goods shall have no effect unless expressly agreed in writing and signed by a director of New Pig.

Each order for Goods by the Buyer from New Pig shall be deemed to be an offer by the Buyer to purchase Goods subject to these Conditions and an order shall not be deemed to have been withdrawn unless New Pig acknowledges the withdrawal in writing and the Buyer shall be liable for all costs, expenses or other losses suffered by the Seller due to the withdrawal by the Buyer of any such order.

No order placed by the Buyer shall be deemed to be accepted by New Pig until a written acceptance of order is issued by New Pig or (if earlier) New Pig delivers the Goods to the Buyer (or allows the Buyer to uplift the Goods in the case of collection by the Buyer).

The Buyer must ensure that the terms of its order and any applicable specification are complete and accurate.

Any quotation is given on the basis that no contract will come into existence until New Pig despatches an acknowledgement of order to the Buyer. Any quotation is valid for a period of 60 days only from its date, provided that New Pig has not previously withdrawn it.

Any typographical, clerical or other error or omission in any sales literature, website, quotation, price list, acceptance of offer, invoice or other document or information issued by New Pig (whether in electronic format or otherwise) shall be subject to correction without any liability on New Pig's part.

3. DESCRIPTION

The description, packaging and specification of the Goods shall be as set out in New Pig's current website and catalogues and marketing material (whether in electronic format or otherwise), subject to any changes in design, specification or form from time to time introduced by New Pig in its discretion.

All drawings, descriptive matter, specifications and advertising issued by New Pig and any descriptions or illustrations are issued or published for the sole purpose of giving an approximate idea of the Goods described in them for guidance only, and will not form part of the Contract.

4. DELIVERY & COLLECTION

Unless otherwise agreed in writing by New Pig, delivery of the Goods shall take place at the Buyer's United Kingdom address as intimated in the Buyer's order for Goods (or at New Pig's premises in the case of Buyer collection).

New Pig will not be able to process orders or facilitate collection of Goods on UK Bank Holidays, Saturdays and Sundays. Saturday deliveries may be available upon request, subject to carrier restrictions and availability.

Any "non-stocked", "supplier delivered" or "special order" Goods, not held in stock by New Pig, will be highlighted to the Buyer at time of order. Where possible, part-delivery/collection will be arranged.

The Buyer will provide at its expense at the Delivery Point adequate and appropriate equipment and manual labour for unloading the Goods.

New Pig only delivers products to buyers in the United Kingdom, Channel Islands, Isle of Man and Scottish Islands and will not deliver to box numbers whether Post Office or British Forces Post Office.

Delivery shall normally be completed by one person (the driver) up to the vehicle tailgate only unless New Pig agrees otherwise in writing with the Customer). The Buyer is responsible for ensuring that adequate vehicular access is available to its desired Delivery Point. For the avoidance of doubt, delivery to the 'Delivery Address' means New Pig's carrier or driver will deliver only to the postal address provided there is a suitable road to the point where delivery is requested. If no such road exists, delivery shall be made to the nearest point at which, in the driver's opinion, the vehicle can safely and lawfully unload. New Pig's carrier is not obliged to deliver orders to a particular part of a property or location within the property at the Delivery Address.

Any dates specified by New Pig for delivery of the Goods are intended to be an estimate and time for delivery shall not be made of the essence by notice. If no dates are so specified, delivery will be within a reasonable time.

Delivery charges, timescales and restrictions vary depending on the type of Goods ordered, the service selected by the Buyer and the Delivery Address. Further information on New Pig's delivery charges and restrictions can be obtained by calling 0800 919 900 or visiting the website at www.newpig.co.uk.

Subject to the other provisions of these Conditions New Pig will not be liable for any direct, indirect or consequential loss (all three of which terms include, without limitation, loss of profits, loss of business, depletion of goodwill and like loss), costs, damages, charges or expenses caused directly or indirectly by any delay or default in the delivery of the Goods (even if caused by New Pig's negligence), nor will any delay entitle the Buyer to terminate or rescind the Contract unless such delay exceeds 180 days.

If for any reason the Buyer will not accept delivery, or New Pig is unable to deliver the Goods on time because the Buyer has not provided appropriate instructions, documents, licences or authorisations, New Pig may in its discretion deem:

(a) the Goods to have been delivered and all risk in the Goods will pass to the Buyer; or

(b) the Contract to have been repudiated by the Buyer in which case New Pig may recover from the Buyer New Pig's whole losses, costs and expenses related to the Contract.

New Pig reserves the right to deliver by way of instalments. Where the Goods are to be delivered in instalments, each delivery shall constitute a separate agreement and any failure to deliver any one or more of the instalments, in accordance with these Terms and Conditions, or any claim by the Buyer in respect of any one or more instalments shall not entitle it to treat any agreement as a whole as repudiated.

In the case of orders for collection by the Buyer, New Pig will contact the Buyer to confirm when the Goods are available for collection.

Goods may usually be collected by the Buyer between the hours of 08:45 until 17:30, Monday to Friday (excluding bank holidays) from New Pig's premises at Hogs Hill, Watt Place, Hamilton International Technology Park, Blantyre, Glasgow, G72 0AH.

It is the Buyer's responsibility to provide the appropriate vehicle to collect the Goods. If the Buyer is unable to complete the collection on the agreed date, then New Pig shall be entitled to place the Goods in storage until such times as collection or delivery may be effected and the Buyer shall be liable for any expense associated with such storage or delivery. Goods will be reserved for 10 working days from the date on which all stocked Goods subject to the Contract become available for collection. If the Buyer has not collected the Goods by the expiry of this period New Pig may at its discretion treat such order as cancelled.

5. NON-DELIVERY

The quantity of any consignment of Goods as recorded by New Pig upon despatch or collection (as the case may be) from New Pig's place of business shall be conclusive evidence of the quantity received by the Buyer on delivery unless the Buyer can provide evidence proving the contrary in terms satisfactory to New Pig.

New Pig shall not be liable for any non-delivery of Goods (even if caused by New Pig's negligence) unless written notice is given to New Pig within 7 days of the date when the Goods would, in the ordinary course of events, have been received.

Any liability of New Pig for non-delivery of the Goods shall be limited to replacing the Goods within a reasonable time or issuing a credit note at the pro rata Contract rate against any invoice raised for such Goods.

6. RISK & TITLE

6.1 The Goods are at the risk of the Buyer from the time of delivery (or collection). Ownership of the Goods shall not pass to the Buyer until New Pig has received in full (in cash or cleared funds) all sums due to it in respect of:

(a) the Goods (including VAT and applicable delivery charges); and

(b) all other sums which are or which become due to New Pig from the Buyer on any account. New Pig shall be entitled to recover payment for the Goods notwithstanding that ownership of any of the Goods has not yet passed from New Pig.

6.2 Until title in the Goods does pass to the Buyer then (without prejudice to the Buyer's right to resell the Goods in the ordinary course of business), the Buyer shall keep the Goods separate from its own Goods and the Goods of others and clearly marked or identified as being the property of New Pig and shall ensure that the Goods are kept safe, secure and insured.

For as long as the Goods have not been resold by the Buyer in the ordinary course of business and title in the Goods has not passed to the Buyer, New Pig may at any time retake possession of the Goods in such way as it thinks fit, including entering any premises of the Buyer where the Goods are to remove them. This right to retake possession shall apply whether or not the Buyer is or is deemed to be insolvent or otherwise.

7. PRICE

Unless otherwise agreed by New Pig in writing the price for the Goods shall be the price set out in New Pig's website, catalogue, price list or other marketing material current on the date of the order and such price is, up to that date, subject to alteration without notice although we will make every reasonable effort to maintain quoted prices.

The price for the Goods are in pounds sterling and are exclusive of any value added tax and all costs or charges in relation to loading, unloading, carriage and insurance all of which amounts if applicable the Buyer will pay in addition when it is due to pay for the Goods.

8. PAYMENT

Except where the Buyer wishes to pay using its credit account with New Pig, payment for all Goods shall be made by credit or debit card (Visa, MasterCard or American Express) at the time the order is placed. If it is not possible to obtain the full payment for the Goods from the details provided then the Contract shall be cancelled by New Pig and any further deliveries suspended.

By using a credit or debit card to pay for Goods, the Buyer confirms the card being used is theirs or that it is authorised to use it.

All credit and debit card holders are subject to validation checks and authorisation by the card issuer. If the issuer of the card refuses to authorise payment New Pig will not accept the Buyer's order, will not be obliged to inform the Buyer of the reason for refusal and will not be liable for the Goods not being supplied or delivered to the Buyer. New Pig are not responsible for the card issuer or bank charging the Buyer's card as a result of New Pig's processing of the Buyer's credit or debit card payment in accordance with its order.

New Pig recommends that Buyers do not communicate payment card details to anyone, including New Pig, via email or other electronic means. New Pig cannot be responsible for any losses the Buyer may incur in transmitting information to them by internet link or email. Any such loss, in its entirety, shall be the Buyer's responsibility.

The Buyer is responsible for all orders placed by its employees and for any purchases made on cards issued to them and New Pig are not bound by any individual order limit the Buyer may impose on its employees or representatives.

Applications for trade credit are subject to status and acceptance. In the event that an application is accepted the Buyer will be notified of the credit limit available to it. If the Buyer exceeds the stated credit limit New Pig shall be entitled to suspend performance of all its obligations hereunder without liability to the Buyer to the fullest extent permitted by relevant law.

If the Buyer holds a credit account with New Pig, unless otherwise agreed in writing, payment of the price for the Goods, value added tax and any other applicable costs, is due on the last working day of the month following the month in which the Goods are delivered, subject to approved credit terms, or deemed to be delivered, and all payments payable to New Pig under the Contract shall become due immediately upon termination of this Contract despite any other provision. Time for payment shall be of the essence, and no payment shall be deemed to have been received until New Pig has received cleared funds.

If the Buyer fails to pay New Pig any sum due pursuant to the Contract the Buyer will:

(i) be liable to pay interest to New Pig on such sum from the due date for payment at the annual rate of 2% above the base lending rate from time to time of the Bank of Scotland, accruing on a daily basis until payment is made, whether before or after any judgment;

(ii) forfeit any discount previously agreed by New Pig;

(iii) have its account suspended until payment has been received in full, meaning the Buyer will not be able to order any Goods from New Pig until it has settled its account in full; and

(iv) be liable for all costs relating to collection of the amount owed by the Buyer and not paid in time, including all judicial and extrajudicial costs and costs for legal assistance.

And New Pig shall be entitled to:

(i) require payment in advance of delivery in relation to any Goods not previously delivered;

Continued on next page

Terms and Conditions of Sale

- (ii) refuse to make delivery of any undelivered Goods whether ordered under the contract or not and without incurring any liability whatsoever to the Buyer for non-delivery or any delay in delivery; and
- (iii) terminate the contract.

New Pig reserves the right to require the Buyer to pay a deposit or make a full payment for any Goods ordered prior to delivery.

The format of invoices and statements to the Buyer will solely be dictated by New Pig.

Any liability of New Pig under the Contract shall be subject to and conditional upon the due performance and observance by the Buyer of all its obligations under these conditions, and subject to these conditions, the Buyer shall make all payments due under the Contract without any deduction whether by way of set-off, counterclaim, discount, abatement or otherwise unless the Buyer has a valid court order requiring an amount equal to such deduction to be paid by New Pig to the Buyer.

9. CANCELLATIONS & RETURNS Cancellations

9.1 Orders for Bespoke/Custom/Non-Standard Goods (meaning those Goods manufactured, imported or sourced to the Customer's specification or request) are specifically excluded from this condition and may not be cancelled.

9.2 Other orders may be cancelled by the Buyer at any time before they are dispatched by either:

- (a) Emailing pigpen@newpig.com; or by
- (b) Calling New Pig on 0800 919 900.

Returns

9.3 Orders for Bespoke/Custom/Non-Standard Goods (meaning those Goods manufactured, imported or sourced to the Customer's specification or request) are specifically excluded from this condition and may not be returned (unless they are faulty).

9.4 Prior to returning Goods the Buyer must contact New Pig, to request a 'Product Return/Credit Request Form', by either:

- (a) Emailing pigpen@newpig.com; or by
- (b) Calling New Pig on 0800 919 900.

100% Money-Back Guarantee - PIG Branded Products

9.5 If at any time following delivery, the Buyer is not satisfied with the PIG Branded Goods, the Buyer may notify New Pig to that effect. New Pig shall then:

- (a) uplift the unused portion of such Goods from the Buyer (provided the Buyer gives New Pig all reasonable assistance in doing so) and
- (b) on return to New Pig, refund to the Buyer the Price actually paid by the Buyer for such Goods. Where Goods that have been returned to New Pig are found to be contaminated in any way, New Pig shall be entitled to deduct from any such refund the costs of disposing of the contaminated Goods safely and in accordance with applicable laws. Where the cost of disposing of contaminated Goods exceeds the amount paid by the Buyer for them, the Buyer shall pay to New Pig upon demand the difference between the price paid for the Goods and the costs of such disposal.

9.6 New Pig warrants that (subject to the other provisions of these Conditions) upon delivery the Goods will be of satisfactory quality within the meaning of the Sale of Goods Act 1979 as amended. New Pig shall not be liable for a breach of the foregoing warranty unless:

- (a) the Buyer gives written notice of the defect to New Pig, and (if the defect is as a result of damage in transit) to the carrier, within 7 calendar days of the time when the Buyer discovers or ought to have discovered the defect; and
- (b) New Pig is given a reasonable opportunity after receiving the notice of examining such Goods and the Buyer (if asked to do so by New Pig) returns such Goods to New Pig's place of business for the examination to take place there. New Pig shall not be liable for a breach of the foregoing warranty if:
 - (i) the Buyer makes any further use of such Goods after giving such notice; or
 - (ii) the defect arises because the Buyer failed to follow New Pig's oral or written instructions as to the storage, installation, commissioning, use or maintenance of the Goods or (if there are none) good trade practice; or
 - (iii) the Buyer alters or repairs such Goods without the written consent of New Pig. If any of the Goods do not conform with the foregoing warranty, New Pig shall at its option repair or replace such Goods (or the defective part) or refund the price of such Goods at the pro rata Contract rate and on doing so shall have no further liability for any breach of warranty.

Returns Policy - Non-PIG Branded Products

9.7 The Buyer may return Goods for any reason within 20 working days from the date of delivery/collection provided the following conditions are satisfied:

- (a) Goods are returned in brand-new, unused condition are fit for immediate resale;
- (b) Packaged Goods are returned with original packaging intact and in reasonable, resalable condition; and
- (c) The Buyer supplies a completed 'Product Return/Credit Request Form'.

9.8 Where Goods are returned pursuant to clause 9.7 (where they are not faulty):

- (a) a restocking charge may apply; and

(b) the risk and cost of returning the Goods shall be the Buyer's.

9.9 New Pig will examine the returned Goods and process any refund due to the Buyer within 30 days of receipt. Any refund offered will include VAT (if applicable) and exclude all applicable carriage charges. Any refund offered will be by way of a credit to the Buyer's account.

9.10 Subject to the provisions of clause 9.6, if Goods do not comply with the warranty given at clause 9.6, New Pig shall, at its option, repair or replace the defective Goods, or refund the price of the defective Goods in full. The Buyer may be responsible for some or all of the costs of transporting the Goods to New Pig.

9.11 If New Pig so requests, the Buyer shall return any defective Goods to New Pig. Any Goods which have been replaced following such return will belong to New Pig.

10. THIRD-PARTY GUARANTEES & WARRANTIES

10.1 New Pig shall pass to the Buyer, to the extent it is able, any benefits obtainable under any warranty and/or guarantee given by New Pig's suppliers provided that ownership and title in the goods has passed to the Buyer. During the continuance of any such warranty and/or guarantee, New Pig undertakes, at its option, to replace or refund the purchase price of any Goods sold or supplied in the following circumstances only:

- (a) where the Goods do not correspond to any written identifying description applied to them; and/or
- (b) where the Goods prove to be unfit for a particular purpose which has been expressed in writing by New Pig; and/or
- (c) where the Goods prove to be defective and not fit for purpose.

10.2 New Pig's liability under this clause shall be accepted by the Buyer in lieu of any warranty or condition whether express or implied by law (except those warranties that may not be lawfully excluded by New Pig). Concerning New Pig's PIG Branded Products 100% Money-Back Guarantee, please refer to the special conditions available under clause 9.5.

11. LIMITATION OF LIABILITY

Subject to condition 9, the following provisions set out the entire financial liability of New Pig (including any liability for the acts or omissions of its employees, agents and subcontractors) to the Buyer in respect of:

- (a) any breach of these Conditions; and
- (b) any representation, statement or delictual act or omission including negligence arising under or in connection with the Contract. Although nothing in these Conditions excludes or limits the liability of New Pig for death or personal injury caused by New Pig's negligence fraud or fraudulent misrepresentation or for any other liability which cannot be limited or excluded under applicable law:
 - (i) New Pig's total liability in contract, delict (including negligence or breach of statutory duty), misrepresentation, restitution or otherwise, arising in connection with the performance or contemplated performance of this Contract shall be limited to the price paid by the Buyer under the Contract; and
 - (ii) New Pig shall not be liable to the Buyer for any indirect or consequential loss or damage (whether for loss of revenue or profit, interruption to or loss of business, depletion of good will or otherwise), costs, expenses or other claims for consequential compensation whatsoever (howsoever caused) which arise out of or in connection with the Contract.

All warranties, conditions and other terms implied by statute or common law (save for the conditions implied by section 12 of the Sale of Goods Act 1979) are, to the fullest extent permitted by law, excluded from the Contract.

Goods are intended for use in the UK only and New Pig cannot confirm the Goods comply with any laws, regulations or other standards applicable outside the UK. All Goods are sold in accordance with the manufacturer's specifications and are subject to any qualifications, representations or instructions contained in the documentation associated with the Goods.

12. ASSIGNATION & WAIVER

The parties to this Contract do not intend that any term of this Contract will be enforceable by any person that is not party to it. No third party shall be entitled to enforce any of these terms and conditions, whether by virtue of the Contracts (Rights of Third Parties) Act 1999 or otherwise.

The Buyer shall not be entitled to assign the Contract or any part of it without the prior written consent of New Pig. New Pig may assign the Contract or any part of it to any person at its discretion.

Failure or delay by New Pig in enforcing or partially enforcing any provision of the Contract will not be construed as a waiver of any of its rights under the Contract. Any waiver by New Pig of any breach of, or any default under, any provision of the Contract by the Buyer will not be deemed a waiver of any subsequent breach or default and will in no way affect the other terms of the Contract.

13. FORCE MAJEURE

New Pig reserves the right to defer the date of delivery or to cancel the Contract or reduce the volume of the Goods ordered by the Buyer (without liability to the Buyer) if it is prevented from or delayed in the carrying on of its business due to circumstances beyond the reasonable control of New Pig including, without limitation, acts of God, tempest, fire, explosion, flood, epidemic, natural disaster or accident, governmental actions, war or national emergency, acts of terrorism, protests, riot, civil commotion, lockouts, strikes or other labour disputes and industrial actions (whether or not relating to either party's workforce or that of a third party), or restraints or delays affecting carriers or inability or delay in obtaining supplies of adequate or suitable materials, labour, fuel, parts machinery or

Goods, import or export impositions or embargoes and/or failure of telecommunications networks, internet service providers or power failure.

If the force majeure in question continues for a continuous period in excess of 180 days, the Buyer shall be entitled to give notice in writing to New Pig to terminate the Contract.

14. PRIVACY & DATA PROTECTION STATEMENT

New Pig is committed to preserving the privacy of its customers and is registered under the Data Protection Act 2018 (as amended). New Pig will safeguard customer information in line with the requirements of the Act, as well as the GDPR, and as stated in New Pig's Privacy Policy A copy of New Pig's Privacy Policy can be requested by calling 0800 919 900 or visiting the Website at www.newpig.co.uk/privacypolicy. The Data Protection Act 2018 (as amended) gives the Buyer legal rights to see personal data New Pig holds about it and has the right to correct any inaccuracies. New Pig takes its responsibilities as data controllers very seriously, and if the Buyer wishes to exercise any of these rights, or if it has any queries in general about New Pig's approach to data protection and privacy, they may write to New Pig at: Data Protection, New Pig Limited, Hogs Hill, Watt Place, Hamilton International Technology Park, Blantyre, Glasgow, G72 0AH.

15. GENERAL

Severance

Each right or remedy of New Pig under the Contract is without prejudice to any other right or remedy of New Pig whether under the Contract or not. If any provision of the Contract is found by any court, tribunal or administrative body of competent jurisdiction to be wholly or partly illegal, invalid, void, voidable, unenforceable or unreasonable it shall to the extent of such illegality, invalidity, voidness, voidability, unenforceability or unreasonableness be deemed severable and the remaining provisions of the Contract and the remainder of such provision shall continue in full force and effect. The parties to this Contract do not intend that any term of this Contract will be enforceable by any person that is not a party to it.

Notices

Any notice to be given by either party to the other under the Contract shall be in writing to the address of the other party given in the Contract or to another address intimated to the other party in terms of this condition.

Notices will be deemed to have been duly given:

- (i) When delivered, if delivered by courier or other messenger (including registered mail) during the normal business hours of the recipient; or
- (ii) When sent, if transmitted by fax or email and a successful transmission report or return receipt is generated.

All notices under these Terms & Conditions must be addressed to the most recent address, email address or fax number notified to the other party.

Law and Jurisdiction

The formation, existence, construction, performance, validity and all aspects of the Contract shall be governed by Scottish law and the parties submit to the exclusive jurisdiction of the Scottish courts.

New Pig Grippy® Adhesive-Backed Mat Notice:

New Pig Adhesive-Backed Mats are formulated to work with most common hard-floor surfaces. New Pig Adhesive-Backed Mats are not intended for use on wood flooring with stains, finishes, or coatings. If using the Carpet Protection versions of our adhesive-backed mats, please be sure to use only on carpeted surfaces and never on uncarpeted, hard surfaces. New Pig Adhesive-Backed Mats have non-permeable barrier layers to prevent liquid pass-through and, as such, are considered to be non-breathable and may not be suitable for use on surfaces that require air curing, including, but not limited to, newly poured concrete or recently applied coatings, sealants, and finishes. All adhesive mats have some potential to leave residue or lift or discolour finish coatings, paint, and loose or pre-damaged tiles depending on the condition and age of the floors or other surfaces. For these reasons and others, if you have questions about the suitability of New Pig Adhesive-Backed Mats for your application, test a small section of mat in a discrete or non-critical area before using on larger areas. New Pig Adhesive-Backed Mats are designed for use for up to 3-6 months depending on conditions and traffic patterns. Regardless, New Pig Adhesive-Backed Mats should be replaced immediately if they show signs of wear or damage and should always be replaced no later than 6 months after installation.

CUSTOMER ASSUMES THE RISK THAT A NEW PIG ADHESIVE-BACKED MAT MAY DAMAGE OR ALTER CUSTOMER'S EXISTING FLOORING OR FLOOR COVERING. NEW PIG PROVIDES NO WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE AND NO WARRANTY THAT THE USE OF AN ADHESIVE-BACKED MAT WILL BE ACCEPTABLE FOR USE ON CUSTOMER'S FLOORING OR ANY OTHER SURFACE. NEW PIG SHALL HAVE NO RESPONSIBILITY FOR, AND CUSTOMER HEREBY RELEASES AND DISCHARGES NEW PIG FROM, ANY DIRECT, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES TO OR RELATED TO CUSTOMER'S FLOORS, FLOORING MATERIAL, OR ANY OTHER SURFACES IN CUSTOMER'S DWELLING OR FACILITY. CUSTOMER IS SOLELY RESPONSIBLE FOR DETERMINING THE FITNESS AND APPROPRIATENESS OF THE USE OF A NEW PIG ADHESIVE-BACKED MAT IN CUSTOMER'S DWELLING OR FACILITY.
